INTERNATIONAL TRADE COMMISSION

[Investigations Nos. 701-TA-401 (Final) and
731-TA-854 (Final)]

Certain Structural Steel Beams From Korea

Determinations

On the basis of the record ¹ developed in the subject investigations, the United States International Trade Commission determines, pursuant to sections 705(b) and 735(b) of the Tariff Act of 1930 (19 U.S.C. 1671d(b) and 1673d(b)) (the Act), that an industry in the United States is materially injured ² or threatened with material injury ³ by reason of imports from Korea of certain structural steel beams, provided for in subheadings 7216.32.00, 7216.33.00, 7216.50.00, 7216.61.00, 7216.69.00, 7216.91.00, 7216.99.00, 7228.70.30, and 7228.70.60 of the Harmonized Tariff Schedule of the United States, that have been found by the Department of Commerce to be subsidized by the Government of Korea

and sold in the United States at less than fair value (LTFV).

Background

The Commission instituted these investigations effective July 7, 1999, following receipt of petitions filed with the Commission and the Department of Commerce by Northwestern Steel & Wire Co., Sterling, IL; Nucor-Yamato Steel Co., Blytheville, AR; TXI-Chaparral Steel Co., Midlothian, TX; and The United Steelworkers of America AFL-CIO, Pittsburgh, PA. The final phase of the investigations was scheduled by the Commission following notification of a preliminary determination by the Department of Commerce that imports of certain structural steel beams from Korea were being sold in the United States at LTFV within the meaning of section 733(b) of the Act (19 U.S.C. 1673b(b)).⁴ Notice of the scheduling of the Commission's investigations and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of March 1, 2000 (65 FR 11092). The hearing was held in Washington, DC, on April 25, 2000, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission transmitted its determinations in these investigations to the Secretary of Commerce on August 4, 2000. The views of the Commission are contained in USITC Publication 3326 (August 2000), entitled Certain Structural Steel Beams from Korea: Investigations Nos. 701-TA-401 (Final) and 731-TA-854 (Final).

Issued: August 8, 2000.

By order of the Commission.

INTERNATIONAL TRADE COMMISSION

[Investigations Nos. 731-TA-470-472 and
671-673 (Review)]

Silicon Metal From Argentina, Brazil, and China and Silicomanganese From Brazil, China, and Ukraine

AGENCY: United States International
Trade Commission.

ACTION: Scheduling of full five-year reviews concerning the antidumping duty orders on silicon metal from Argentina, Brazil, and China; the antidumping duty orders on silicomanganese from Brazil and China; and the suspended investigation on silicomanganese from Brazil.

SUMMARY: The Commission hereby gives notice of the scheduling of full reviews pursuant to section 751(c)(5) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(5)) (the Act) to determine whether revocation of the antidumping duty orders on silicon metal from Argentina, Brazil, and China; the antidumping duty orders on silicomanganese from Brazil and China; and termination of the suspended investigation on silicomanganese from Ukraine would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. The Commission has determined to exercise its authority to extend the review period by up to 90 days pursuant to 19 U.S.C. 1675(c)(5)(B). For further information concerning the conduct of these reviews and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subparts A, D, E, and F (19 CFR part 207).

EFFECTIVE DATE: August 8, 2000.

FOR FURTHER INFORMATION CONTACT: Olympia DeRosa Hand (202-205-3182), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<http://www.usitc.gov>).

SUPPLEMENTARY INFORMATION:

¹ The record is defined in sec. 207.2(f) of the Commission's Rules of Practice and Procedure (19 CFR § 207.2(f)).

² Vice Chairman Deanna Tanner Okun, Commissioner Marcia A. Miller, and Commissioner Jennifer A. Hillman find that an industry in the United States is materially injured.

³ Chairman Stephen Koplan, Commissioner Lynn M. Bragg, and Commissioner Thelma J. Askey find that an industry in the United States is threatened with material injury. Further, Chairman Koplan and Commissioners Bragg and Askey determine, under sections 705(b)(4)(B) and 735(b)(4)(B) of the Act (19 U.S.C. 1671d(b)(4)(B) and 19 U.S.C. 1673d(b)(4)(B)), that they would not have made affirmative material injury determinations but for the suspension of liquidation.

⁴ Commerce made a preliminary negative determination regarding subsidies on subject imports from Korea. The Commission noted that in the event Commerce made an affirmative final determination regarding subsidies, the final phase of the Commission's countervailing duty investigation would be activated. Commerce's final determination regarding subsidized imports was affirmative, thus activating the final phase of the Commission's countervailing duty investigation.
