## DEPARTMENT OF LABOR

### Employment and Training Administration

[TA-W-38,024]

#### Alabama Structural Beams, a Division of Gulf States Steel, Gadsden, AL; Notice of Negative Determination Regarding Application for Reconsideration

By application dated January 15, 2001, the attorney for United Steelworkers of America, Local 2176, requested administrative reconsideration of the Department's negative determination regarding eligibility to apply for Trade Adjustment Assistance (TAA), applicable to workers and former workers of the subject firm. The denial notice was signed on December 5, 2000, and was published in the **Federal Register** on December 21, 2000 (65 FR 80456).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

(1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;

(2) If it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) If in the opinion of the Certifying Officer, a mis-interpretation of facts or of the law justified reconsideration of the decision.

The petition for the workers of Alabama Structural Beams, a Division of Gulf States Steel, Gadsden, Alabama, was denied because the "contributed importantly" group eligibility requirement of Section 222(3) of the Trade Act of 1974, as amended, was not met. The "contributed importantly" test is generally demonstrated through a survey of customers of the workers' firm. None of the customers reported purchasing imported I-beams.
