Implementation of the Satellite Home Viewer Improvement Act of 1999: Broadcast Signal Carriage Issues/ Retransmission Consent Issues

AGENCY: Federal Communications Commission.

ACTION: Final rule; announcement of effective date.

SUMMARY: This document announces the effective date of certain sections of the Commission's broadcast signal carriage rule, 47 CFR 76.66, which requires satellite carriers, by January 1, 2002, to carry all local television stations seeking carriage in any market in which the carriers provide local-into-local service. Certain sections of the rule contained information collection requirements that required the approval of the Office of Management and Budget ("OMB") before they could become effective. Those sections of the broadcast signal carriage rule have been approved by OMB and become effective on June 29, 2001.

DATES: The amendments to 47 CFR 76.66(c)(3), (c)(5), (d), and (m), published at 66 FR 7410 (Jan. 23, 2001), become effective on June 29, 2001.

SUPPLEMENTARY INFORMATION: On November 29, 2000, the Commission adopted a Report and Order, in CS Docket Nos. 00-96 and 99-363, that implements section 338 of the Communications Act of 1934, adopted as part of the Satellite Home Viewer Improvement Act of 1999 ("SHVIA"). A summary of the Report and Order was published in the **Federal Register** at 66 FR 7410 (Jan. 23, 2001). The Order adopted a rule, 47 CFR 76.66 (Satellite Broadcast Signal Carriage rule), requiring satellite carriers, by January 1, 2002, to carry all local television stations seeking carriage in any market in which they provide local-into-local service. The rule covers a wide range of topics including: carriage obligations and definitions, market definitions, delivery of a good quality signal, duplicating signals, channel positioning, content to be carried, material degradation, compensation for

carriage, and remedies for carriage violations. Sections 76.66(c)(3), (c)(5), (d), and (m) of the rule, however, contained information collection requirements that required OMB approval before they could become effective. OMB approved the information collection requirements on June 7, 2001. See OMB No. 3060-0980. Accordingly, §§ 76.66(c)(3), (c)(5), (d), and (m) of the rule become effective on June 29, 2001. This document constitutes publication of the effective date of those sections.

ACTION: Closure; request for comments.

SUMMARY: NMFS announces that the commercial fishery for all salmon (except coho) in the area from Horse Mountain to Point Arena, CA, was closed on May 21, 2001, at 2359 hours local time (l.t.). SUPPLEMENTARY INFORMATION:

Regulations governing the ocean salmon fisheries at 50 CFR 660.409 (a)(1) state that, when a quota for any salmon species in any portion of the fishery management area is projected by the Regional Administrator to be reached on or by a certain date, NMFS will, by notification issued under 50 CFR 660.411 (a)(2), close the fishery for all salmon species in the portion of the fishery management area to which the

quota applies, as of the date the quota is projected to be reached.

In the 2001 management measures for ocean salmon fisheries (66 FR 23185, May 8, 2001), NMFS announced that the commercial fishery for all salmon (except coho) in the area from Horse Mountain to Point Arena, CA, would open on May 1 through earlier of May 31 or a 3,000-chinook quota.

The Regional Administrator consulted with representatives of the Pacific Fishery Management Council and the California Department of Fish and Game. The best available information on May 21, 2001, indicated that the catch and effort data, as well as projections, supported closure of the commercial fishery in this area at 2359 hours l.t., May 21, 2001. The State of California will manage the fishery in state waters adjacent to this area of the exclusive economic zone in accordance with this Federal action. As provided by the inseason notice procedures of 50 CFR 660.411, actual notice to fishermen of these actions was given prior to 2359

hours l.t on May 21, 2001, by telephone hotline number 206-526-6667 and 800-662-9825, and by U.S. Coast Guard Notice to Mariners broadcasts on Channel 16 VHF-FM and 2182 kHz.

Because of the need for immediate action to close the fishery upon achievement of the quota, NMFS has determined that good cause exists for this document to be issued without affording a prior opportunity for public comment. This document does not apply to other fisheries that may be operating in other areas.

Classification

This action is authorized by 50 CFR 660.409 and 660.411 and is exempt from review under Executive Order 12866.
