on the distribution of power and responsibilities among the various levels of government. Accordingly, the FAA has not consulted with state authorities prior to publication of this rule.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034. February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as these routine matters will only affect air traffic procedures and air navigation. It is certified that these proposed rules will not have significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me, the Federal Aviation Administration amends part 71 of the Federal Aviation Regulations (14 CFR part 71) as follows:

PART 71—[AMENDED]

1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9G, Airspace Designations and Reporting Points, dated September 1, 1999, and effective September 16, 1999, is amended as follows:

Paragraph 6005 Class E airspace areas extending upward from 700 feet above the surface of the earth.

* * * *

ANE VT E5 Burlington, VT [Revised]

Burlington International Airport, VT (Lat. 44°28′23″ N, long. 73°09′01″ W)

That airspace extending upward from 700 feet above the surface within a 23-mile radius of Burlington International Airport; excluding that airspace within the Plattsburgh, NY, Class E airspace area.

* * * * *

Issued in Burlington, MA, on January 20, 2000.

14 CFR Part 71

[Airspace Docket No. 99–ANE–93]

Amendment to Class F Airspace; Burlington, VT

AGENCY: Federal Aviation Administration (FAA), DOT. **ACTION:** Direct final rule; request for comments.

SUMMARY: This action revises the Class Airspace area at Burlington, VT (KBTV) to correct the longitude and latitude coordinates for the Burlington International Airport.

DATES: Effective 0901 UTC, April 20, 2000.

Comments for inclusion in the Rules Docket must be received on or before March 8, 2000.

ADDRESSES: Send comments on the rule to: Manager, Airspace Branch, ANE– 520, Federal Aviation Administration, Docket No. 99–ANE–93, 12 New England Executive Park, Burlington, MA 01803–5299; telephone (781) 238–7520; fax (781) 238–7596. Comments may also be sent electronically via the internet to the following address: "9-aneairspace@faa.dot.gov"

The official docket file may be examined in the Office of the Regional Counsel, New England Region, ANE–7, Room 401, 12 New England Executive Park, Burlington, MA 01803–5299; telephone (781) 238–7050; fax (781) 238–7055.

An informal docket may be examined during normal business hours in the Air Traffic Division, Room 408, by contacting the Manager, Airspace Branch at the first address listed above.

FOR FURTHER INFORMATION CONTACT: David T. Bayley, Air Traffic Division, Airspace Branch, ANE–520.3, Federal Aviation Administration, 12 New England Executive Park, Burlington, MA 01803–5299; telephone (781) 238–7586; fax (781) 238–7596.

SUPPLEMENTARY INFORMATION: This action corrects the longitude and latitude coordinates for the Burlington International Airport. This action is necessary to accurately describe the

controlled airspace necessary for aircraft executing instrument approaches to the Burlington Airport at times when Burlington Class C airspace area is active. Class E airspace designations for airspace areas designated as extensions to Class C surface areas are published in paragraph 6003 of FAA Order 7400.9G, dated September 1, 1999, and effective September 16, 1999, which is incorporated by reference in 14 CFR 71.1. The Class airspace designation listed in this document will be published subsequently in this Order.

The Direct Final Rule Procedure

The FAA anticipates that this regulation will not result in adverse of negative comment, and, therefore, issues its as a direct final rule. The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments as necessary to keep them operationally current. Unless a written adverse or negative comment, or a written notice of intent to submit an adverse comment is received within the comment period, the regulation will become effective on the date specified above. After the close of the comment period, the FAA will publish a document in the Federal Register indicating that no adverse or negative comments were received and confirming the date on which the final rule will become effective. If the FAA does receive, within the comment period, an adverse or negative comment, or written notice of intent to submit such a comment, a document withdrawing the direct final rule will be published in the Federal Register, and a notice of proposed rulemaking may be published with a new comment period.

