

also assembling a roster of qualified dispute resolution and consensus building professionals with particular experience in transportation cases: the Sub-Roster of Transportation Mediators & Facilitators ("Transportation Roster"). The Institute will draw from members of the Roster of ECR Practitioners to assemble the Transportation Roster. The Transportation Roster is part of an ADR system designed through an interagency agreement with the Federal Highway Administration. The system includes the development of a guidance document, a training course, and the Transportation Roster. Information about the Transportation Roster and the appropriate use of neutrals will be provided to every relevant federal and state transportation, environmental, and historical review agency as part of a new guidance document (Environmental Streamlining and Conflict Management.) Transportation roster members will be available to all of these agencies to help design collaborative processes and to resolve interagency disputes that arise during environmental reviews of transportation projects. Transportation Roster members will also be a primary source of trainers for planned interagency training on negotiations and conflict management.

Eligibility for the Transportation Roster: Environmental conflict resolution practitioners (mediators, facilitators, consensus builders, etc.) must first be members of the National Roster of Environmental Dispute Resolution and Consensus Building Professionals (Roster of ECR Practitioners) and then submit the Transportation Roster application demonstrating that they meet the Transportation Roster entry criteria. Entry criteria include experience as a neutral in transportation cases and/or as employees of, or consultants to, relevant agencies.

More Information About, and the Application for, the Transportation Roster: More information is available on the Institute's website: www.ecr.gov. Click the roster link. Click the Transportation Roster link on the right hand navigation bar. The links on that page will connect to a packet of background information, entry criteria and other requirements, applicable definitions, instructions and the short application in a MSWord or WordPerfect file. Practitioners are reminded that they must first apply to, and be a member of, the Roster of ECR Practitioners.

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: Requests for copies must be received in writing on or before August 10, 2001. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

ADDRESSES: To request a copy of any records schedule identified in this notice, write to the Life Cycle Management Division (NWML), National Archives and Records Administration (NARA), 8601 Adelphi Road, College Park, MD 20740-6001. Requests also may be transmitted by FAX to 301-713-6852 or by e-mail to records.mgt@nara.gov. Requesters must cite the control number, which appears in parentheses after the name of the

agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

FOR FURTHER INFORMATION CONTACT:

Marie Allen, Director, Life Cycle Management Division (NWML), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: (301)713-7110. E-mail: records.mgt@nara.gov.

SUPPLEMENTARY INFORMATION: Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in the case of schedules that cover records that may be accumulated throughout an agency. This notice provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction). It also includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it too

includes information about the records. Further information about the disposition process is available on request.

Schedules Pending

1. Department of the Army, U.S. Army Criminal Investigation Command (N1-AU-01-4, 2 items, 2 temporary items).
