SUPPLEMENTARY INFORMATION:

I. Abstract

The Bureau of Economic Analysis is responsible for the computation and publication of the U.S. balance of payments accounts. The information collected in this survey is an integral part of the "transportation" portion of the U.S. balance of payments accounts. The balance of payments accounts, which are published quarterly in the Bureau's monthly publication, the *Survey of Current Business*, are one of the major statistical products of BEA. The survey requests information from U.S. agents of foreign ocean carriers. Information is collected on an annual basis from U.S. agents that handle 40 or more port calls by foreign vessels or have annual total covered expenses above \$250,000. U.S. agents with less than 40 port calls or with annual total covered expenses below \$250,000 are exempt from reporting.

II. Method of Collection
