

DEPARTMENT OF THE TREASURY**Community Development Financial Institutions Fund****12 CFR Part 1805****RIN 1505-AA71****Community Development Financial Institutions Program**

AGENCY: Community Development Financial Institutions Fund, Department of the Treasury.

ACTION: Revised interim rule with request for comment.

SUMMARY: The Department of the Treasury is issuing a revised interim rule implementing the Community Development Financial Institutions Program (CDFI Program) administered by the Community Development Financial Institutions Fund (Fund). The purpose of the CDFI Program is to promote economic revitalization and community development through investment in and assistance to Community Development Financial Institutions (CDFIs). Under the CDFI Program, the Fund provides financial and technical assistance in the form of grants, loans, equity investments and deposits to competitively selected CDFIs. The Fund provides such assistance to CDFIs to enhance their ability to make loans and investments, and to provide services for the benefit of designated investment areas, targeted populations, or both (target markets). In order for an organization to qualify as a CDFI, the organization must meet specific eligibility criteria. Two such criteria are that the organization shall have a primary mission of promoting community development and its total activities must be principally directed toward serving a target market. This revised interim rule makes three changes. First, it clarifies the primary mission eligibility test. Second, the revised interim rule provides that an organization can establish that its target market has either significant unmet needs for or lacks adequate access to loans or equity investments by demonstrating a lack of adequate access to financial services. Third, this revised interim rule reduces the burden for an organization to demonstrate that it serves a targeted population comprised of an identifiable group of individuals lacking access to loans, equity investments, or financial services. In order to facilitate implementation of the CDFI Program by participating CDFIs, the complete text of the regulations, as amended, is published by this revised interim rule.

DATES: Revised interim rule effective August 14, 2000.

Comments must be received in the offices of the Fund on or before October 13, 2000.

ADDRESSES: All comments concerning this interim rule should be addressed to the Deputy Director for Policy and Programs, Community Development Financial Institutions Fund, Department of the Treasury, 601 13th Street, NW., Suite 200 South, Washington, DC 20005. Comments may be inspected at the above address weekdays between 9:30 a.m. and 4:30 p.m. Other information regarding the Fund and its programs may be obtained through the Fund's web site at <http://www.treas.gov/cdfi>.

SUPPLEMENTARY INFORMATION:**I. Background**

The Community Development Financial Institutions Fund (Fund) was established as a wholly owned government corporation by the Community Development Banking and Financial Institutions Act of 1994 (the Act). Subsequent legislation placed the Fund within the Department of the Treasury and gave the Secretary of the Treasury all powers and rights of the Administrator of the Fund as set forth in the authorizing statute.

The Fund's programs are designed to facilitate the flow of lending and investment capital to distressed communities and to individuals who have been unable to take full advantage of the financial services industry. The initiative is an important step in rebuilding poverty-stricken and transitional communities and creating economic opportunity for people often left out of the economic mainstream.

Access to credit, investment capital, and financial services are essential ingredients for creating and retaining jobs, developing affordable housing, revitalizing neighborhoods, unleashing the economic potential of small businesses, and empowering people. Over the past several decades, community-based financial institutions have proven that strategic lending and investment activities tailored to the unique characteristics of underserved markets are highly effective in improving the economic well being of communities and the people who live in them.

The Fund was established to promote economic revitalization and community

development through, among other things, investment in and assistance to community development financial institutions (CDFIs), which specialize in serving underserved markets and the people who live there. CDFIs—while highly effective—are typically small in scale and often have difficulty raising the capital needed to meet the demands for their products and services. Under the CDFI Program, the Fund provides CDFIs with financial and technical assistance in the form of grants, loans, equity investments, and deposits in order to enhance their ability to make loans and investments, and provide services for the benefit of designated investment areas, targeted populations or both. Applicants participate in the CDFI Program through a competitive application and selection process in which the Fund makes funding decisions based on pre-established evaluation criteria. Program participants generally receive monies from the Fund only after being certified as a CDFI and entering into an assistance agreement with the Fund. These assistance agreements include performance goals, matching funds requirements and reporting requirements.

