

members of the public to help identify possible solutions in achieving the goals of reducing energy use and increasing energy efficiency in Federal facilities.

No advance registration is required for the meeting. Those wishing to address the committee will be heard based on a "first-come, first-served" sign-up list for each session. With the limited time available, the committee also encourages written recommendations, suggestions, position papers, etc., combined with a short oral summary statement.

Documents may be submitted either before or following the meeting. The Chair of the Committee will make every effort to hear the views of all interested parties. The Chair will conduct the meeting to facilitate the orderly conduct of business.

Minutes: The minutes of the meeting will be available for public review and copying within 30 days at the Freedom of Information Public Reading Room; Room 1E-190; Forrestal Building; 1000 Independence Avenue, SW., Washington, DC, between 9 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

Issued at Washington, D.C., on May 4, 2001.

Rachel M. Samuel,

Deputy Advisory Committee Management Officer.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP01-260-000]

Columbia Gas Transmission Corporation; Notice of Application

May 9, 2001.

Take notice that on May 2, 2001, Columbia Gas Transmission Corporation (Columbia), 12801 Fair Lakes Parkway, Fairfax, Virginia 22030-0146, filed in Docket No. CP01-260-000, an application, pursuant to Sections 7 (b) and (c) of the Natural Gas Act and Part 157 of the Commission's Regulations for abandonment authorization and a certificate of public convenience and necessity authorizing the construction and operation of certain pipeline, compression and appurtenant facilities in Delaware and Pennsylvania, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Columbia proposes to construct and operate the facilities in order to

accommodate deliveries to a power plant being constructed by FPL Energy Marcus Hook L.P. (FPL) on the Delaware-Pennsylvania border. Specifically, Columbia proposes to construct 1.3 miles of 20-inch lateral pipeline in New Castle County, Delaware, and Delaware County, Pennsylvania. Columbia also proposes to construct and operate a 6,000 horsepower (hp) compressor unit at the existing Eagle Compressor Station in Chester County, Pennsylvania, a 6,000 hp compressor unit at the existing Downingtown Compressor Station in Chester County, Pennsylvania, and a new measuring and regulating (M&R) station on the power plant property in Delaware County, Pennsylvania. In addition, Columbia proposes to abandon 2 1,250 hp compressor units at the Downingtown Compressor Station. It is stated that Columbia is abandoning these units because of their age and condition and will no longer need these units when the new units are installed. In related construction under the automatic provisions of its blanket certificate authorization, Columbia proposes to install a new tap and valve at an existing M&R station at the intersection of Columbia's facilities with those of Transcontinental Gas Pipe Line Corporation in Chester County, Pennsylvania, and to replace existing regulators at an interconnection with the facilities of Texas Eastern Transmission Corporation, also in Chester County. Columbia proposes to provide firm transportation service for FPL, delivering 125,000 Dekatherms (dth) of natural gas per day to FPL's plant. Columbia estimates the total cost of the proposed facilities at \$22.3 million.

Any questions regarding this application should be directed to M.D. Mamone, Certificates, at (304) 357-3164, Columbia Gas Transmission Company, P.O. Box 1273, Charleston, West Virginia 25325-1273.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before May 30, 2001, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214) and the regulations under the Natural Gas Act (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive

copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding. Comments, protests and interventions may be filed electronically via the internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the Commission's website at—<http://www.ferc.fed.us/efi/doorbell.htm>.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of environmental documents, and will be able to participate in meetings associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, Commenters will not receive copies of all documents filed by other parties or issued by the Commission, and will not have the right to seek rehearing or appeal the Commission's final order to a Federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

The Commission may issue a preliminary determination on non-environmental issues prior to the completion of its review of the environmental aspects of the project. This preliminary determination typically considers such issues as the need for the project and its economic effect on existing customers of the applicant, on other pipelines in the area, and on landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this proposal, it is important to file comments or to intervene as early in the process as possible.

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a

final Commission order approving or denying a certificate will be issued.

David P. Boergers,
Secretary.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER01-1965-000]

Commonwealth Edison Company; Notice of Filing

May 9, 2001.

Take notice that on May 3, 2001, Commonwealth Edison Company (ComEd), filed a request, consistent with last year's authorization (*Notice of Interim Procedures to Support Industry Reliability Efforts*, 91 FERC ¶61,189 (2000)), to purchase power using a streamlined regulatory process from entities with small amounts of electric wholesale sales. ComEd requests authorization for the use of the streamlined regulatory procedures for the period from June 1, 2001 to September 30, 2001.

Any person desiring to be heard or to protest such filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214). All such motions and protests should be filed on or before May 22, 2001. Protests will be considered by the Commission to determine the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection. This filing may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments, protests and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER01-1329-000]

Idaho Power Company and IDACORP Energy Solutions, LP; Notice of Issuance of Order

May 9, 2001.

Idaho Power Company and IDACORP Energy Solutions, LP (hereafter, "the Applicants") filed with the Commission rate schedules in the above-captioned proceedings, respectively, under which the Applicants will engage in wholesale electric power and energy transactions at market-based rates, and for certain waivers and authorizations. In particular, certain of the Applicants may also have requested in their respective applications that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liabilities by the Applicants. On April 27, 2000, the Commission issued an order that accepted the rate schedules for sales of capacity and energy at market-based rates (Order), in the above-docketed proceeding.

The Commission's April 27, 2000 Order granted the Applicants request for blanket approval under Part 34, subject to the conditions found in Appendix A in Ordering Paragraphs (2), (3), and (5):

(2) Within 30 days of the date of this order, any person desiring to be heard or to protest the Commission's blanket approval of issuances of securities or assumptions of liabilities by the Applicants should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure, 18 CFR 385.211 and 385.214.

(3) Absent a request to be heard within the period set forth in Ordering Paragraph (2) above, if the Applicants have requested such authorization, the Applicants are hereby authorized to issue securities and assume obligations and liabilities as guarantor, indorser, surety or otherwise in respect of any security of another person; provided that such issue or assumption is for some lawful object within the corporate purposes of the Applicants, compatible with the public interest, and reasonably necessary or appropriate for such purposes.

(5) The Commission reserves the right to modify this order to require a further showing that neither public nor private

interests will be adversely affected by continued Commission approval of the Applicants' issuances of securities or assumptions of liabilities * * *.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is May 29, 2001.

Copies of the full text of the Order are available from the Commission's Public Reference Branch, 888 First Street, NE., Washington, DC 20426. The Order may also be viewed on the Internet at <http://www.ferc.fed.us/online/rims.htm> (call 202-208-2222 for assistance). Comments, protests, and interventions may be filed electronically via the internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.fed.us/efi/doorbell.htm>.

BILLING CODE 6717-01-M

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. ER01-1381-000]

Caledonia Generating, L.L.C.; Notice of Issuance of Order

May 9, 2001.

Caledonia Generating, L.L.C. (Caledonia) submitted for filing a rate schedule under which Caledonia will engage in wholesale electric power and energy transactions at market-based rates. Caledonia also requested waiver of various Commission regulations. In particular, Caledonia requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by Caledonia.

On April 27, 2001, pursuant to delegated authority, the Director, Division of Corporate Applications, Office of Markets, Tariffs and Rates, granted requests for blanket approval under Part 34, subject of the following:

Within thirty days of the date of the order, any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by Caledonia should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214).
