

date after 1940, the remains were donated to the Nevada State Museum by an unknown person. No known individuals were identified. No associated funerary objects are present.

Osteological evidence indicates that these human remains are Native American. A characteristic tooth wear pattern indicates that the human remains date to post-1850, the first year for Euroamerican contact in the Nevada region. Historic documents, ethnographic sources, and oral history indicate that the Paiute people have occupied this area since pre-contact times. Based on the osteological, historical, ethnographic, and oral history, these human remains are determined to be affiliated with the Fallon Paiute-Shoshone Tribe.

Based on the above-mentioned information, officials of the Nevada State Museum have determined that, pursuant to 43 CFR 10.2(d)(1), the human remains listed above represent the physical remains of one individual of Native American ancestry. Officials of the Nevada State Museum also have determined that, pursuant to 43 CFR 10.2(e), there is a relationship of shared group identity that can be reasonably traced between these Native American human remains and the Fallon Paiute-Shoshone Tribe.

This notice has been sent to officials of the Fallon Paiute-Shoshone Tribe. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Dr. Alanah Woody, Nevada Division of Museums and History NAGPRA Coordinator, 600 North Carson Street, Carson City, NV 89701, telephone (775) 687-4810, extension 229, before May 14, 2001. Repatriation of the human remains to the Fallon Paiute-Shoshone Tribe may begin after that date if no additional claimants come forward.

Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects in the Possession of the Peabody Museum of Archaeology and Ethnology, Harvard University, Cambridge, MA

AGENCY: National Park Service, Interior.

ACTION: Notice.

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and associated funerary objects in the possession of the Peabody Museum of Archaeology and Ethnology, Harvard University, Cambridge, MA.

The determinations within this notice are the sole responsibility of the museum, institution, or Federal agency that has control of these Native American human remains and associated funerary objects. The National Park Service is not responsible for the determinations within this notice.

A detailed assessment of the human remains was made by the Peabody Museum of Archaeology and Ethnology professional staff in consultation with representatives of the Apache Tribe of Oklahoma; Arapahoe Tribe of the Wind River Reservation, Wyoming; Cheyenne-Arapaho Tribes of Oklahoma; Comanche Indian Tribe, Oklahoma; Crow Tribe of Montana; Iowa Tribe of Kansas and Nebraska;

Iowa Tribe of Oklahoma; Kaw Nation, Oklahoma; Kickapoo Tribe of Indians of the Kickapoo Reservation in Kansas; Kickapoo Tribe of Oklahoma; Kickapoo Traditional Tribe of Texas; Kiowa Indian Tribe of Oklahoma; Northern Cheyenne Tribe of the Northern Cheyenne Indian Reservation,

Montana; Omaha Tribe of Nebraska; Osage Tribe, Oklahoma; Otoe-Missouria Tribe of Indians, Oklahoma; Pawnee Nation of Oklahoma; Prairie Band of Potawatomi Indians, Kansas; Sac & Fox Nation of Missouri in Kansas and Nebraska; Sac & Fox Nation, Oklahoma; Sac & Fox Tribe of the Mississippi in

In 1915, human remains consisting of a single tooth representing one individual were donated to the Peabody Museum of Archaeology and Ethnology by Dr. N.L. Roberts. No known individual was identified. No associated funerary objects are present.

Museum records indicate that these human remains were collected by Dr. Roberts from the "Kaw Village" at the mouth of the Blue Earth River, Pottawatomie County, KS, sometime prior to 1914. The remains were transferred to Frederick H. Sterns of the Peabody Museum of Archaeology and Ethnology during his excavations of the site in 1914 and were accessioned into the museum in 1915.

The site from which these remains originated was known at the time of Sterns' excavations as "Kaw Village," and today is known as the Blue Earth Village site. It has been identified in historical documents as the village occupied by the Kansa between 1757 and 1825. Archeological evidence also supports an occupation of the site between the late 18th and early 19th centuries. Based on archeological and historical evidence, it is likely that these remains are those of an individual of the Kansa Tribe. The Kansa, or Kaw, are represented by the present-day Kaw Nation, Oklahoma.

Based on the above-mentioned information, officials of the Peabody Museum of Archaeology and Ethnology have determined that, pursuant to 43 CFR 10.2(d)(1), the human remains listed above represent the physical remains of one individual of Native American ancestry. Officials of the Peabody Museum of Archaeology and Ethnology also have determined that, pursuant to 43 CFR 10.2(e), there is a relationship of shared group identity that can be reasonably traced between these Native American human remains and the Kaw Nation, Oklahoma.

This notice has been sent to officials of the Apache Tribe of Oklahoma; Arapahoe Tribe of the Wind River Reservation, Wyoming; Cheyenne-Arapaho Tribes of Oklahoma; Comanche Indian Tribe, Oklahoma; Crow Tribe of Montana; Iowa Tribe of Kansas and Nebraska; Iowa Tribe of Oklahoma; Kaw Nation, Oklahoma; Kickapoo Tribe of Indians of the Kickapoo Reservation in Kansas; Kickapoo Tribe of Oklahoma; Kickapoo Traditional Tribe of Texas; Kiowa Indian Tribe of Oklahoma; Northern Cheyenne Tribe of the Northern Cheyenne Indian Reservation, Montana; Omaha Tribe of Nebraska;

Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains should contact Barbara Isaac, Repatriation Coordinator, Peabody Museum of Archaeology and Ethnology, Harvard University, 11 Divinity Avenue, Cambridge, MA 02138, telephone (617) 495-2254, before May 14, 2001. Repatriation of the human remains to the Kaw Nation, Oklahoma may begin after that date if no additional claimants come forward.

In 1959, human remains representing two individuals were donated to the Peabody Museum of Archaeology and Ethnology by the Warren Anatomical Museum, Harvard University Medical School. No known individuals were identified. No associated funerary objects are present.