This issue of the **Federal Register** contains two separate Notices of Funds Availability (NOFAs) for the CDFI Program, one for the sixth round of the Core Component of the CDFI Program and another for the fifth round of the Intermediary Component of the CDFI Program. Under the Core Component, the Fund provides financial and technical assistance to CDFIs that directly serve their Target Markets through loans, investments and other activities, rather than primarily through the financing of other CDFIs. Under the Intermediary Component, the Fund provides financial and technical assistance to CDFIs that primarily provide assistance to other CDFIs and/or support the formation of CDFIs. In January 2001, the Fund expects to issue a NOFA for the first round of the Small and Emerging CDFI Assistance (SECA) Component, which will replace the Technical Assistance Component of the CDFI Program. Under the SECA Component, the Fund will provide small and emerging CDFIs with financial assistance and/or technical assistance.

On November 1, 1999, the Fund published in the **Federal Register** a revised interim rule (64 FR 59076) implementing the CDFI Program (the current rule). The deadline for the submission of comments was January 14, 2000.

II. Comments on the November 1, 1999 Interim Rule

By the close of the January 14, 2000 comment period, the Fund received comments on the November 1, 1999 interim rule from six organizations. The following includes a discussion of the significant and most heavily commented upon issues:

Financing Entity Eligibility Test

Section 1805.201(b)(2) of the current rule provides that in order for an organization to qualify as a CDFI, such organization shall be an entity whose predominant business activity is the provision, in arms-length transactions, of Financial Products, Development Services, and/or other similar financing. Three commenters were concerned that requiring an organization's predominant business activity to be a combination of Financial Products and Development Services would have a dilutive effect on the Financing entity eligibility test. The commenters expressed concern that the Fund's consideration of the combination of Development Services and Financial Products could result in the certification of organizations whose predominant business activity is the provision of technical assistance. One commenter also advised that the current rule is in direct violation of the Act.

The Fund shares the view that a CDFI should not pass the Financing entity eligibility test if its predominant business activity is the provision of technical assistance. However, the Fund disagrees that the current rule would have a dilutive effect that could result in the certification of organizations whose predominant business activity is the provision of technical assistance. Specifically, § 1805.104(q) of the current rule defines Development Services as activities that are integral to the provision of Financial Products in that such services must prepare or assist an organization's borrowers or investees to utilize its Financial Products. As a result, in order for an organization that provides Development Services to meet the Financing entity eligibility test, it must provide such services in conjunction with, and in support of, its Financial Products. The current rule also is wholly consistent with the Act, which expressly provides that a CDFI "means a person (other than an individual) that—provides development services in conjunction with equity investments or loans, directly or through a subsidiary or affiliate * * *

See 12 U.S.C. 4702(5)(A)(iii). Congress thus clearly contemplated that the Fund combine Financial Products and Development Services without any fixed

percentage threshold. As a result, § 1805.201(b)(2) remains substantively unchanged.

Four commenters also suggested that the Fund include the provision of Financial Services in determining whether an organization meets the Financing entity eligibility test. The commenters noted that for community development credit unions and community development banks, the provision of Financial Services is the primary way in which they serve their Target Markets. The Fund agrees with the commenters' point that provision of Financial Services should be considered when evaluating whether a regulated financial institution meets the Financing entity eligibility test, and believes that the current rule effectively accomplishes the commenters' objectives. Specifically, §§ 1805.201(b)(2)(i)(B) and (C) provide, respectively, that community development credit unions and community development banks automatically meet the Financing entity eligibility test by virtue of their status as insured depository institutions and insured credit unions.

Section 1805.201(b)(2)(ii)(C) requires organizations to submit a copy of their most recent year-end financial statements documenting their assets dedicated to Financial Products, Development Services and/or other similar financing. One commenter suggested that the Fund require three years of year-end financial statements instead of one. In an effort to minimize reporting burdens on Applicants, the Fund intends to continue to request only the most recent year-end financial statements for the purpose of reviewing an Applicant's assets dedicated to Financial Products, Development Services, and/or other similar financing activities. Thus, § 1805.201(b)(2)(ii)(C) remains substantively unchanged. However, in the preamble to the current rule, the Fund expressly reserved its right, consistent with § 1805.600 of the current rule, to require the submission of additional years of year-end financial statements if the Fund deems it appropriate.

