

NATIONAL CREDIT UNION ADMINISTRATION

Notice of Change in Subject of Meeting

The National Credit Union Administration Board determined that its business required the deletion of the following item from the previously announced closed meeting (**Federal Register**, Vol. 66, No. 93, page 24409, May 14, 2001) scheduled for Thursday, May 17, 2001:

2. One (1) Personnel Matter. Closed pursuant to exemptions (2) and (6).

The Board voted unanimously that agency business required that this item be removed from the closed agenda. Earlier announcement of this change was not possible.

The previously announced items were:

1. Administrative Action under Part 704 of NCUA's Rules and Regulations. Closed pursuant to exemption (8).

2. Two (2) Personnel Matters. Closed pursuant to exemptions (2) and (6).

FOR FURTHER INFORMATION CONTACT:

Becky Baker, Secretary of the Board, Telephone (703) 518-6304.

Becky Baker,

Secretary of the Board.

NATIONAL SCIENCE FOUNDATION

Special Emphasis Panel for Social, Behavioral, and Economic Sciences; Notice of Meeting

In accordance with the Federal Advisory Committee Act (Pub. L. 92-463, as amended), the National Science Foundation announces the following meeting:

Name: Special Emphasis Panel for Social, Behavioral, and Economic Sciences (#1766).

Date/Time: May 31-June 1, 2001, 8:00 a.m. to 5:00 p.m.

Place: National Science Foundation, Rm 525 and 535 (Stafford-II), 4201 Wilson Blvd. Arlington, VA

Type of Meeting: Closed.

Contact Person: Thomas J. Baerwald, Division of Behavioral and Cognitive Sciences, Room 995, National Science Foundation, 4201 Wilson Blvd., Arlington, VA 22230 (703) 292-8754.

Purpose of Meeting: To evaluate proposals submitted for the Biocomplexity in the Environment/Dynamics of Coupled Natural and Human Systems competition.

Agenda: The panel will evaluate proposals and make funding recommendations to NSF staff.

Reason for Closing: The proposals being reviewed include information of a proprietary or confidential nature, including

technical information, financial data, such as salaries, and personal information concerning individuals associated with the proposals. These matters that are exempt under 5 U.S.C. 552b(c)(4) and (6) of the Government Sunshine Act.

Reason for Late Notice: Conflicting schedules of members and the necessity to proceed with the evaluation of proposals.

Dated: May 17, 2001.

Susanne Bolton,

Committee Management Officer.

BILLING CODE 7555-01-M

NUCLEAR REGULATORY COMMISSION

[Dockets No.: 070-364, 70-3035]

Consideration of License Amendment Requests for the Babcock and Wilcox Facility and Shallow Land Disposal Area in Parks Township, PA, and Opportunity for a Hearing

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of consideration of license amendment requests for the Babcock and Wilcox Facility and Shallow Land Disposal Area in Parks Township, Pennsylvania, and opportunity for a hearing.

The U.S. Nuclear Regulatory Commission (NRC) is considering issuance of license amendments to Special Nuclear Material License No. SNM-414 (SNM-414), and Special Nuclear License No. SNM-2001 (SNM-2001), both issued to Babcock and Wilcox Company, Pennsylvania Nuclear Service Operation (the licensee), to authorize amending condition 9, "Authorized Places of Use," of its SNM-414 License at its facility in Parks Township, Pennsylvania and of its SNM-2001 License at its Shallow Land Disposal Area (SLDA).

The licensee has been decommissioning the site in accordance with the conditions discussed in SNM-414. On April 4, 2001, the licensee submitted a license amendment request for change of boundaries by adjusting and transferring two portions of the facility under SNM-414 to a contiguous site under NRC license, SNM-2001, Shallow Land Disposal Area. Both sites are on the NRC's Site Decommissioning Management Plan and the SLDA is being assessed by the U.S. Army Corps of Engineers for possible remediation under the Formerly Utilized Sites Remedial Action Program.

The NRC hereby provides notice that this is a proceeding on request for amendment of a license falling within

the scope of Subpart L "Informal Hearing Procedures for Adjudication in Materials Licensing Proceedings," of NRC's rules and practice for domestic licensing proceedings in 10 CFR Part 2. Pursuant to § 2.1205(a), any person whose interest may be affected by this proceeding may file a request for a hearing in accordance with Section 2.1205(c). A request for a hearing must be filed within thirty (30) days of the date of publication of this **Federal Register** notice.

The request for a hearing must be filed with the Office of the Secretary either:

1. By delivery to the Docketing and Service Branch of the Secretary at One White Flint North, 11555 Rockville Pike, Rockville, MD 20852-2738; or

2. By mail or telegram addressed to the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555. Attention: Docketing and Service Branch.

In addition to meeting other applicable requirements of 10 CFR Part 2 of the NRC's regulations, a request for a hearing filed by a person other than an applicant must describe in detail:

1. The interest of the requester in the proceeding;

2. How that interest may be affected by the results of the proceeding, including the reasons why the requester should be permitted a hearing, with particular reference to the factors set out in § 2.1205(g);

3. The requester's area of concern about the licensing activity that is the subject matter of the proceeding; and

4. The circumstances establishing that the request for a hearing is timely in accordance with § 2.1205(c).

In accordance with 10 CFR 2.1205(e), each request for a hearing must also be served by delivering it personally or by mail, to:

1. The applicant, Babcock and Wilcox Company, R.D. 1, Box 355, Vandergrift, PA 15690, Attention Mr. Richard M. Bartosik; and

2. The NRC staff, by delivery to the Executive Director for Operations, One White Flint North, 11555 Rockville Pike, Rockville, MD 20852, or by mail to the Executive Director for Operations, U.S. Nuclear Regulatory Commission, Washington, DC 20555.

