Over-the-Road Bus Accessibility Program Announcement of Project Selection

AGENCY: Federal Transit Administration, DOT.

ACTION: Notice.

SUMMARY: The U.S. Department of Transportation (DOT) Federal Transit Administration (FTA) announces the selection of projects to be funded under the Over-the-road Bus (OTRB) Accessibility Program, authorized by Section 3038 of the Transportation

Equity Act for the 21st Century (TEA-21). The OTRB Accessibility Program makes funds available to private operators of over-the-road buses to help finance the incremental capital and training costs of complying with DOT's over-the-road bus accessibility rule, published in a **Federal Register** Notice on September 24, 1998.

FOR FURTHER INFORMATION CONTACT: The appropriate FTA Regional Administrator for grant-specific issues; or Sue Masselink, Office of Program Management, 202-366-2053 for general information about the OTRB Accessibility Program.

SUPPLEMENTARY INFORMATION:

Projects Selected for Fiscal Year 2000 Funding

In fiscal year 2000, a total of \$7.6 million was requested by 57 applicants: \$5.9 million was requested for intercity fixed-route providers, and \$1.7 million was requested for other providers such as charter, tour, and commuter service providers. A total of \$3.7 million was available for providers of over-the-road services: \$2 million at 90 percent Federal share for providers of intercity fixed-route services and \$1.7 million at 50 percent Federal share for providers of other types of services, such as charter, tour, and commuter. See section 3038 of TEA-21, Pub. L. 105-178 and section 342 of the Department of Transportation and Related Agencies Appropriation Act 2000, Pub. L. 106-69. Project selections were made on a discretionary basis, based on each applicant's responsiveness to statutory project selection criteria, fleet size, and level of funding received last year. Because of the high demand for the funds available to providers of intercity fixed-route service, most applicants received less funding than they requested, although with the exception of some of the applicants that received funding last year, all qualified applicants received some funding. Each of the following 47 awardees, as well as the 10 applicants who were not selected for funding, will receive a letter which explains how funding decisions were made.