Section 1805.201(b)(2)(ii)(C) also requires organizations to submit information on the percentage of staff time dedicated to the provision of Financial Products, Development Services, and/or other similar financing. One commenter suggested that this level of information was insufficient for purposes of accurately reflecting the qualifications of an organization as a CDFI. The commenter suggested that the Fund consider additional factors such as the business plan and alternative

sources of committed capital/investment. While the Fund believes that considering the additional factors suggested by the commenter is appropriate as a part of the qualitative evaluation of an organization's application for assistance pursuant to § 1805.701(b), the Fund believes that such factors need not be considered for purposes of determining whether an organization meets the Financing entity eligibility test. As a result, § 1805.201(b)(2)(ii)(C) remains substantively unchanged.

Primary Mission Eligibility Test

Section 1805.201(b)(1) provides that in order for an organization to qualify as a CDFI, such organization's and its Affiliates' primary mission, when viewed collectively (as a whole), must be purposefully directed toward improving the social and/or economic conditions of underserved people and/or residents of distressed communities. Three commenters expressed concern that an organization that does not individually meet the Primary Mission eligibility test could meet such test based on it being an Affiliate of a larger organization, which individually meets such test. The commenters were concerned that if the Primary Mission eligibility test were to be applied this way, the end result would be a dilution of such test. The Fund recognizes the merits of these comments, and has revised the regulation accordingly. Section 1805.201(b)(1) of the revised interim rule provides that the Fund will consider whether the activities of the Applicant individually and the Applicant and its Affiliates, when viewed collectively (as a whole), are purposefully directed toward improving the social and/or economic conditions of underserved people (which may include Low-Income persons and persons who lack adequate access to capital and/or Financial Services) and/or residents of distressed communities (which may include Investment Areas).

Definition of Equity Investment

Section 1805.104(r) of the current rule provides that Equity Investments comprise a stock purchase, a purchase of a partnership interest, a purchase of a limited liability company membership interest, a loan made on such terms that it has sufficient characteristics of equity, or any other investment deemed to be an Equity Investment by the Fund. In the preamble to the current rule, the Fund stated that it considers Equity Investments also to include secondary capital accounts established with low-income designated credit unions. One commenter supported the inclusion of

secondary capital accounts within the meaning of Equity Investment, and encouraged the Fund to consider alternative sources of capital for credit unions as falling within the meaning of Equity Investment. The Fund agrees with the comment and will consider, on a case-by-case basis, under § 1805.104(q), whether other sources of capital for credit unions qualify as Equity Investments.

Investment Area Eligibility

Section 1805.201(b)(3)(ii)(A)(2) of the current rule provides that in order for a geographic area to qualify as an Investment Area, generally it must have, among other things, significant unmet needs for loans or Equity Investments. Two commenters suggested that in addition to loans or Equity Investments, the Fund also should consider whether a geographic area has significant unmet needs for Financial Services. The Fund shares the view that access to Financial Services is critical to underserved communities and, in addition, believes that a lack of access to Financial Services is indicative of, or a proxy for, a lack of access to loans and Equity Investments. Moreover, the Fund believes that utilizing a lack of adequate access to Financial Services, as a proxy for lack of adequate access to loans or Equity Investments is consistent with Congressional intent. Specifically, the Conference Report underlying the Act expressly provides that the Fund is required to develop objective criteria for determining unmet needs for loans and Equity Investments. Thus, § 1805.201(b)(3)(ii)(A)(2) has been modified in the manner suggested by the two commenters.

Targeted Population Eligibility

Section 1805.201(b)(3)(iii) of the current rule provides that a Targeted Population shall mean individuals, or an identifiable group of individuals, who are Low-Income people or lack adequate access to loans or Equity Investments in an organization's service area. One commenter suggested that a Targeted Population also should include individuals or an identifiable group of individuals who lack adequate access to Financial Services. The Fund shares the commenter's view that access to Financial Services is critical to underserved populations, and, in addition, believes that a lack of access to Financial Services is indicative of, or a proxy for, a lack of access to loans and Equity Investments. Moreover, the Fund believes that utilizing a lack of adequate access to Financial Services, as a proxy for lack of access to loans or Equity Investments is consistent with

Congressional intent. Specifically, the Conference Report underlying the Act expressly provides that in determining which groups or individuals qualify as a Targeted Population, the Fund should focus on Low-Income persons and those who are otherwise underserved by financial institutions (including those historically denied access to Financial Services based on their race, gender, ethnicity or national origin). Thus, § 1805.201(b)(3)(iii) has been modified in the manner suggested by the commenter.

