

*Comment date:* August 11, 2000, in accordance with Standard Paragraph E at the end of this notice.

### 13. FirstEnergy Operating Companies

[Docket No. ER00-3239-000]

Take notice that on July 21, 2000, Cleveland Electric Illuminating Company, Ohio Edison Company, Pennsylvania Power Company and Toledo Edison Company (collectively, the FirstEnergy Operating Companies), tendered for filing a Generating Interconnection and Operating Agreement with Mid-Atlantic Energy Development Company (Mid-Atlantic) (the Interconnection Agreement).

The FirstEnergy Operating Companies state that Mid-Atlantic is installing three generating units with a total capacity of 390 MW at the site of the Richland peaking plant of Toledo Edison in Defiance, Ohio. The FirstEnergy Operating Companies further state that the Interconnection Agreement establishes the terms and conditions under which the generating units being installed by Mid-Atlantic will be permitted to interconnect and operate in parallel with the existing FirstEnergy Operating Companies' electric system.

The FirstEnergy Operating Companies are proposing to make the Interconnection Agreement effective as of July 22, 2000.

*Comment date:* August 11, 2000, in accordance with Standard Paragraph E at the end of this notice.

### Standard Paragraphs

E. Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions or protests should be filed on or before the comment date. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of these filings are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

**David P. Boergers,**  
Secretary.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

#### Notice of Scoping Meetings and Site Visits and Soliciting Scoping Comments

July 27, 2000.

Take notice that the Commission intends to hold scoping meetings for the following hydroelectric applications which have been filed with the Commission:

a. *Type of Applications:* Two Original Major Licenses.

b. *Project Nos.:* 10461-002 and 10462-002.

c. *Date filed:* May 31, 1990.

d. *Applicant:* Erie Boulevard Hydropower, L.P.

e. *Name of Project:* Parishville Project and Allens Falls Project.

f. *Location:* On the West Branch of the St. Regis River, near the village of Parishville, St. Lawrence County, New York. The projects would not utilize federal lands.

g. *Filed Pursuant to:* Federal Power Act, 16 USC § 791 (a)-825(r).

h. *Applicant Contact:* Mr. Jerry L. Sabattis, Erie Boulevard Hydropower, L.P., Suite 201, 225 Greenfield Parkway, Liverpool, NY 13088-6656, (315) 413-2700.

i. *FERC Contact:* Peter Leitzke, (202) 219-2803.

j. *Deadline for filing scoping comments:* September 18, 2000.

All documents (original and eight copies should be filed with: David P. Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426.

The Commission's Rules of Practice and Procedure require all intervenors filing documents with the Commission to serve a copy of that document on each person whose name appears on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. *Status of environmental analysis:* The applications are not ready for environmental analysis at this time..

l. *Description of Projects:*

*Parishville Project:* The project consists of the following existing facilities: (1) a dam composed of an earthen dike and various concrete structures; (2) an intake structure; (3) a penstock 2,561 feet long and six to 10 feet in diameter; (4) a powerhouse

housing a 2,400-kilowatt (kW) hydropower unit; (5) at tailrace 400 feet long; (6) a 4.8-kilovolt (kV) transmission line; and (7) appurtenant facilities.

*Allens Falls Project:* The project consists of the following existing facilities: (1) a concrete gravity type dam with flashboard two feet high; (2) an intake structure; (3) a pipeline 9,344 feet long and seven feet in diameter; (4) a differential surge tank; (5) a penstock 886 feet long and seven feet in diameter; (6) a powerhouse housing a 4,400-kW hydropower unit; (7) a tailrace 450 feet long; (8) a 115-kV transmission line; and (9) appurtenant facilities.

m. *Locations of the application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE, Room 2A, Washington, D.C. 20426, or by calling (202) 208-1371. The application may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). A copy is also available for inspection and reproduction at the address in item h above.

n. *Scoping Process.*

The Commission staff intends to prepare a Multiple Project Environmental Assessment (MPEA) for the Parishville Project (FERC No. 10461-002) and the Allens Falls Project (FERC No. 10462-002). The staff believes that combining both the projects into one environmental document would provide the best approach for analyzing potential cumulative environmental effects associated with both projects located relatively close to one another on the West Branch of the St. Regis River.

#### Scoping Meetings

The Commission will hold scoping meetings, one in the daytime and one in the evening, to identify the scope of issues to be addressed in the MPEA.

The evening scoping meeting is primarily for public input, while the daytime scoping meeting will focus on resource agency concerns. All interested individuals, organizations, and agencies are invited to attend one or both of the meetings, and to assist the staff in identifying the scope of the environmental issues that should be analyzed in the MPEA. The times and locations of these meetings are as follows:

#### Evening Meeting

*Date:* August 16, 2000

*Time:* 7 p.m.-10 p.m.

