Radio Broadcasting Services; Elberton, Lavonia and Pendergrass, GA

AGENCY: Federal Communications Commission.

ACTION: Final rule.

SUMMARY: The Commission, at the request of Radio Elberton, Inc., reallots Channel 221A from Elberton, GA, to Lavonia, GA, as the community's first local aural service, and modifies Station WWRK-FM's license accordingly. Channel 221A can be allotted to Lavonia in compliance with the Commission's minimum distance separation requirements with a site restriction of 12.5 kilometers (7.8 miles) west, at coordinates 34-27-26 NL; 83-14-27 WL, to accommodate petitioner's desired transmitter site. This action found that the public interest was better served by the provision of a first local aural service for the more populous community of Lavonia than by the mutually exclusive proposal of Waves of Mercy Productions, Inc., to provide a first local aural service on noncommercial educational FM Channel 220A at Pendergrass, GA (BPED-1990630MB). See 64 FR 70672, December 17, 1999.

DATES: Effective August 28, 2000.

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****50 CFR Part 679**

[Docket No. 000211040-0040-01; I.D. 072000A]

Fisheries of the Exclusive Economic Zone Off Alaska; Pacific Ocean Perch in the Western Aleutian District of the Bering Sea and Aleutian Islands

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Closure.

SUMMARY: NMFS is prohibiting directed fishing for Pacific ocean perch in the Western Aleutian District of the Bering Sea and Aleutian Islands management area (BSAI). This action is necessary to prevent exceeding the 2000 total allowable catch (TAC) of Pacific ocean perch in this area.

DATES: Effective 1200 hrs, Alaska local time (A.l.t.), July 21, 2000, through 2400 hrs, A.l.t., December 31, 2000.

FOR FURTHER INFORMATION CONTACT: Mary Furuness, 907-586-7228.

SUPPLEMENTARY INFORMATION: NMFS manages the groundfish fishery in the

BSAI exclusive economic zone according to the Fishery Management Plan for the Groundfish Fishery of the Bering Sea and Aleutian Islands Area (FMP) prepared by the North Pacific Fishery Management Council under authority of the Magnuson-Stevens Fishery Conservation and Management Act. Regulations governing fishing by U.S. vessels in accordance with the FMP appear at subpart H of 50 CFR part 600 and 50 CFR part 679.

The 2000 TAC of Pacific ocean perch for the Western Aleutian District was established as 5,245 metric tons (mt) by the Final 2000 Harvest Specifications of Groundfish for the BSAI (65 FR 8282, February 18, 2000). See § 679.20(c)(3)(iii).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator), has determined that the 2000 TAC for

Pacific ocean perch in the Western Aleutian District will be reached. Therefore, the Regional Administrator is establishing a directed fishing allowance of 4,445 mt, and is setting aside the remaining 800 mt as bycatch to support other anticipated groundfish fisheries. In accordance with § 679.20(d)(1)(iii), the Regional Administrator finds that this directed fishing allowance has been reached. Consequently, NMFS is prohibiting directed fishing for Pacific ocean perch in the Western Aleutian District of the BSAI.

Maximum retainable bycatch amounts may be found in the regulations at § 679.20(e) and (f).

Classification

This action responds to the best available information recently obtained from the fishery. It must be

implemented immediately to prevent overharvesting the 2000 TAC of Pacific ocean perch for the Western Aleutian District of the BSAI. A delay in the effective date is impracticable and contrary to the public interest. Further delay would only result in overharvest. NMFS finds for good cause that the implementation of this action should not be delayed for 30 days. Accordingly, under 5 U.S.C. 553(d), a delay in the effective date is hereby waived.

This action is required by § 679.20 and is exempt from review under E.O. 12866.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 20, 2000.

Rebecca Lent,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
