

\$123.3 million and that the estimated costs of the proposed Phase II facilities is \$119.6 million. Transco states that the initial recourse rate for Phase I MarketLink service is a separately stated incremental monthly reservation rate of \$11.9394 per dt. According to Transco, the initial recourse rate will be revised to \$12.7346 per dt after the Phase II facilities are constructed and placed in service. Such revised recourse rate will then apply to Phase I and II MarketLink service until subsequent phases of the MarketLink project are placed in service. Transco states that the proposed recourse rates are based upon a straight-fixed variable rate design.

Transco further states that the MarketLink shippers will also be charged fuel retention, electric power, and other applicable surcharges applicable under Transco's Rate Schedule FT, as approved by the Commission from time to time. The electric power unit rate and fuel retention will be the generally applicable levels under Rate Schedule FT for Transco's Rate Zone 6.

Any person desiring to be heard or to make any protest with reference to said Application should on or before October 16, 2000, file with the Federal Energy Regulatory Commission, 888 First Street, NW., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 or 18 CFR 385.214) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

A person obtaining intervenor status will be placed on the service list maintained by the Commission and will receive copies of all documents issued by the Commission, filed by the applicant, or filed by all other intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order. However, and intervenor must submit copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as 14 copies with the Commission.

A person does not have to intervene, however, in order to have comments considered. A person, instead, may submit two copies of comments to

Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing listing, will receive copies of environmental documents and will be able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission and will not have the right to seek rehearing or appeal the Commission's final order to a federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

Take further notice that pursuant to the authority contained in and subject to the Jurisdiction conferred upon the Commission by sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this Application if no petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the abandonment is required by the public convenience and necessity. If a petition for leave to intervene is timely filed, or if the Commission, on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Transco to appear or be represented at the hearing.

David P. Boergers,

Secretary.