*Place:* Auditorium

Parishville-Hopkinton Central School  
12 County Route 47  
Parishville, NY 13762

*Daytime Meeting*

*Date:* August 17, 2000

*Time:* 9 a.m.–12:00 p.m.

*Place:* High School Library

Parishville-Hopkinton Central School  
12 County Route 47  
Parishville, NY 13762

To help focus discussions, we will distribute a Scoping Document (SD1) outlining the subject areas to be addressed in the MPEA to the parties on the Commission's mailing lists. Copies of the SD1 will also be available at the scoping meetings.

*Site Visits*

The Applicant and Commission staff will conduct a site to the projects on Wednesday, August 16, 2000, starting at 10 a.m. We will meet at the Parishville Project dam on Route 72 in Parishville. Those who wish to attend the site visit should contact Peter Leitzke of FERC at (202) 219–2803 or Jerry Sabattis of Erie Boulevard Hydropower, L.P., at (315) 413–2700 on or before August 11, 2000.

*Objectives*

At the scoping meetings, the staff will: (1) Summarize the environmental issues tentatively identified for analysis in the MPEA; (2) solicit from the meeting participants all available information, especially quantifiable data, on the resources at issue; (3) encourage statements from experts and the public on issues that should be analyzed in the MPEA, including viewpoints in opposition to, or in support of, the staff's preliminary views; (4) determine the resource issues to be addressed in the MPEA; (5) identify those issues that require a detailed analysis, as well as those issues that do not require a detailed analysis; and (6) identify how the projects contribute to cumulative impacts in each project area and the West Branch of the St. Regis River Basin.

*Procedures*

The meetings will be recorded by a stenographer and will become part of the formal record of the Commission's proceeding for these projects. Individuals presenting statements at the meetings will be asked to sign in before the meetings start and to identify themselves clearly for the record.

Individuals, organizations, and agencies with environmental expertise and concerns are encouraged to attend the meetings and to assist the staff in

defining and clarifying the issues to be addressed in this MPEA.

**David P. Boergers,**

**BILLING CODE 6717–01–M**

**DEPARTMENT OF ENERGY****Federal Energy Regulatory Commission****Notice of Application To Amend License, and Soliciting Comments, Motions To Intervene, and Protests**

July 27, 2000.

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection:

a. *Application Type:* Proposal to divert water released from Fairview Dam during concrete repairs.

b. *Project No.:* 2290–042.

c. *Date Filed:* June 27, 2000.

d. *Applicant:* Southern California Edison.

e. *Name of Project:* Kern River No. 3 Hydroelectric Project.

f. *Location:* The Project is located on the North Fork Kern River, Salmon and Corral Creeks in Tulare and Kern Counties, California. The project utilizes federal lands.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. § 791(a)–825(r).

h. *Applicant Contact:* Mr. Mike Cruz, Southern California Edison, 300 N. Lone Hill Avenue, San Dimas, CA 91773. Tel. (909) 394–8694.

i. *FERC Contact:* Any questions on this notice should be addressed to Mr. John K. Novak at (202) 219–2828 or by e-mail at [John.novak@ferc.fed.us](mailto:John.novak@ferc.fed.us).

j. *Deadline for filing comments and/or motions:* August 22, 2000.

Please include project number (P–2290–042) on any comments or motions filed.

All documents (original and eight copies) should be filed with: David P. Boergers, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

k. *Description of Filing:* Southern California Edison (Edison) filed plans and specifications for resurfacing the Fairview Dam to repair spalled concrete and seal the surface with a protective waterproof coating. In order to conduct this work in dry conditions, Edison will divert the minimum flow released from the dam to a point about 200 feet downstream of the dam. Edison proposes to start activities in late August 2000 and expects to take about 8–10 weeks. The Fairview dam is listed

on the National Register of Historic Places.

l. *Location of the Application:* A copy of the application is available for inspection and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426, or by calling (202) 208–1371. This filing may be viewed on <http://www.ferc.fed.us/online/rims.htm> [call (202) 208–2222 for assistance]. A copy is also available for inspection and reproduction at the address in item h above.

m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title “COMMENTS”, “RECOMMENDATIONS FOR TERMS AND CONDITIONS”, “PROTEST”, OR “MOTION TO INTERVENE”, as applicable, and the Project Number of the particular application to which the filing refers. Any of the above-named documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. A copy of any motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

Agency Comments—Federal, State, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an
