Summary

The formula to be used for the recomputation of the small business shares of the timber sale set-aside program has been modified to remove the harvest volume data from the recomputation of shares. The recomputation formula will now use only the amount of timber purchased. This change is reflected in the revised instructions given in Chapter 90 of the Forest Service Timber Sale Preparation Handbook (FSH 2409.18). No other substantive policy changes were made to this chapter of the handbook. Copies may be obtained from the Forest Service website at Directives under the Administration pull-down menu at the worldwide web at fs.fed.us or by contacting the person listed under the **FOR FURTHER INFORMATION CONTACT** section of this notice.

Regulatory Impact

This final policy has been reviewed under USDA procedures and Executive Order 12866 on Regulatory and Review. It has been determined that this is not a significant policy. This final policy will not have an annual effect of \$100 million or more on the economy nor adversely affect productivity, competition, jobs, the environment, public health or safety, nor State or local governments. This final policy will not interfere with an action taken or planned by another agency nor raise new legal or policy issues. Finally, this action will not alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients of such programs. Accordingly, this final policy is not subject to OMB review under Executive Order 12866.

Moreover, this final policy has been considered in light of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), and it has been determined that this action will not have a significant economic impact on a substantial number of small entities as defined by that Act. The agency received comments primarily from small businesses and complied with most of the suggestions made by those entities.

Environmental Impact

Section 31.1b of Forest Service Handbook 1909.15 (57 FR 43180;

September 18, 1992) excludes from documentation in an environmental assessment or impact statement "rules, regulations, or policies to establish Service-wide administrative procedures, program processes, or instructions." The agency's assessment is that this final policy falls within this category of actions and that no extraordinary circumstances exist which would require preparation of an environmental assessment or environmental impact statement.

Unfunded Mandates Reform

Pursuant to Title II of the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538), which the President signed into law on March 22, 1995, the Department has assessed the effects of this final policy on state, local, and tribal governments and the private sector. This final policy does not compel the expenditure of \$100 million or more by any State, local, or tribal governments, or anyone in the private sector. Therefore, a statement under section 202 of the Act is not required.

Controlling Paperwork Burdens on the Public

This final policy does not contain any record keeping or reporting requirements or other information collection requirements as defined in 5 CFR 1320 and, therefore, imposes no paperwork burden on the public. Accordingly, the review provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) and implementing regulations at 5 CFR 1320 do not apply.

Dated: June 22, 2000.

Chief.
