

affords treatment to United States-owned companies that is comparable to treatment the United States affords foreign-owned companies. This eligibility requirement also applies to all companies participating in any joint venture, "team" arrangement, or as a major subcontractor. The solicitation will contain as part of the application package the applicable EPA Act representation form(s). At current planning levels, and subject to the availability of funds, DOE expects to provide up to approximately \$4,000,000 to support work under this solicitation. Applications which include performance of Federal agencies and agents (i.e. Management and Operations (M&O) contractors and/or National Laboratories) as a subcontractor will be acceptable under this solicitation if the proposed use of any such entities is specifically authorized by the executive Federal agency managing the M&O or National Laboratory, and the work is not otherwise available from the private sector. Such work, if approved, would be accomplished through a direct transfer of funding from the NETL to the M&O contractor and/or National Laboratory. Even though participation of an M&O and/or National Laboratory may be appropriate, their participation cannot exceed fifty (50) percent of the Applicant's total estimated project cost.

Telephone requests, written requests, E-mail requests, or facsimile requests for a copy of the solicitation package will not be accepted and/or honored. Applications must be prepared and submitted in accordance with the instructions and forms contained in the solicitation. The actual solicitation document will allow for requests for explanation and/or interpretation.

Issued in Morgantown, WV, on February 20, 2001.

## DEPARTMENT OF ENERGY

### Energy Information Administration

#### Agency Information Collection

#### Activities: Proposed Collection; Comment Request

**AGENCY:** Energy Information Administration (EIA), Department of Energy (DOE).

**ACTION:** Agency information collection activities: proposed collection; comment request.

**SUMMARY:** The EIA is soliciting comments on the proposed three-year extension to the Form EIA-63A, "Annual Solar Thermal Collector Manufacturers Survey," and EIA-63 B, "Annual Photovoltaic Module/Cell Manufacturers Survey."

**DATES:** Comments must be filed on or before May 7, 2001. If you anticipate difficulty in submitting comments within that period, contact the person listed below as soon as possible.

**ADDRESSES:** Send comments to James Holihan, Energy Information Administration, EIA-52, Renewable Energy Branch, Forrestal Building, U.S. Department of Energy, Washington, DC 20585-0650, telephone (202) 287-1735; e-mail [jholihan@eia.doe.gov](mailto:jholihan@eia.doe.gov); FAX (202) 287-1946. Alternatively, Fred Mayes may be contacted by telephone at (202) 287-1750; FAX at (202) 287-1946, or e-mail at [fred.mayes@eia.doe.gov](mailto:fred.mayes@eia.doe.gov).

#### FOR FURTHER INFORMATION CONTACT:

Requests for additional information or copies of any forms and instructions should be directed to James Holihan at the address listed above.

#### SUPPLEMENTARY INFORMATION:

- I. Background
- II. Current Actions
- III. Request for Comments

#### I. Background

The Federal Energy Administration Act of 1974 (Pub. L. No. 93-275, 15 U.S.C. 761 *et seq.*) and the DOE Organization Act (Pub. L. No. 95-91, 42 U.S.C. 7101 *et seq.*) require the EIA to carry out a centralized, comprehensive, and unified energy information program. This program collects, evaluates, assembles, analyzes, and disseminates information on energy resource reserves, production, demand, technology, and related economic and statistical information. This information is used to assess the adequacy of energy resources to meet near and longer term domestic demands.

The EIA, as part of its effort to comply with the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. Chapter 35), provides the general public and other Federal agencies with opportunities to comment on collections of energy information conducted by or in conjunction with the EIA. Any comments received help the EIA to prepare data requests that maximize the utility of the information collected, and to assess the impact of collection requirements on the public. Also, the EIA will later seek approval by the Office of Management and Budget (OMB) of the collections under section 3507(a) of the Paperwork Reduction Act of 1995.

The forms currently are used to gather information on the supply and distribution of solar thermal collectors, photovoltaic cells, and photovoltaic modules. Specifically, the forms collect information on manufacturing, imports, exports, and shipments. The EIA has been collecting this information annually and proposes to continue the surveys. The data collected will be published in the Renewable Energy Annual and will also be available through EIA's Internet site at <http://www.eia.doe.gov/fuelrenewable.html>.

