

Field Activity, including whether the information shall have practical utility; (b) the accuracy of DoD's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or forms of information technology.

**DATES:** Consideration will be given to all comments received by August 20, 2001.

**ADDRESSES:** Written comments and recommendations on the proposed information collection should be sent to Director, Administration and Management, Directorate for Organizational and Management Planning, ATTN: Mark Munson, 1950 Defense Pentagon, Washington, DC 20301-1950; e-mail: [mark.munson@osd.mil](mailto:mark.munson@osd.mil); telephone: (703) 697-1141/1143.

**FOR FURTHER INFORMATION CONTACT:** To request more information on this proposed information collection or to obtain a copy of the proposal and associated collection instruments, please contact the Directorate for Organizational and Management Planning at (703) 697-1142/1143.

*Title and OMB Number:* Secretary of Defense Biennial Review of Defense Agencies and DoD Field Activities; 0704-[To Be Determined].

*Needs and Uses:* Section 192(c) of Title 10, U.S.C., requires that the Secretary of Defense review the services and supplies provided by each Defense Agency and Department of Defense (DoD) Field Activity. The purposes of the Biennial Review are to ensure the continuing need for each Agency and Field Activity and to ensure that the services and supplies provided by each entity is accomplished in a more effective, economical, or efficient manner than by the Military Departments. A standard organizational-customer survey process serves as the principal data-gathering methodology in the Biennial Review. As such, it provides valuable information to senior officials in the Department regarding the levels of satisfaction held by the organizational customers of the approximately 20 Defense Agencies and DoD Field Activities covered by the Biennial Review.

*Affected Public:* Business or Other For-Profit; Not-For-Profit Institutions.

*Annual Burden Hours:* 500.

*Number of Respondents:* 2,000.

*Responses Per Respondent:* 1.

*Average Burden Per Response:* 15 minutes.

*Frequency:* Biennially.

#### **SUPPLEMENTARY INFORMATION:**

##### **Summary of Information Collection**

The Biennial Review employs a survey to assess organizational-customer satisfaction with the associated business line and addresses overall responsiveness to customer requirements, satisfaction with specific products and services, and quality of coordination with organizational customers. The survey identifies distinct areas of business (business lines) for all Defense Agencies and DoD Field Activities participating in the Review, creates lists of organizational customers specific to each business line, and uses a set of standard evaluation questions across all business lines. Respondents covered by this announcement are private-sector customers of these business lines, such as for the Federal Voting Assistance Program and Defense Finance and Accounting Service.

Dated: June 12, 2001.

## **DEPARTMENT OF DEFENSE**

### **Office of the Secretary**

#### **Submission for OMB Review; Comment Request**

**ACTION:** Notice.

The Department of Defense has submitted to OMB for clearance, the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

*Title and OMB Number:* Defense Federal Administration Supplement (DFARS) Supplement Part 236, Construction and Architect-Engineer Contracts, and Related Clauses at 252.236; OMB Number 0704-0255.

*Type of Request:* Extension.

*Number of Respondents:* 2,710.

*Responses Per Respondents:* 1.

*Annual Responses:* 7,740.

*Average Burden Per Response:* 101 hours.

*Needs and Uses:* Department of Defense contracting officers need this information to evaluate contractor proposals for contract modifications; to determine that a contractor has removed obstructions to navigation; to review contractor requests for payment for mobilization and preparatory work; to

determine reasonableness of costs allocated to mobilization and demobilization; and to determine eligibility for the 20 percent evaluation preference for United States firms in the award of some overseas construction contracts.

*Affected Public:* Business or Other For-Profit.

*Frequency:* On Occasion.

*Respondent's Obligation:* Required to Obtain or Retain Benefits.

*OMB Desk Officer:* Mr. David M. Pritzker.

Written comments and recommendations on the proposed information collection should be sent to Mr. Pritzker at the Office of Management and Budget, Desk Officer for DoD, Room 10236, New Executive Office Building, Washington, DC 20503.

*DOD Clearance Officer:* Mr. Robert Cushing.

Written requests for copies of the information collection proposal should be sent to Mr. Cushing, WHS/DIOR, 1215 Jefferson Davis Highway, Suite 1204, Arlington, VA 22202-4302.

