

Status of proposed information collection: OMB approved an emergency paperwork clearance for this information collection and assigned it OMB Control No. 2528-0182, expiration date March 31, 2000. The information collection was allowed to expire because Congress stopped funding the program. However, there are ongoing monitoring and reporting responsibilities for the existing grants which will require an information collection control number.

Authority: Sec. 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: June 25, 2001.

Lawrence L. Thompson,

General Deputy, Assistant Secretary for Policy Development and Research.

BILLING CODE 4210-62-M

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Notice of Availability of an Environmental Assessment/Habitat Conservation Plan and Receipt of Application for an Incidental Take Permit for three karst cave invertebrates from a Residential and Commercial Development on approximately 1,000 acres in Bexar County, Texas

SUMMARY: La Cantera Development Company, Ltd. (Applicant) has applied to the U.S. Fish and Wildlife Service (Service) for an incidental take permit pursuant to Section 10(a) of the Endangered Species Act (Act). The Applicant has been assigned permit number TE-044512-0. The requested permit, which is for a period of 30 years, would authorize the incidental take of *Cicurina madla* (Madla's Cave spider), *Rhadine exilis* and *Rhadine infernalis* (no common names). The proposed take would occur as a result of the construction of commercial developments on 1,000 acres in an area bounded by I-10 to the east, Loop 1604 to the south, Babcock Road to the west, and Camp Bullis Road to the north in the City of San Antonio, Bexar County, Texas.

The Service has prepared the Environmental Assessment/Habitat Conservation Plan (EA/HCP) for the incidental take application. A determination of jeopardy to the species or a Finding of No Significant Impact (FONSI) will not be made before 60 days from the date of publication of this notice. This notice is provided pursuant to Section 10(c) of the Act and National

Environmental Policy Act regulations (40 CFR 1506.6).

DATES: August 31, 2001.

ADDRESSES: Persons wishing to review the application may obtain a copy by writing to the Regional Director, U.S. Fish and Wildlife Service, P.O. Box 1306, Albuquerque, New Mexico 87103. Persons wishing to review the EA/HCPs may obtain a copy by contacting Christina Longacre, Ecological Services Field Office, 10711 Burnet Road, Suite 200, Austin, Texas 78758 (512/490-0063). Documents will be available for public inspection by written request, by appointment only, during normal business hours (8:00 am to 4:30 pm), U.S. Fish and Wildlife Service, Austin, Texas. Written data or comments concerning the application and EA/HCP should be submitted to the Field Supervisor, Ecological Field Office, Austin, Texas at the above address. Please refer to permit number TE-044512-0 when submitting comments.

FOR FURTHER INFORMATION CONTACT:

Christina Longacre at the above Austin Ecological Service Field Office.

SUPPLEMENTARY INFORMATION: Section 9 of the Act prohibits the "taking" of endangered species such as the *Cicurina madla* (Madla's Cave spider), *Rhadine exilis* and *Rhadine infernalis* (no common names). However, the Service, under limited circumstances, may issue permits to take endangered wildlife species incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for endangered species are at 50 CFR 17.22.

Applicant: La Cantera Development Company plans to construct a commercial and residential development on approximately 1,000 acres generally bounded by I-10 to the east, Loop 1604 to the south, Babcock Road to the west, and Camp Bullis Road to the north in the City of San Antonio, Bexar County, Texas. This action will occur on all portions of the property except those designated as necessary to protect on-site karst areas and will impact Caves #1 and #2, which contain the endangered *Rhadine exilis* and *Cicurina madla*, and Cave #3, which contains only *Cicurina*. No take of any other listed endangered species is expected to result from completion of the Proposed Alternative. However, since *Rhadine infernalis* is known from the general area and it has been adequately mitigated for within the proposed preserves, the Applicant will be covered for this species.

The development will eliminate most of the habitat for these species on site, and will cause deterioration of the cave ecosystem by encouraging fire ants,

altering the surface and subsurface moisture and temperature regimes and increasing human impacts. The applicant proposes to compensate for this incidental take of the three listed species by protecting seven karst preserves totaling 181 acres to be protected and managed in perpetuity. The karst preserves include one-acre on-site preserves for La Cantera Caves 1 and 2, and five off-site preserves totaling approximately 179 acres. In addition, undeveloped portions of the property would be monitored and treated for introduced fire ants, use of pesticides and herbicides would be restricted, and use of the premises for businesses that have the potential to contaminate subsurface karst and/or groundwater (i.e., gas stations and dry cleaners) would be prohibited.

Alternatives to this action were rejected because not developing the subject property with federally listed species present was not economically feasible and alteration of the project design would increase the impacts.

Bryan Arroyo,

Acting Regional Director, Region 2, Albuquerque, New Mexico.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[MT-929-01-1420-HE]

Montana: Filing of Plat of Survey

AGENCY: Bureau of Land Management, Montana State Office, Interior.

ACTION: Notice.

SUMMARY: The plat of the following described land is scheduled to be officially filed in the Montana State Office, Billings, Montana, thirty (30) days from the date of this publication.

T. 20 N., R. 58 E., P.M., MT

The plat, representing the dependent resurvey of portions of the south boundary, subdivisional lines and the adjusted original meanders of the right bank of a channel of the Yellowstone River, downstream, through section 34, the subdivision of section 34, and the survey of the present right bank of a channel of the Yellowstone River, downstream, through section 34 and a certain division of accretion line in section 34, Township 20 North, Range 58 East, Principal Meridian, Montana, was officially accepted May 29, 2001.

