DEPARTMENT OF THE INTERIOR

National Park Service

Notice of Meeting of Concessions Management Advisory Board

AGENCY: National Park Service, Interior.

SUMMARY: In accordance with the Federal Advisory Committee Act (Public Law 92-463, 86 Stat. 770, 5 U.S.C. App 1, section 10), notice is hereby given that the Concessions Management Advisory Board will hold its fifth meeting May 30 and 31, 2001, in the Grand Canyon National Park, Arizona. The meeting will be held at the Shrine of Ages on the South Rim of the Grand Canyon National Park. The meeting will convene at 9 a.m. on May 30th in the auditorium at the Shrine of Ages. The meeting will conclude on Thursday afternoon, May 31.

SUPPLEMENTARY INFORMATION: The Advisory Board was established by Title IV, Section 409 of the National Park Omnibus Management Act of 1998, November 13, 1998 (Public Law 105-391). The purpose of the Board is to advise the Secretary and the National Park Service on matters relating to

management of concessions in the National Park System.

The agenda includes the following subjects:

- Discussion and evaluation of the handcraft issue and visits to various retail outlets.
- Review and discussion of Concession Program Business Plan prepared by Price Waterhouse Coopers.
- Discussion of recent Congressional oversight hearings.

The Board will also discuss its organizational and administrative needs.

The meeting will be open to the public, however, facilities and space for accommodating members of the public are limited, and persons will be accommodated on a first-come-first served basis.

Assistance to Individuals With Disabilities at the Public Meeting

The meeting site is accessible to individuals with disabilities. If you plan to attend and will need an auxiliary aid or service to participate in the meeting (e.g., interpreting service, assistive

listening device, or materials in an alternate format), notify the contact person listed in this notice at least two weeks (2 weeks) before the scheduled meeting date. Attempts will be made to meet any request(s) we receive after that date, however, we may not be able to make the requested auxiliary aid or service available because of insufficient time to arrange for its.

Anyone may file with the Board a written statement concerning matters to be discussed. The Board may also permit attendees to address the Board, but may restrict the length of the presentations, as necessary to allow the Board to complete its agenda within the allotted time.

Interested persons may make oral/written presentations to the Advisory Board during the business meeting or file written statements. Such requests should be made to the Director, National Park Service, attention: Manager, Concession Program at least 7 days prior to the meeting. Further information concerning the meeting may be obtained from National Park Service, Concession Program Division, 1849 C St., NW., Rm. 7313, Washington, DC 20240, Telephone 202/565-1210.

Draft minutes of the meeting will be available for public inspection approximately 4 weeks after the meeting, in room 7313, Main Interior Building, 1849 C Street, NW., Washington, DC.

Dated: May 3, 2001.

Denis P. Galvin,

Acting Director, National Park Service.

BILLING CODE 6735-01-M

NATIONAL CRIME PREVENTION AND PRIVACY COMPACT COUNCIL

Notice of Approval of Florida Proposal

AGENCY: National Crime Prevention and Privacy Compact Council.

ACTION: Notice of approval of Florida proposal.

SUMMARY: Pursuant to 28 CFR chapter IX, the Compact Council established by the National Crime Prevention and Privacy Compact has approved a proposal from the State of Florida authorizing access to the Interstate Identification Index (III) system on a delayed fingerprint submission basis for conducting criminal history record checks in connection with the placement of children with temporary custodians on an emergency basis. In approving the proposal, the Compact Council took note of the recommendation of the Criminal Justice Information Services Advisory Policy Board to allow governmental agencies authorized by an approved state statute to conduct "preliminary III name checks" for all persons occupying the residence at the time when children are placed in such residences on an emergency basis.

The approved proposal authorizes III access on a delayed fingerprint submission basis by the Florida Department of Children and Family Services which is authorized to make emergency placements of children by a Florida statute which has been approved by the U.S. Attorney General pursuant to Pub. L. 92-544. Pursuant to the approved proposal, fingerprints are to be submitted as a follow-up to the III name-based check within five working days from such time the name checks are conducted. For the purposes of the proposal, working day is defined as a day when a governmental agency is open for business.

Pursuant to Section 901.3 of 28 CFR, chapter IX, other States may apply to the FBI's Compact Officer for authority to grant delayed fingerprint submission access to governmental agencies authorized by approved state statutes to make emergency child placements. Such application must explain why the submission of fingerprints contemporaneously with search

requests is not feasible and must justify the length of the requested delay in the submission of such fingerprints.

Proposals should be sent to the FBI's Compact Officer at Criminal Justice Information Services, Attn: FBI Compact Officer, 1000 Custer Hollow Road, Clarksburg, WV 26306.

Dated: May 3, 2001.

Wilbur Rehmman,

Chairman, Compact Council.

NUCLEAR REGULATORY COMMISSION

Meeting Concerning the Revision of the Oversight Program for Nuclear Fuel Cycle Facilities

AGENCY: Nuclear Regulatory Commission (NRC).

ACTION: Notice of public meeting.

SUMMARY: NRC will hold a public meeting in Lynchburg, VA to provide the local public, facility employees, citizens' groups, and local officials with information about, and an opportunity to provide views on, how the NRC plans to revise and improve its oversight program for commercial nuclear fuel cycle facilities regulated under 10 CFR parts 40, 70, and 76. The facilities include gaseous diffusion plants, high- and low-enriched uranium fuel fabrication facilities, and a uranium hexafluoride (UF₆) production plant. These facilities possess large quantities of materials that are potentially hazardous (radioactive, toxic, or flammable) to workers, the public, or the environment. Also, some of the facilities possess information and material important to national security. Two of these regulated facilities, BWX Technologies and Framatome, are located in Lynchburg.

The goal of this revision project is to have an oversight program that: (1) Provides earlier and more objective indications of facility performance in the areas of safety and national security, (2) increases stakeholder confidence in the NRC, and (3) increases regulatory effectiveness, efficiency, and realism. To this end, the NRC is striving to make the oversight program more risk-informed and performance-based. The oversight revision project is described in SECY-99-188, "Evaluation and Proposed Revision of the Nuclear Fuel Cycle Facility Safety Inspection Program," and in SECY-00-0222, "Status of Nuclear Fuel Cycle Facility Oversight Program Revision." SECY-99-188 and SECY-