Target Market Eligibility Test

Section 1805.201(b)(3) of the current rule provides that in order for an organization to meet the Target Market eligibility test, such organization must demonstrate that its total activities are principally directed to serving an Investment Area(s), Targeted Population(s) or both. One commenter suggested that the Fund deem insured credit unions that have received a low-income designation from the National Credit Union Administration (NCUA) to have met the Target Market eligibility test. While the Fund utilizes NCUA's low-income designation as an indicator that such designated credit unions have a primary mission of community development, the Fund must reject this comment because NCUA's low-income designation criteria are not wholly consistent with the Target Market criteria of the Fund. For example, in order to receive a low-income designation from NCUA, the credit union must predominantly serve (*i.e.*, more than 50 percent) low-income members; whereas, in order for the same credit union to meet the Fund's Target Market eligibility test, 60 percent of the credit union's activities must be directed to serving low-income members. In addition, NCUA includes in its definition of low-income credit union members, individuals who are full or part-time students. Accordingly, if an insured credit union's membership predominantly comprises full or part-time students, such insured credit union would be eligible for designation by NCUA as a low-income credit union. The Fund does not deem full or part-time students, or any other group, to be low-income without regard to actual incomes. As a result, § 1805.201(b)(3) of the current rule remains substantively unchanged.

Eligibility of Credit Unions as CDFIs

Section 1805.201(b)(6) of the current rule provides that in order for an organization to be certified as a CDFI, the organization shall not be an agency or instrumentality of the United States.

One commenter sought clarification on whether insured credit unions could be certified as CDFIs in light of certain case law holding that insured credit unions are instrumentalities of the United States. The Fund's review of such case law indicates that it does not address whether insured credit unions are Federal instrumentalities under the Act and, additionally, the Fund believes that such cases are of limited relevance in light of the plain language of the Act. Specifically, several sections of the Act expressly provide that insured credit unions can be CDFIs, and as such can receive assistance from the Fund. For example, the Act defines the term "insured community development financial institution" as including insured credit unions. *See* 12 U.S.C. 4702(13). The Act also expressly provides that the Fund may provide financial assistance to credit unions in the form of "credit union shares." *See* 12 U.S.C. 4707(a)(1)(A). Accordingly, the Fund believes that there is no case law barring insured credit unions from qualifying as CDFIs under the Act.

Application Format

In the preamble to the current rule, the Fund advised that it was deleting a provision from the regulations that allowed Applicants to present their applications for assistance in an order and format that they believed to be the most appropriate. The Fund advised that affording applicants such flexibility made it considerably more difficult for the Fund to evaluate applications. One commenter disagreed with this deletion claiming that it requires applicants to rework business plans to conform to a prescribed format. Another commenter supported a more structured application format, provided that the Fund set forth the specific requirements in the application and provide applicants the flexibility to present their own circumstances within that format. The Fund agrees with the latter comment, and believes that the current application format allows applicants sufficient flexibility to present their best case for funding. Moreover, the Fund has found that a prescribed format is necessary for a fair and orderly application evaluation process.

Annual Report Due Date

Section 1805.803(e)(3) of the current rule provides that an awardee shall submit an annual report to the Fund within 60 days after the end of its fiscal year, or by such alternative deadline as may be agreed to by the awardee and the Fund. One commenter suggested that, in order to ensure that any references to an awardee's financial condition be

accurately reflected, this time frame should be increased to 120 days to conform to the general deadline set forth in § 1805.803(e)(4) for submission of audited financial statements. The Fund is committed to ensuring that awardees have sufficient time to meet Fund reporting requirements. For example, § 1805.803(e)(3) of the current rule allows the Fund and awardees to agree to a deadline greater than 60 days for the submission of an annual report. For this reason and because the annual report does not require the submission of information on the financial condition of an awardee, § 1805.803(e) remains substantively unchanged.

