Grain Inspection, Packers and Stockyards Administration

Notice of Request for Extension and Revision of a Currently Approved Information Collection

AGENCY: Grain Inspection, Packers and Stockyards Administration.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), this notice announces the Grain Inspection, Packers and Stockyards Administration's (GIPSA) intention to request an extension for and revision to the currently approved information collection for "Regulations Governing the National Inspection and Weighing System under the United States Grain Standards Act and under the Agricultural Marketing Act of 1946."

DATES: We invite you to comment on this notice; we will consider all comments that we receive by July 24, 2001.

ADDRESSES: Send comments to Tess Butler, GIPSA, USDA, 1400 Independence Avenue, SW, Washington, DC 20250-3604; or FAX to (202) 690-2755; e-mail: comments@gipsadc.usda.gov.

Comments received may be inspected during normal business hours in the office listed above.

FOR FURTHER INFORMATION CONTACT: For information regarding the collection of information activities and the use of the information, contact Tess Butler (202) 720-7486, or at the address listed above.

Copies of this information collection can be obtained from Cathy McDuffie, the Agency Support Services, Specialist, at (301) 734-5190.

SUPPLEMENTARY INFORMATION: Congress enacted the United States Grain Standards Act (USGSA) (7 U.S.C. 71 *et seq.*) and the Agricultural Marketing Act (AMA) (7 U.S.C. 1621 *et seq.*) to facilitate the marketing of grain, oilseeds, pulses, rice, and related commodities. These statutes provide for the establishment of standards and terms which accurately and consistently measure the quality of grain and related products, provide for uniform official inspection and weighing, provide regulatory and service responsibilities, and furnish the framework for commodity quality improvement incentives to both domestic and foreign buyers. The Federal Grain Inspection Service (FGIS) of USDA's Grain

Inspection, Packers and Stockyards Administration establishes policies, guidelines, and regulations to carry out the objectives of the USGSA and the AMA.

The USGSA, with few exceptions, requires official certification of export grain sold by grade. Official services are provided, upon request, for grain in domestic commerce. The AMA authorizes similar inspection and weighing services, upon request, for rice, pulses, flour, corn meal, and certain other agricultural products. Conversely, the regulations promulgating the USGSA and AMA require specific information collection and recordkeeping necessary to carry out requests for official services. Applicants for service must specify the kind and level of service desired, the identification of the product, the location, the amount, and other pertinent information in order that official personnel can efficiently respond to their needs.

Official services under the USGSA are provided through FGIS field offices and delegated and/or designated State and private agencies. Delegated agencies are State agencies delegated authority under the Act to provide official inspection service, Class X or Class Y weighing services, or both, at one or more export port locations in the State. Designated agencies are State or local governmental agencies or persons designated under the Act to provide either official inspection services, Class X or Class Y weighing services, or both, at locations other than export port locations. State and private agencies, as a requirement for delegation and/or designation, must comply with all regulations, procedures, and instructions in accordance with provisions established under the USGSA. FGIS field offices oversee the performance of these agencies and provide technical guidance as needed.

Official services under the AMA are performed, upon request, on a fee basis for domestic and export shipments either by FGIS employees, individual contractors, or cooperators. Contractors are persons who enter into a contract with FGIS to perform specified inspection services. Cooperators are agencies or departments of the Federal Government which have an interagency agreement or State agencies which have a reimbursable agreement with FGIS.

Estimate of Burden: Public reporting and record keeping burden for this collection of information is estimated to average .16 hours per response.

Estimated Number of Respondents: 3,200.

Estimated Number of Responses per Respondent: 920.8.
