

Title: Section 80.409(d) and (e), Ship Radiotelephone Logs.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Businesses or other for-profit entities; Not-for-profit institutions; and State, local, or tribal governments.

Number of Respondents: 10,950.

Estimated Time per Response: 47.3 hours.

Frequency of Response: Recordkeeping.

Total Annual Burden: 517,935 hours.

Total Annual Costs: None.

Needs and Uses: The recordkeeping requirement in 47 CFR §§ 80.409(d) and (e) is necessary to document that compulsory radio equipped vessels and high seas vessels maintain listening watches and logs as required by statutes and treaties (including treaty requirements contained in Appendix 11 of the International Radio Regulations, Chapter IV, Regulation 19 of the International Convention for the Safety of Life at Sea, the Bridge-to-Bridge Radiotelephone Act, The Great Lakes Agreement, and the Communications Act). A retention period of more than one year is required when a log involves communications relating to a disaster, an investigation, any claim, or complaint. The FCC uses this information during inspections and investigations to insure compliance with applicable rules and treaties and to assist in vessel distress and disaster investigations. Foreign governments may use this information for similar purposes when a vessel is operating in their territorial waters.

FEDERAL COMMUNICATIONS COMMISSION

[CC Docket No. 80-286; DA 01-1496]

Streamlined ARMIS 43-04 (Jurisdictional Separations) Report

AGENCY: Federal Communications Commission.

ACTION: Notice; comments requested.

SUMMARY: In this document the Commission is seeking comment on streamlining ARMIS 43-04 Report. The Commission directed the Common Carrier Bureau to seek comment on the content of a streamlined Separations Report (ARMIS 43-04). The proposed

ARMIS Report 43-04 would reduce the total number of pages in the report from 63 to seven pages.

DATES: Written comments by the public are due on or before July 20, 2001, reply comments are due on or before August 6, 2001.

ADDRESSES: Federal Communications Commission, 445-12th Street, SW, TW-A325, Washington, DC 20554.

FOR FURTHER INFORMATION CONTACT: Andrew Mulitz, Accounting Safeguards Division, Common Carrier Bureau, at (202) 418-0827.

SUPPLEMENTARY INFORMATION: On May 22, 2001, the Commission adopted the recommendation of the Federal-State Joint Board to impose an interim freeze of certain jurisdictional cost categories and allocation factors. Specifically, the Commission adopted a freeze of all separations category relationships and allocation factors for price cap companies, and a freeze of all allocation factors for rate-of-return carriers. The Commission further concluded, however, that rate-of-return carriers shall also have a one-time option to freeze their category relationships if they determine that doing so is in their best interests based upon their individual investment patterns or plans. The Commission concluded that it could streamline its current separations reporting requirements, while receiving sufficient information to evaluate the freeze and consider further separations reform. The Commission directed the Common Carrier Bureau to seek comment on the content of a streamlined Separations Report (ARMIS 43-04). The proposed ARMIS Report 43-04 would reduce the total number of pages in the report from 63 to seven pages. We hereby seek comment on the attached proposed streamlined ARMIS Report 43-04.

Comments are due on the attached proposal insert date 20 days after date of publication in the **Federal Register**. Reply comments are due insert date 35 days after date of publication in the **Federal Register**.