III. Summary of Additional Change

Target Market Eligibility Test—Targeted Population

Section 1805.201(b)(3)(iii) of the current rule provides that an organization may meet the Target Market eligibility test by serving a Targeted Population. A Targeted Population, under the current rule, means individuals, or an identifiable group of individuals, who are either Low-Income persons or lack adequate access to loans or Equity Investments. Section 1805.201(b)(3)(iii)(B)(2) of the current rule provides that in order for an Applicant to demonstrate that it serves a Targeted Population comprising individuals who lack adequate access to loans or Equity Investments, the Applicant must provide: (1) A description of the service area from which the Targeted Population is drawn; (2) studies, analyses or other information demonstrating that the identifiable group of individuals, either on a national basis or on a localized basis in the Applicant's service area, lacks adequate access to loans or Equity Investments; and (3) studies, analyses or other information demonstrating that the Applicant's clients who comprise the identifiable group of individuals, lack adequate access to loans or Equity Investments. The Fund believes that this three-part test imposes undue burdens on Applicants. Specifically, it would be unduly burdensome to require Applicants to submit studies demonstrating that an identifiable group of individuals, on a national basis or within the Applicant's service area, has traditionally been denied access to loans or Equity Investments, and then demonstrate that the Applicant's clients who comprise the identifiable group of individuals lack adequate access to loans or Equity Investments. As a result, the Fund is modifying what an Applicant must provide. In lieu of studies, an Applicant must provide,

under § 1805.201(b)(3)(iii) of the revised interim rule, a brief analytical narrative with information demonstrating that the members of the identifiable group in the Applicant's service area lack adequate access to loans, Equity Investments, or Financial Services. An Applicant may not have to provide the aforementioned analytical narrative if its Targeted Population is one listed by the Fund in the applicable NOFA and/or application for certification as one with respect to which the Fund believes that credible evidence exists demonstrating that such Targeted Population lacks adequate access to loans, Equity Investments or Financial Services in the Applicant's service area.

IV. Rulemaking Analysis

Executive Order (E.O.) 12866

It has been determined that this regulation is not a significant regulatory action as defined in Executive Order 12866. Therefore, a Regulatory Assessment is not required.

Regulatory Flexibility Act

Because no notice of proposed rule making is required for this revised interim rule, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*) do not apply.

Paperwork Reduction Act

The collections of information contained in this interim rule have been previously reviewed and approved by the Office of Management and Budget (OMB) in accordance with the Paperwork Reduction Act of 1995 and assigned OMB Control Number 1505–0154. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a valid control number assigned by OMB. This document restates the collections of information without substantive change.

Comments concerning suggestions for reducing the burden of collections of information should be directed to the Deputy Director for Policy and Programs, Community Development Financial Institutions Fund, 601 13th Street, NW., Suite 200 South, Washington, DC 20005.

National Environmental Policy Act

Pursuant to Treasury Directive 75–02 (Department of the Treasury Environmental Quality Program), the Department has determined that these interim regulations are categorically excluded from the National Environmental Policy Act and do not require an environmental review.

Administrative Procedure Act

Because the revisions to this interim rule relate to loans and grants, notice and public procedure and a delayed effective date are not required pursuant to the Administrative Procedure Act found at 5 U.S.C. 553(a)(2).

Comment

Public comment is solicited on all aspects of this interim regulation. The Fund will consider all comments made on the substance of this interim regulation, but does not intend to hold hearings.

Receipt of such equity investment, loan, or deposit does not disqualify a Community Development Financial Institution from receiving assistance under this part.

All financial assistance awarded under this part shall be matched with funds from sources other than the Federal government. Except as provided in § 1805.502, such matching funds shall be provided on the basis of not less than one dollar for each dollar provided by the Fund. Funds that have been used to satisfy a legal requirement for obtaining funds under either the CDFI Program or another Federal grant or award program may not be used to satisfy the matching requirements described in this section. Community Development Block Grant Program and other funds provided pursuant to the Housing and Community Development Act of 1974, as amended (42 U.S.C. 5301 *et seq.*), shall be considered Federal government funds and shall not be used to meet the matching requirements. Matching funds shall be used as provided in the Assistance Agreement. Funds that are used prior to the execution of the Assistance Agreement may nevertheless qualify as matching funds provided the Fund determines in its reasonable discretion that such use promoted the purpose of the Comprehensive Business Plan that the Fund is supporting through its assistance.

§ 1805.501 Comparability of form and value.

(a) Matching funds shall be at least comparable in form (e.g., equity investments, deposits, credit union shares, loans and grants) and value to financial assistance provided by the Fund (except as provided in § 1805.502). The Fund shall have the discretion to determine whether matching funds pledged are comparable in form and value to the financial assistance requested.

(b) In the case of an Awardee that raises matching funds from more than one source, through different investment instruments, or under varying terms and conditions, the Fund may provide financial assistance in a manner that represents the combined characteristics of such instruments.