#### II. Current Actions

The EIA will request a three-year extension through August 31, 2004 to continue using Forms EIA-63A and EIA-63B. No substantive modifications to the currently approved forms will be proposed unless substantive suggestions are received and approved.

#### III. Request for Comments

Prospective respondents and other interested parties should comment on the actions discussed in item II. The following guidelines are provided to assist in the preparation of comments. (If the notice covers more than one form, add "Please indicate to which form(s) your comments apply.")

#### General Issues

A. Is the proposed collection of information necessary for the proper performance of the functions of the agency and does the information have practical utility? Practical utility is defined as the actual usefulness of information to or for an agency, taking into account its accuracy, adequacy, reliability, timeliness, and the agency's ability to process the information it collects.

B. What enhancements can be made to the quality, utility, and clarity of the information to be collected?

#### As a Potential Respondent to the Request for Information

A. Are the instructions and definitions clear and sufficient? If not, which instructions need clarification?

B. Can the information be submitted by the due date?

C. Public reporting burden for this collection is estimated to average 3 hours per response. The estimated burden includes the total time necessary to provide the requested information. In your opinion, how accurate is this estimate?

D. The agency estimates that the only cost to a respondent is for the time it will take to complete the collection. Will a respondent incur any start-up costs for reporting, or any recurring

annual costs for operation, maintenance, and purchase of services associated with the information collection?

E. What additional actions could be taken to minimize the burden of this collection of information? Such actions may involve the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

F. Does any other Federal, State, or local agency collect similar information? If so, specify the agency, the data element(s), and the methods of collection.

*As a Potential User of the Information to be Collected*

A. Is the information useful at the levels of detail to be collected?

B. For what purpose(s) would the information be used? Be specific.

C. Are there alternate sources for the information and are they useful? If so, what are their weaknesses and/or strengths?

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of the form. They also will become a matter of public record.

*Statutory Authority:* Section 3507(h)(1) of the Paperwork Reduction Act of 1995 (Pub. L. No. 104-13, 44 U.S.C. Chapter 35).

Issued in Washington, DC, February 26, 2001.

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

**[Docket Nos. ER01-747-000 and ER01-747-001]**

#### Attala Generating Company, L.L.C.; Notice of Issuance of Order

February 28, 2001.

Attala Generating Company, L.L.C. (Attala) submitted for filing a rate schedule under which Attala will engage in wholesale electric power and energy transactions at market-based rates. In its application, Attala also requested waiver of various Commission regulations. In particular, Attala requested that the Commission grant blanket approval under 18 CFR part 34 of all future issuances of securities and assumptions of liability by Attala.

On February 15, 2001, pursuant to delegated authority, the Director,

Division of Corporate Applications, Office of Markets, Tariffs and Rates, granted requests for blanket approval under Part 34, subject to the following:

Within thirty days of the date of the order, any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by Attala should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214).

Absent a request for hearing within this period, Attala is authorized to issue securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of the applicant, and compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of Attala's issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is March 19, 2001.

Copies of the full text of the Order are available from the Commission's Public Reference Branch, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance).

## DEPARTMENT OF ENERGY

### Federal Energy Regulatory Commission

**[Docket No. GP94-2-010]**

#### Columbia Gas Transmission Corporation; Notice of Refund Report

February 28, 2001.

Take notice that on February 19, 2001, Columbia Gas Transmission Corporation (Columbia) tendered for filing with the Federal Energy Regulatory Commission (Commission) its Refund Report made to comply with the April 17, 1995 Settlement (Settlement) in Docket No.

GP94-02, et al. as approved by the Commission on June 15, 1995 (Columbia Gas Transmission Corp., 71 FERC ¶ 61,337 (1995)).

On January 22, 2001 Columbia states that it made refunds, as billing credits and with checks, in the amount of \$308,341.85. The refunds represent deferred tax refunds received from Trailblazer Pipeline Company and Overthrust Pipeline Company. These refunds were made pursuant to Article VIII, Section E of the Settlement using the allocation percentages shown on Appendix G, Schedule 5 of the Settlement. The refunds include interest at the FERC rate, in accordance with the Code of Federal Regulations, Subpart F, Section 154.501(d).

Columbia states that copies of its filing have been mailed to all affected customers and state commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before March 9, 2001. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Copies of this filing are on file with the Commission, and are available for public inspection in the Public Reference Room. This filing may be viewed on the web at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments and protests may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.
