SUPPLEMENTARY INFORMATION:

I. Background

The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and Federal agencies with the opportunity to comment on proposed and continuing information-collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA-95) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, collection instruments are clearly understood, and OSHA's estimate of the information burden is correct. The Occupational Safety and Health Act of the 1970 (the Act) authorizes information collection by employers as necessary or appropriate for enforcement of the Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657).

The only information-collection requirement in the Aerial Lifts Standard is a certification provision, paragraph (a)(2). This provision requires an employer who modifies an aerial lift for uses not documented by the lift manufacturer to obtain from that manufacturer, or an equivalent entity (such as nationally-recognized laboratory), a written certificate stating that: The modification conforms to the applicable provisions of ANSI A92.2-1969 and the Aerial Lifts Standard; and the modified aerial lift is at least as safe as it was before modification.

II. Proposed Action

OSHA proposes to reduce the burden hours and extend the collection-of-information (paperwork) requirement in the Aerial Lifts Standard. Regarding the reduced paperwork requirement, the Agency decreased the estimated amount of time for maintaining and disclosing the certification record from 5 minutes to 3 minutes. After obtaining comments to this proposal, OSHA will summarize the comments and will include this summary in its request to OMB to extend the approval of the information-collection requirement in the Aerial Lifts Standard.

Type of Review: Extension of currently approved information-collection requirements.

Title: Aerial Lifts (29 CFR 1926.453(a)(2)).

OMB Number: 1218-0216.

Affected Public: Business or other for-profit; Federal Government; State, Local or Tribal governments.

Number of Respondents: 60.

Frequency: On occasion.

Average Time Per Response: 3 minutes.

Total Burden Hours: 3 hours.

National Advisory Committee on Occupational Safety and Health; Notice of Meeting

Notice is hereby given of the date and location of the next meeting of the National Advisory Committee on Occupational Safety and Health (NACOSH), established under section 7(a) of the Occupational Safety and Health Act of 1970 (29 U.S.C. 656) to advise the Secretary of Labor and the Secretary of Health and Human Services on matters relating to the administration of the Act. NACOSH will hold a meeting on September 13-14, 2000, in Room N 3437 A-C of the Department of Labor

Building located at 200 Constitution Avenue NW, Washington, DC. The meeting is open to the public and will begin at 9 a.m. lasting until approximately 4 p.m. each day.

At its last meeting, June 6, the committee decided to undertake a review of various aspects of training in relation to occupational safety and health. Subjects on the agenda for this meeting will include, in addition to overviews of current activities of the Occupational Safety and Health Administration (OSHA) and the National Institute for Occupational Safety and Health (NIOSH): the training of compliance safety and health officers, a description of OSHA's Training Institute and OSHA's training grant program, and a report from NIOSH on the status of its training activities and its Education Resource Centers (ERCs). There will also be a report on an October 1999 Training Conference, a discussion of NIOSH training research activities and a report from OSHA's task force on outreach activities.

Written data, views or comments for consideration by the committee may be submitted, preferably with 20 copies, to Joanne Goodell at the address provided below. Any such submissions received prior to the meeting will be provided to the members of the Committee and will be included in the record of the meeting. Because of the need to cover a wide variety of subjects in a short period of time, there is usually insufficient time on the agenda for members of the public to address the committee orally. However, any such requests will be considered by the Chair who will determine whether or not time permits. Any request to make an oral presentation should state the amount of time desired, the capacity in which the person would appear, and a brief outline of the content of the presentation. Individuals with disabilities who need special accommodations should contact Veneta Chatmon (phone: 202-693-1912; FAX: 202-693-1634) one week before the meeting.

An official record of the meeting will be available for public inspection in the OSHA Technical Data Center (TDC) located in Room N2625 of the Department of Labor Building (202-693-2350). For additional information contact: Joanne Goodell, Occupational Safety and Health Administration (OSHA); Room N-3641, 200 Constitution Avenue NW, Washington, DC 20210, (phone: 202-693-2400; FAX: 202-693-1641; e-mail joanne.goodell@osha.gov); or check the National Advisory Committee on Occupational Safety and Health

information pages located at

Signed at Washington, DC, this 9th day of
August, 2000.

THE NATIONAL FOUNDATION FOR THE ARTS AND HUMANITIES

Institute of Museum and Library Services; Agency Information Collection Activities: Proposed Collection; Comment Request

ACTION: Notice.

SUMMARY: The Institute of Museum and Library Services as part of its continuing effort to reduce paperwork and respondent burden, conducts a preclearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3508(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. Currently the Institute of Museum and Library Services is requesting comment

on a generic package of grant applications, guidelines, interim and final reports.

A copy of the proposed information collection request can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

Comments should be sent to Mamie Bittner, Director of Public and Legislative Affairs, 1100 Pennsylvania Ave., NW, Washington, DC 20506.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section below on or before September 13, 2000.

IMLS is particularly interested in comments which help the agency to:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used;
- Enhance the quality, utility and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

ADDRESSES: Send comments to: Mamie Bittner, Director of Legislative and Public Affairs, Institute of Museum and

Library Services, 1100 Pennsylvania Ave., NW, Room 510, Washington, DC 20506.
