[DFARS Case 99-D009]

Defense Federal Acquisition Regulation Supplement; Transportation Acquisition Policy

AGENCY: Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: The Director of Defense Procurement has issued a final rule amending the Defense Federal Acquisition Regulation Supplement (DFARS) to revise policy pertaining to the acquisition of transportation, transportation-related services, and transportation in supply contracts. The rule provides for the use of evaluation factors that address support for DoD readiness programs such as the Civil Reserve Air Fleet and the Voluntary Intermodal Sealift Agreement.

EFFECTIVE DATE: August 17, 2000.

FOR FURTHER INFORMATION CONTACT: Amy Williams, Defense Acquisition Regulations Council, OUSD(AT&L)DP(DAR), IMD 3D139, 3062 Defense Pentagon, Washington, DC 20301-3062; telephone (703) 602-0288; telefax (703) 602-0350. Please cite DFARS Case 99-D009.

SUPPLEMENTARY INFORMATION:

A. Background

This rule amends the DFARS to revise policy pertaining to the acquisition of transportation, transportation-related services, and transportation in supply contracts. For contracts for transportation or transportation-related services, the rule specifies that contracting officers should consider using, as evaluation factors or subfactors, the offeror's record of claims involving loss or damage, provider availability, and support for DoD readiness programs such as the Civil Reserve Air Fleet and the Voluntary Intermodal Sealift Agreement. For contracts that will include a significant requirement for transportation of items outside the continental United States, the rule contains a requirement for use of an evaluation factor or subfactor that favors suppliers, third-party logistics providers, and integrated logistics managers that commit to using carriers that participate in one of the readiness programs.

The rule implements a policy memorandum issued by the Under Secretary of Defense (Acquisition, Technology, and Logistics) on January 15, 1998, Subject: Transportation Acquisition Policy. The January 15, 1998, memorandum is available via the Internet at http://www.acq.osd.mil/log/tp/trans__programs/defense__trans__library/tp__library.html. The rule also updates references and organizational names and addresses, and makes other editorial changes.

DoD published a proposed rule at 65 FR 2104 on January 13, 2000. Seven sources submitted comments on the proposed rule. DoD considered all comments in the development of the final rule.

This rule was not subject to Office of Management and Budget review under Executive Order 12866, dated September 30, 1993.

B. Regulatory Flexibility Act

DoD certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, et seq., because most small entities that are eligible to transport DoD cargo or passengers already participate in DoD readiness programs.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply because the rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C. 3501, et seq.