Dated: June 12, 2001.

## DENALI COMMISSION

### Denali Commission Work Plan for Federal Fiscal Year 2003; Request for Comments

**Summary:** The Denali Commission was established by the Denali Commission Act of 1998 to deliver the services of the Federal Government in the most cost-effective manner practicable to communities throughout rural Alaska, many of which suffer from unemployment rates in excess of 50%.

Its purposes include, but are not limited to, providing necessary rural utilities and other infrastructure that promote health, safety and economic self-sufficiency.

The Denali Commission Act requires that the Commission develop proposed work plans for future spending and that the annual work plans be published in the **Federal Register** for a 30-day period, providing an opportunity for public review and comment.

This **Federal Register** notice serves to announce the 30-day opportunity for public comment on the Denali Commission Work Plan for Federal Fiscal Year 2003.

**For Further Information Contact:** Jeffrey Staser, Federal Co-Chair, Denali Commission, 510 "L" Street, Suite 410, Anchorage, AK 99501. Phone: (907) 271-1414; Fax: (907) 271-1415; email: jstaser@denali.gov; web-site: www.denali.gov.

**Supplementary Information:** Copies of the Denali Commission Work Plan can be obtained from the Denali Commission web-site at www.denali.gov or by contacting the Denali Commission as provided in the section above. Copies of the Appendices are not included in the **Federal Register** printing, but are available on the web-site or by contacting the Denali Commission.

### Part One: Denali Commission Purposes and Approach

#### Purposes of Commission

The Denali Commission Act of 1998, as amended (Division C, Title III, PL 105-277), states that the purposes of the Denali Commission are:

To deliver the services of the Federal Government in the most cost-effective manner practicable by reducing administrative and overhead costs.

To provide job training and other economic development services in rural communities, particularly distressed communities (many of which have a rate of unemployment that exceeds 50 percent).

To promote rural development, provide power generation and transmission facilities, modern communication systems, bulk fuel storage tanks, water and sewer systems and other infrastructure needs.

#### Challenges to Development and Economic Self-Sufficiency

**Geography**—The State of Alaska is twenty percent of the landmass of the United States, encompassing five climatic zones from the arctic to moderate rain forests in the south.

**Isolation**—Approximately 220 Alaskan communities are accessible only by air or small boat. Some village communities are separated by hundreds

of miles from the nearest regional hub community or urban center.

**Unemployment**—The economy of rural Alaska is a mix of government or government-funded jobs, natural resource extraction and traditional Native subsistence activities. Many rural Alaskans depend on subsistence hunting, fishing and gathering for a significant proportion of their foods, but also depend on cash income to provide the means to pursue these subsistence activities. Cash paying employment opportunities in much of rural Alaska are scarce and are highly seasonal in many areas; real unemployment rates exceed 50% in 147 communities.

**High Cost and Low Standard of Living**—Over 170 communities suffer from inadequate sanitation or a lack of safe drinking water. Residents face high electric costs: 61 cents per kilowatt-hour for electricity in a few communities; average in rural Alaska is approximately 40 cents per kilowatt-hour with State subsidies.

#### Commission Relationship with Other Organizations

The Commission acts as a catalyst to encourage local, regional, and statewide comprehensive assessment, planning and ranking of needed infrastructure improvements, economic development opportunities and training needs.

The Commission, working with agencies or other organizations whenever feasible, works to improve coordination, and to streamline and expedite the development of needed infrastructure, economic development and training.

The Commission may build on the work of both Federal and State of Alaska agencies to identify statewide needs, to establish priorities and to develop comprehensive work plans.

The Commission seeks the support and involvement of all affected local communities, governing bodies, businesses and other organizations.

The Commission encourages partnerships between government, non-profit organizations, and businesses to expedite sustainable economic and infrastructure development.

#### Commission Schedule

The Commission Work Plan serves as the budget required by the federal Office of Management and Budget (OMB) and is submitted one year in advance of the fiscal year (FY) it addresses. This document, which addresses FY 2003, will be submitted to OMB by October 1, 2001 after the 30-day public comment period.
