The petitions were submitted pursuant to section 251 of the Trade Act of 1974 (19 U.S.C. 2341). Consequently, the United States Department of Commerce has initiated separate investigations to determine whether increased imports into the United States of articles like or directly competitive with those produced by each firm contributed importantly to total or partial separation of the firm's workers, or threat thereof, and to a decrease in sales or production of each petitioning firm.

Any party having a substantial interest in the proceedings may request a public hearing on the matter. A request for a hearing must be received by Trade Adjustment Assistance, Room 7315, Economic Development Administration, U.S. Department of Commerce, Washington, DC 20230, no later than the close of business of the tenth calendar day following the publication of this notice.

The Catalog of Federal Domestic Assistance official program number and title of the program under which these petitions are submitted is 11.313, Trade Adjustment Assistance.

Certain Corrosion-Resistant Carbon Steel Flat Products From Japan: Notice of Final Results of Changed Circumstances Review, and Revocation in Part of Antidumping Duty Order

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of changed circumstances review, and revocation in part of antidumping duty order.

SUMMARY: On March 13, 2001, the Department of Commerce (“the Department”) published a notice of initiation and preliminary results of a changed circumstances review with the intent to revoke, in part, the antidumping duty order on certain

corrosion-resistant carbon steel flat products from Japan. *See Certain Corrosion-Resistant Carbon Steel Flat Products From Japan: Notice of Initiation and Preliminary Results of Changed Circumstances Review of the Antidumping Order and Intent to Revoke Order in Part*, 66 FR 14542 (March 13, 2001) (“*Initiation and Preliminary Results*”). In our *Initiation and Preliminary Results*, we gave interested parties an opportunity to comment; however, we did not receive any comments. We are now revoking this order, in part, with respect to the particular carbon steel flat products described below, based on the fact that domestic parties have expressed no interest in the continuation of the order with respect to these particular carbon steel flat products.

EFFECTIVE DATE: April 26, 2001.

FOR FURTHER INFORMATION CONTACT: Catherine Bertrand or Rick Johnson, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3207, and (202) 482-3818, respectively.

The Applicable Statute and Regulations: Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act of 1930 (“the Act”) by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department’s regulations are to the regulations as codified at 19 CFR Part 351 (2000).

SUPPLEMENTARY INFORMATION:

Background

On January 23, 2001, Dana Glacier Daido America, LLC (“Dana”) requested that the Department revoke in part the antidumping duty order on certain corrosion-resistant carbon steel flat products from Japan. Specifically, Dana requested that the Department revoke the order with respect to imports meeting the following specifications: carbon steel coil or strip, measuring 1.93 millimeters or 2.75 millimeters (0.076 inches or 0.108 inches) in thickness, 87.3 millimeters or 99 millimeters (3.437 inches or 3.900 inches) in width, with a low carbon steel back comprised of: carbon under 8%, manganese under 0.4%, phosphorous under 0.04%, and sulfur under 0.05%; clad with aluminum alloy comprised of: 0.7% copper, 12% tin, 1.7% lead, 0.3% antimony, 2.5% silicon, 1% maximum total other (including iron), and remainder aluminum. Dana also

requested that the Department revoke the order with respect to imports meeting the following specifications: carbon steel coil or strip, clad with aluminum, measuring 1.75 millimeters (0.069 inches) in thickness, 89 millimeters or 94 millimeters (3.500 inches or 3.700 inches) in width, with a low carbon steel back comprised of: carbon under 8%, manganese under 0.4%, phosphorous under 0.04%, and sulfur under 0.05%; clad with aluminum alloy comprised of: 0.7% copper, 12% tin, 1.7% lead, 2.5% silicon, 0.3% antimony, 1% maximum total other (including iron), and remainder aluminum.

On December 30, 2000, domestic producers of the like product, Bethlehem Steel Corporation; Ispat Inland Steel; LTV Steel Company, Inc.; National Steel Corporation; and U.S. Steel Group, a unit of USX Corporation, informed the Department that they have no interest in the importation or sale of steel from Japan with these specialized characteristics. Subsequently, as noted above, we gave interested parties an opportunity to comment on the *Initiation and Preliminary Results*. We received no comments from interested parties.

Scope of Changed Circumstances Review

The merchandise covered by this changed circumstances review is certain corrosion-resistant carbon steel flat products from Japan. This changed circumstances administrative review covers all manufacturers/exporters of carbon steel flat products meeting the following specifications: (1) Carbon steel coil or strip, measuring 1.93 millimeters or 2.75 millimeters (0.076 inches or 0.108 inches) in thickness, 87.3 millimeters or 99 millimeters (3.437 inches or 3.900 inches) in width, with a low carbon steel back comprised of: carbon under 8%, manganese under 0.4%, phosphorous under 0.04%, and sulfur under 0.05%; clad with aluminum alloy comprised of: 0.7% copper, 12% tin, 1.7% lead, 0.3% antimony, 2.5% silicon, 1% maximum total other (including iron), and remainder aluminum; and (2) carbon steel coil or strip, clad with aluminum, measuring 1.75 millimeters (0.069 inches) in thickness, 89 millimeters or 94 millimeters (3.500 inches or 3.700 inches) in width, with a low carbon steel back comprised of: carbon under 8%, manganese under 0.4%, phosphorous under 0.04%, and sulfur under 0.05%; clad with aluminum alloy comprised of: 0.7% copper, 12% tin, 1.7% lead, 2.5% silicon, 0.3% antimony, 1% maximum total other

(including iron), and remainder aluminum.

Final Results of Review; Partial Revocation of Antidumping Duty Order

The affirmative statement of no interest by petitioners concerning carbon steel flat products, as described herein, constitutes changed circumstances sufficient to warrant partial revocation of this order. Also, no party commented on the *Initiation and Preliminary Results*. Therefore, the Department is partially revoking the order on certain corrosion-resistant carbon steel flat products from Japan with regard to products which meet the specifications detailed above, in accordance with sections 751(b) and (d) and 782(h) of the Act and 19 CFR 351.216(d)(1). We will instruct the U.S. Customs Service (“Customs”) to liquidate without regard to antidumping duties, as applicable, and to refund any estimated antidumping duties collected for all unliquidated entries of certain corrosion-resistant carbon steel flat products meeting the specifications indicated above, and not subject to final results of an administrative review as of the date of publication in the **Federal Register** of the final results of this changed circumstances review in accordance with 19 CFR 351.222. We will also instruct Customs to pay interest on such refunds in accordance with section 778 of the Act.

This notice serves as a reminder to parties subject to administrative protective orders (“APOs”) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.306. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

This changed circumstances administrative review, partial revocation of the antidumping duty order and notice are in accordance with sections 751(b) and (d) and 782(h) of the Act and sections 351.216 and 351.222(g) of the Department’s regulations.

Dated: April 19, 2001.

Timothy J. Hauser,

Acting Under Secretary for International Trade.