For further details with respect to this action, the licensee request and plans are available for inspection at the NRC's Public Document Room, One White Flint North, 11555 Rockville Pike, Rockville, MD, 20852.

Dated at Rockville, Maryland, this 14th Day of May, 2001.

For the Nuclear Regulatory Commission.
Robert A. Nelson,
*Acting Chief, Decommissioning Branch,
 Division of Waste Management, Office of
 Nuclear Material Safety and Safeguards.*

BILLING CODE 7590-01-P

NUCLEAR REGULATORY COMMISSION

The NRC Seeks Qualified Candidates for the Advisory Committee on Reactor Safeguards

AGENCY: Nuclear Regulatory Commission.

ACTION: Request for resumés.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is seeking qualified candidates for an appointment to its Advisory Committee on Reactor Safeguards (ACRS) to fill a vacancy.

ADDRESSES: Submit resumés to: Ms. Sherry Meador, Administrative Assistant, Operations Support Branch, ACRS/ACNW, Mail Stop T2E-26, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001.

SUPPLEMENTARY INFORMATION: Congress established the ACRS to provide the NRC with independent expert advice on matters related to the safety of existing and proposed nuclear power plants and on the adequacy of proposed reactor safety standards. The Committee work currently emphasizes safety issues associated with the operation of 103 commercial nuclear units in the United States; the pursuit of a risk-informed and performance-based regulatory approach; license renewal applications; risk-informed revisions to 10 CFR Part 50; power uprates; transient and accident analysis codes; use of mixed oxide and high burnup fuels; and advanced reactor designs.

The ACRS membership includes individuals from national laboratories, academia, and industry who possess specific technical expertise along with a broad perspective in addressing safety concerns. Committee members are selected from a variety of engineering and scientific disciplines, such as nuclear power plant operations, nuclear engineering, mechanical engineering, electrical engineering, chemical engineering, metallurgical engineering, risk assessments, structural engineering, materials science, and instrumentation and process control systems. At this time, candidates are specifically being sought who have 15-20 years of experience, including graduate level education, in the area of thermal hydraulics.

Criteria used to evaluate candidates include education and experience, demonstrated skills in nuclear safety matters, and the ability to solve problems. Additionally, the Commission considers the need for specific expertise in relationship to current and future tasks. Consistent with the requirements of the Federal Advisory Committee Act, the Commission seeks candidates with varying views so that the membership on the Committee will be fairly balanced in terms of the points of view represented and functions to be performed by the Committee.

Because conflict-of-interest regulations restrict the participation of members actively involved in the regulated aspects of the nuclear industry, the degree and nature of any such involvement will be weighed. Each qualified candidate's financial interests must be reconciled with applicable Federal and NRC rules and regulations prior to final appointment. This might require divestiture of securities issued by nuclear industry entities, or discontinuance of industry-funded research contracts or grants.

Copies of a resume describing the educational and professional background of the candidate, including any special accomplishments, professional references, current address, and telephone number should be provided. All qualified candidates will receive careful consideration. Appointment will be made without regard to such factors as race, color, religion, national origin, sex, age, or disabilities. Candidates must be citizens of the United States and be able to devote approximately 80-100 days per year to Committee business. Applications will be accepted until July 16, 2001.

Dated: May 16, 2001.

Andrew L. Bates,
Advisory Committee Management Officer.

BILLING CODE 7590-01-P

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon written request, copies available from: Securities and Exchange Commission, Office of Filings and Information Services, Washington, DC 20549

Extension: Rule 19b-4(e) and Form 19b-4(e); SEC File No. 270-447; OMB Control No. 3235-0504.

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget a request for extension of the previously approved collection of information discussed below.

Rule 19b-4(e) permits a self-regulatory organization ("SRO") to immediately list and trade a new derivative securities product so long as such product is in compliance with the criteria of Rule 19b-4(e) under the Securities Exchange Act of 1934 ("Act"). However, in order for the Commission to maintain an accurate record of all new derivative securities products traded through the facilities of SROs and to determine whether an SRO has properly availed itself of the permission granted by Rule 19b-4(e), it is necessary that the SRO maintain, on-site, a copy of Form 19b-4(e) under the Act. Rule 19b-4(e) requires SROs to file a summary form, Form 19b-4(e), and thereby notify the Commission, within five business days after the commencement of trading a new derivative securities product. In addition, the Commission reviews SRO compliance with Rule 19b-4(e) through its routine inspections of the SROs.

The collection of information is designed to allow the Commission to maintain an accurate record of all new derivative securities products traded through the facilities of SROs and to determine whether an SRO has properly availed itself of the permission granted by Rule 19b-4(e).

The respondents to the collection of information are self-regulatory organizations (as defined by the Act), including national securities exchanges and national securities associations.

Ten respondents file an average total of 100 responses per year, which corresponds to an estimated annual response burden of 100 hours. At an average cost per burden hour of \$47.50, the resultant total related cost of compliance for these respondents is \$4,750 per year (100 burden hours multiplied by \$47.50/hour=\$4,750).

Compliance with Rule 19b-4(e) is mandatory. Information received in response to Rule 19b-4(e) shall not be kept confidential; the information collected is public information.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid control number.

Written comments regarding the above information should be directed to the following persons: (a) Desk Officer
