Notice of Availability of the Fort Sam Houston and Camp Bullis Master Plan Draft Programmatic Environmental Impact Statement

AGENCY: Department of the Army, DoD.

ACTION: Notice of availability.

SUMMARY: This announces the availability of the Fort Sam Houston and Camp Bullis Master Plan Draft Programmatic Environmental Impact Statement (DPEIS), which assesses the potential environmental impacts of implementing three master planning alternatives. Alternative 1 (No Action Alternative) includes the continuation of: The currently identified stationed population reductions, as reflected in the Army Stationing and Installation Plan; the projected reductions in the Real Property Maintenance Activity budget program for facility maintenance and repair; the "zero investment" maintenance expenditures for vacant historical facilities, and the projected reductions in the Base Operations budget program for utilities and other engineering services. Alternative 2 (Reuse of Facilities and Property by Federal Users) would result in an adaptive reuse of currently vacant historical facilities using the existing

appropriated funds process. This maybe accomplished by bringing to Fort Sam Houston: Additional military missions through individual stationing decisions that take advantage of the capabilities of Fort Sam Houston; and/or additional federal missions through individual stationing decisions that take advantage of the capabilities of Fort Sam Houston. Alternative 3 (Reduction of Underutilized/Unutilized Property through Lease, Sale, or Removal) would result in the reduction of underutilized/unutilized facilities and property on Fort Sam Houston and Camp Bullis, in addition to changes in the Land Use Plan. The reduction in underutilized/unutilized property may be accomplished through: Outgrant leases to the city, county, state, private citizens, businesses, or investors; sale to the city, county, state, private citizens, businesses, or investors; removal from the site; or demolition. The Army may select any one alternative or a combination of alternatives for future activities and planning at Fort Sam Houston.

DATES: The comment period for the DPEIS will end 45 days after publication of the notice of availability in the **Federal Register** by the U.S.

Environmental Protection Agency.

ADDRESSES: To obtain copies of the DPEIS, contact Ms. Jackie Schlatter, PEIS Project Manager, ATTN: MCCS-BPW-E, 2202 15th Street (Bldg. 4196), Fort Sam Houston, Texas 78234-5007.

FOR FURTHER INFORMATION CONTACT: Ms. Jackie Schlatter at (210) 221-5093, by email at jackie.schlatter@cen.amedd.army.mil, or by fax at (210) 221-5419.

SUPPLEMENTARY INFORMATION: This document includes analyses of the potential environmental consequences that the alternative actions may have on land use and visual resources, transportation, utilities, earth resources, air quality, water resources, biological resources, cultural resources, socio-economics, noise, and hazardous materials and items of special concern. The findings indicate that potential environmental impacts from the alternatives may result in some impacts to cultural resources.

A public meeting will be conducted by the Army to receive comments on the DPEIS. Additional information regarding the public meeting will be provided in local and regional newspapers.

The DPEIS has been provided to the following libraries for public access to the document: Fort Sam Houston Library, Bldg. 1222, 2601 Harney, Fort Sam Houston, TX 78234 and the San