(c) An Awardee may meet all or part of its matching requirements by

committing available earnings retained from its operations.

§ 1805.502 Severe constraints waiver.

(a) In the case of an Applicant with severe constraints on available sources of matching funds, the Fund, in its sole discretion, may permit such Applicant to comply with the matching requirements by:

(1) Reducing such requirements by up to 50 percent; or

(2) Permitting an Applicant to provide matching funds in a form to be determined at the discretion of the Fund, if such an Applicant:

(i) Has total assets of less than \$100,000;

(ii) Serves an area that is not a Metropolitan Area; and

(iii) Is not requesting more than \$25,000 in assistance.

(b) Not more than 25 percent of the total funds available for obligation under this part in any fiscal year may be matched as described in paragraph (a) of this section. Additionally, not more than 25 percent of the total funds disbursed under this part in any fiscal year may be matched as described in paragraph (a) of this section.

(c) An Applicant may request a "severe constraints waiver" as part of its application for assistance. An Applicant shall provide a narrative justification for its request, indicating:

(1) The cause and extent of the constraints on raising matching funds;

(2) Efforts to date, results, and projections for raising matching funds;

(3) A description of the matching funds expected to be raised; and

(4) Any additional information requested by the Fund.

(d) The Fund will grant a "severe constraints waiver" only in exceptional circumstances when it has been demonstrated, to the satisfaction of the Fund, that an Investment Area(s) or Targeted Population(s) would not be adequately served without the waiver.

§ 1805.503 Time frame for raising match.

Applicants shall satisfy matching funds requirements within the period set forth in the applicable NOFA.

§ 1805.504 Retained earnings.

(a) An Applicant that proposes to meet all or a portion of its matching funds requirements as set forth in this part by committing available earnings retained from its operations pursuant to § 1805.501(c) shall be subject to the restrictions described in this section.

(b)(1) In the case of a for-profit Applicant, retained earnings that may be used for matching funds purposes shall consist of:

(i) The increase in retained earnings (excluding the after-tax value to an Applicant of any grants and other donated assets) that has occurred over the Applicant's most recent fiscal year (e.g., retained earnings at the end of fiscal year 1999 less retained earnings at the end of fiscal year 1998); or

(ii) The annual average of such increases that have occurred over the Applicant's three most recent fiscal years.

(2) Such retained earnings may be used to match a request for an equity investment. The terms and conditions of financial assistance will be determined by the Fund.

(c)(1) In the case of a non-profit Applicant (other than a Credit Union), retained earnings that may be used for matching funds purposes shall consist of:

(i) The increase in an Applicant's net assets (excluding the amount of any grants and value of other donated assets) that has occurred over the Applicant's most recent fiscal year; or

(ii) The annual average of such increases that has occurred over the Applicant's three most recent fiscal years.

(2) Such retained earnings may be used to match a request for a capital grant. The terms and conditions of financial assistance will be determined by the Fund.

(d)(1) In the case of an insured credit union Applicant, retained earnings that may be used for matching funds purposes shall consist of:

(i) The increase in retained earnings that have occurred over the Applicant's most recent fiscal year;

(ii) The annual average of such increases that has occurred over the Applicant's three most recent fiscal years; or

(iii) The entire retained earnings that have been accumulated since the inception of the Applicant provided that the conditions described in paragraph (d)(4) of this section are satisfied.

(2) For the purpose of paragraph (d)(4) of this section, retained earnings shall be comprised of "Regular Reserves", "Other Reserves" (excluding reserves specifically dedicated for losses), and "Undivided Earnings" as such terms are used in the National Credit Union Administration's accounting manual.

(3) Such retained earnings may be used to match a request for a capital grant. The terms and conditions of financial assistance will be determined by the Fund.

(4) If the option described in paragraph (d)(1)(iii) of this section is used:

(i) The Assistance Agreement shall require that:

(A) An Awardee increase its member and/or non-member shares by an amount that is at least equal to four times the amount of retained earnings that is committed as matching funds; and

(B) Such increase be achieved within 24 months from September 30 of the calendar year in which the applicable application deadline falls;

(ii) The Applicant's Comprehensive Business Plan shall discuss its strategy for raising the required shares and the activities associated with such increased shares;

(iii) The level from which the increases in shares described in paragraph (d)(4)(i) of this section will be measured will be as of September 30 of the calendar year in which the applicable application deadline falls; and

(iv) Financial assistance shall be disbursed by the Fund only as the amount of increased shares described in paragraph (d)(4)(i)(A) of this section is achieved.