Comments Invited

Although this action is in the form of a direct final rule, and was not preceded by a notice of proposed rulemaking, interested persons are invited to comment on this rule by submitting such written data, views, or arguments as they may desire. Communications should identify the Rules Docket number and be submitted in triplicate to the address specified under the caption **ADDRESSES**. All communications received on or before the closing date for comments will be considered, and this rule may be amended or withdrawn in light of the comments received. Factual information that supports the commenter's ideas and suggestions is extremely helpful in evaluating the effectiveness of this action and determining whether additional rulemaking action would be needed.

Comments are specifically invited on the overall regulatory, economic, environmental, and energy aspects of the rule that might suggest a need to modify the rule. All comments submitted will be available, both before and after the closing date for comments, in the Rules Docket for examination by interested persons. A report that summarizes each FAA-public contact concerned with the substance of this action will be filed in the Rules Docket.

Commenters wishing the FAA to acknowledge receipt of their comments submitted in response to this rule must submit a self-addressed, stamped postcard on which the following statement is made: "Comments to Docket No. 99–ANE–93." The postcard will be date stamped and returned to the commenter.

Agency Findings

This rule does not have federalism implications, as defined in Executive Order No. 13132, because it does not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Accordingly, the FAA has not consulted with state authorities prior to publication of this rule.

The FAA has determined that this regulation is noncontroversial and unlikely to result in adverse or negative comments. For the reasons discussed in the preamble, I certify that this regulation (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under Department of Transportation (DOT) Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as these routine matters will only affect air traffic procedures and air navigation. It is certified that these proposed rules will not have significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Federal Aviation Administration

14 CFR Part 71

[Airspace Docket No. 00-ACE-5]

Amendment to Class E Airspace; Monticello, IA

AGENCY: Federal Aviation Administration (FAA), DOT. **ACTION:** Direct final rule; request for comments.

SUMMARY: This action amends Class E airspace area at Monticello Regional Airport, Monticello, IA. A review of the Class E airspace area for Monticello Regional Airport indicates it does not comply with the criteria for 700 feet Above Ground Level (AGL) airspace required for diverse departures as specified in FAA Order 7400.2D. The Class E airspace has been enlarged to

conform to the criteria of FAA Order 7400.2D.

The intended effect of this rule is to provide additional controlled Class E airspace for aircraft operating under Instrument Flight Rules (IFR) and comply with the criteria of FAA Order 7400.2D.

DATES: Effective date: 0901 UTC, June 15, 2000.

Comments for inclusion in the Rules Docket must be received on or before March 24, 2000.

ADDRESSES: Send comments regarding the rule in triplicate to: Manager, Airspace Branch, Air Traffic Division, ACE–520, DOT Regional Headquarters Building, Federal Aviation Administration, Docket Number 00– ACE–5, 901 Locust, Kansas City, MO 64106.

The official docket may be examined in the Office of the Regional Counsel for the Central Region at the same address between 9: a.m. and 3: p.m., Monday through Friday, except Federal holidays.

An informal docket may also be examined during normal business hours in the Air Traffic Division at the same address listed above.

FOR FURTHER INFORMATION CONTACT:

Kathy Randolph, Air Traffic Division, Airspace Branch, ACE–520C, DOT Regional Headquarters Building, Federal Aviation Administration, 901 Locust, Kansas City, MO 64106; telephone: (816) 329–2525.

SUPPLEMENTARY INFORMATION: This amendment to 14 CFR 71 revises the Class E airspace at Monticello, IA. A review of the Class E airspace for Monticello Regional Airport, IA, indicates it does not meet the criteria for 700 feet AGL airspace required for diverse departures as specified in FAA Order 7400.2D. The criteria in FAA Order 7400.2D for an aircraft to reach 1200 feet AGL is based on a standard climb gradient of 200 feet per mile plus the distance from the Airport Reference Point (ARP) to the end of the outermost runway. Any fractional part of a mile is converted to the next higher tenth of a mile. The amendment at Monticello Regional Airport, IA, will provide additional controlled airspace for aircraft operating under IFR, and comply with the criteria of FAA Order 7400.2D. The area will be depicted on appropriate aeronautical charts. Class E airspace areas extending upward from 700 feet or more above the surface of the earth are published in paragraphs 6005 of FAA Order 7400.9G, dated September 10, 1999, and effective September 16, 1999, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designation listed in this