The survey was requested by the Miles City Field Office and was necessary to identify accretion and

erosion to original lots 3 and 8 in section 34 of the subject township.

A copy of the preceding described plat will be immediately placed in the open files and will be available to the public as a matter of information.

If a protest against this survey, as shown on this plat, is received prior to the date of the official filing, the filing will be stayed pending consideration of the protests.

This particular plat will not be officially filed until the day after all protests have been accepted or dismissed and become final or appeals from the dismissal affirmed.

FOR FURTHER INFORMATION CONTACT:

Bureau of Land Management, 5001 Southgate Drive, P.O. Box 36800, Billings, Montana 59107-6800.

Dated: June 12, 2001.

Robert L. Brockie,

Acting Chief Cadastral Surveyor, Division of Resources.

DEPARTMENT OF THE INTERIOR

National Park Service

Anacostia Park General Management Plan; Public Notice

In accordance with section 102(2)(c) of the National Environmental Policy Act of 1969, the National Park Service (NPS) is preparing an Environmental Impact Statement (EIS) to assess the impacts of alternative management strategies for the General Management Plan (GMP) for Anacostia Park, Washington, DC.

The GMP/EIS will evaluate a range of alternatives that address cultural and natural resources protection, socioeconomic concerns, traffic and pedestrian circulation, and visitor use.

Public involvement will be a key component in the preparation of the GMP/EIS.

As part of the Anacostia Waterfront Initiative (AWI), NPS is conducting a GMP for Anacostia Park. This riverine park is composed of a series of 8 areas that are better known by their individual names. They are Kenilworth Aquatic Gardens, Kenilworth Park, River Terrace, Fairlawn/Twining, Boathouse Row, Robert F. Kennedy (RFK) Stadium Shoreline, the Arboretum Shoreline and Langston Golf Course. All of these areas lay along the Anacostia River between the 11th Street Bridges and the Maryland State line. The areas are collectively named and managed as Anacostia Park. The purpose of this GMP/EIS is to give

vision and unity of purpose as well as functional specificity these areas.

A separate planning effort is being undertaken for Poplar Point. This is an area of approximately 100 acres that involves lands under the jurisdiction of NPS and the District of Columbia. Sixty acres of this is composed of lands transferred to NPS in 1984 from the Architect of the Capitol and the District of Columbia that had used these properties for plant nursery purposes for 65 years. The Act of Congress which transferred these lands provided for a joint planning process between the Secretary of the Interior and the Mayor of the District of Columbia which was to include transportation facilities related to the Metro stop and other uses to be determined by the planning process. Although this area will become part of the family of parks that are a part of Anacostia Park, its unique circumstance at this point in time requires a separate planning process as part of the AWI. The plan will also be accompanied by an EIS.

The RFK Stadium and its parking lots are on lands under the jurisdiction of NPS but are leased to the District of Columbia for 49 years with another 49-year renewable clause as provided for in Public Law 85-300 as amended (September 7, 1957). This law retained a strip of land, a minimum of 200-feet wide, along the shoreline as parkland that will be addressed as part of the GMP/EIS. The remainder of the RFK Stadium property will be included in the AWI planning.

The responsible official is Terry R. Carlstrom, Regional Director, National Capital Region, NPS. Written comments should be submitted to Superintendent of National Capital Parks—East, 1900 Anacostia Drive, SE., Washington, DC—20020.

Terry R. Carlstrom,

Regional Director, National Capital Region.

DEPARTMENT OF THE INTERIOR

National Park Service

General Management Plan, Draft Environmental Impact Statement, Devils Tower National Monument, Wyoming

AGENCY: National Park Service, Department of the Interior.

ACTION: Availability of draft environmental impact statement and general management plan for devils tower national monument.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, the National Park Service announces the availability of a Draft Environmental Impact Statement and General Management Plan (DEIS/GMP) for Devils Tower National Monument, Wyoming.

DATE: The DEIS/GMP will remain available for public review until August 31, 2001.

Comments: If you wish to make comments, you may submit them by any one of several methods. You may mail comments to Devils Tower National Monument, Planning Team, P.O. Box 10, Devils Tower, WY, 82714. You may also send comments by email to: deto-planning@nps.gov. If you do not receive a confirmation from the system that we have received your email message, you may contact Chris Moos [(307) 467-5283 ext 15)] at Devils Tower National Monument. Finally, you may hand-deliver comments to Park Headquarters/ Administration Office, Devils Tower National Monument. Please include your name and return address regardless of the method you choose to make comments. Our practice is to make comments, including names and home addresses of respondents, available for public review during regular business hours. Individual respondents may request that we withhold their home address from the record, which we will honor to the extent allowable by law. There also may be circumstances in which we would withhold from the record a respondent's identity, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comment. We will make all submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, available for public inspection in their entirety.

ADDRESSES: Copies of the DEIS/GMP are available from the Superintendent, Devils Tower National Monument, P.O. Box 10, Devils Tower, WY, 82714. Public reading copies of the DEIS/GMP will be available for review at the following locations:

Office of the Superintendent, Park Headquarters (Administration Office), Devils Tower National Monument, P.O. Box 10, Devils Tower, WY, 827124, Telephone: (307) 467-5283. Planning and Environmental Quality, Intermountain Support Office—Denver, National Park Service, 12795 West Alameda Parkway, P.O. Box 25287, Denver, CO 80225-0287,