(5) The Fund will allow an Applicant to utilize the option described in paragraph (d)(1)(iii) of this section for matching funds only if it determines, in its sole discretion, that the Applicant will have a high probability of success in increasing its shares to the specified amounts.

(e) Retained earnings accumulated after the end of the Applicant's most recent fiscal year ending prior to the appropriate application deadline may not be used as matching funds.

For the purposes of this paragraph (a), the Fund reserves the right to request additional information from the Applicant, if the Fund deems it appropriate.

(b) *Substantive review.* In evaluating and selecting applications to receive assistance, the Fund will evaluate the Applicant's likelihood of success in meeting the goals of the Comprehensive Business Plan and achieving community development impact, by considering factors such as:

(1) Community development track record (e.g., in the case of an Applicant with a prior history of serving a Target Market, the extent of success in serving such Target Market);

(3) Financial track record and strength;

In the case of an Applicant that has previously received assistance under the CDFI Program, the Fund also will consider the Applicant's level of success in meeting its performance goals, financial soundness covenants (if applicable), and other requirements contained in the previously negotiated and executed Assistance Agreement(s) with the Fund, and whether the Applicant will, with additional assistance from the Fund, expand its operations into a new Target Market, offer more products or services, and/or increase the volume of its activities;

Such performance goals may be modified at any time by mutual consent of the Fund and an Awardee or as provided in paragraph (c) of this section. If a Community Partner is part of an application that is selected for assistance, such partner must be a party to the Assistance Agreement if deemed appropriate by the Fund.

(b) An Awardee shall comply with performance goals that have been negotiated with the Fund and which are based upon the Comprehensive Business Plan submitted as part of the Awardees application. Performance goals for Insured CDFIs shall be determined in consultation with the Appropriate Federal Banking Agency. Such goals shall be incorporated in, and enforced under, the Awardee's Assistance Agreement.

(c) The Assistance Agreement shall provide that, in the event of fraud, mismanagement, noncompliance with the Fund's regulations or noncompliance with the terms and conditions of the Assistance Agreement on the part of the Awardee (or the Community Partner, if applicable), the Fund, in its discretion, may:

Nothing in this paragraph (d) precludes the Fund from directly enforcing the Assistance Agreement as provided for under the terms of the Act.

(e) The Fund shall notify the Appropriate Federal Banking Agency before imposing any sanctions on an Insured CDFI or other institution that is examined by or subject to the reporting requirements of that agency. The Fund shall not impose a sanction described in paragraph (c) of this section if the Appropriate Federal Banking Agency, in writing, not later than 30 calendar days after receiving notice from the Fund:

(ii) Impede or interfere with an enforcement action against that institution by that agency;

(3) Proposes a comparable alternative action; and

(4) Specifically explains:

(i) The basis for the determination under paragraph (e)(2) of this section and, if appropriate, provides documentation to support the determination; and

(ii) How the alternative action suggested pursuant to paragraph (e)(3) of this section would be as effective as the sanction proposed by the Fund in securing compliance and deterring future noncompliance.

(f) In reviewing the performance of an Awardee in which its Investment Area(s) includes an Indian Reservation or Targeted Population(s) includes an

Indian Tribe, the Fund shall consult with, and seek input from, the appropriate tribal government.

(g) Prior to imposing any sanctions pursuant to this section or an Assistance Agreement, the Fund shall, to the maximum extent practicable, provide the Awardee (or the Community Partner, if applicable) with written notice of the proposed sanction and an opportunity to comment. § 1805.802 Disbursement of funds.

Assistance provided pursuant to this part may be provided in a lump sum or over a period of time, as determined appropriate by the Fund. The Fund shall not provide any assistance (other than technical assistance) under this part until an Awardee has satisfied any conditions set forth in its Assistance Agreement and has secured firm commitments for the matching funds required for such assistance. At a minimum, a firm commitment must consist of a binding written agreement between an Awardee and the source of the matching funds that is conditioned only upon the availability of the Fund's assistance and such other conditions as the Fund, in its sole discretion, may deem appropriate. Such agreement must provide for disbursement of the matching funds to an Awardee prior to, or simultaneously with, receipt by an Awardee of the Federal funds.
