[Docket No. 98N-0046]

Annual Comprehensive List of Guidance Documents at the Food and Drug Administration**AGENCY:** Food and Drug Administration, HHS.**ACTION:** Notice.

SUMMARY: The Food and Drug Administration (FDA) is publishing an annual comprehensive list of all guidance documents currently in use at the agency. We committed to publishing this list in our February 1997 "Good Guidance Practices" (GGP's), which set forth our policies and procedures for developing, issuing, and using guidance documents. This list is intended to inform the public of the existence and availability of all our current guidance documents.

DATES: We welcome general comments on this list and on agency guidance documents at any time.

ADDRESSES: Submit written comments to the Dockets Management Branch (HFA-305), Food and Drug Administration, 5630 Fishers Lane, rm.

1061, Rockville, MD 20852. We have provided information on where to obtain a single copy of any of the guidance documents listed in the specific Center's list of guidance documents.

SUPPLEMENTARY INFORMATION:**I. Background**

In the **Federal Register** of February 27, 1997 (62 FR 8961), we announced our GGP's—our policies and procedures for developing, issuing, and using guidance documents. We adopted the GGP's to ensure your involvement in the development of guidance documents and to enhance your understanding of the availability, nature, and legal effect of such guidance.

As part of our effort to ensure meaningful interaction with the public regarding guidance documents, we committed to publish an annual comprehensive list of guidance documents and quarterly updates that list all guidance documents that were issued and withdrawn during that

quarter, including "Level 2" guidance documents.

A. Plain Language in Guidance Documents

On June 1, 1998, the President instructed all Federal agencies to ensure the use of "plain language" in all new documents. As part of this initiative, We use the principles of "plain language" set forth by the President when writing our guidance documents. We seek your comments on the clarity of our guidances.

B. How the List is Organized

The following comprehensive list of guidance documents represents all guidances currently in effect. This comprehensive list is maintained on the FDA Internet home page. We will update and publish this list in the **Federal Register** every year. We organized the guidance documents in this comprehensive list by the issuing Center or Office within FDA, and we further grouped them by the pertinent intended users or regulatory activities. The dates in the list refer to the date we issued the guidances or, where applicable, the last date we revised a document. We also provide document numbers when they are available.
