[Docket No. RP01-460-000]

Canyon Creek Compression Company; Notice of Proposed Changes in FERC Gas Tariff

July 2, 2001.

Take notice that on June 22, 2001, Canyon Creek Compression Company (Canyon) tendered for filing to be part of its FERC Gas Tariff, Sixth Revised Volume No. 1, certain tariff sheets listed on Appendix A to the filing, to be effective July 23, 2001.

Canyon states that the purpose of this filing is to implement a negotiated rate provision in its tariff consistent with the Federal Energy Regulatory Commission's (Commission) "Statement of Policy and Request for Comments" issued January 31, 1996 in Docket Nos. RM95-6 and RM96-7.

Canyon states that copies of the filing are being mailed to its customers and interested state regulatory agencies.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 or 385.211 of the Commission's Rules and Regulations. All such motions or protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings. Any person wishing to become a party must file a motion to intervene. This filing may be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" from the RIMS Menu and follow the instructions (please call (202) 208-2222 for assistance). Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001 (a)(1)(iii) and the

instructions on the Commission's web site at <http://www.ferc.gov> under the link to the User's Guide. If you have not yet established an account, you will need to create a new account by clicking on "Login to File" and then "New User Account."

[Docket No. CP01-391-000]

Clear Creek Storage Company, L.L.C.; Notice of Application

July 2, 2001.

Take notice that on June 22, 2001, Clear Creek Storage, L.L.C. (Clear Creek), 180 East 100 South, Salt Lake City, Utah 84111, filed an application pursuant to Section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Commission's Rules and Regulations, for authorization to convert two existing observation wells to withdrawal wells and construct the piping necessary to connect the two wells to the existing injection/withdrawal lateral, in order to increase the withdrawal capability of its storage reservoir within existing certificated volumes, all as more fully set forth in the application on file with the Commission and open to public inspection. This filing may be viewed on the web at <http://www.ferc.gov> using the "RIMS" link, select "Docket #" from the RIMS Menu and follow the instructions (please call (202) 208-2222 for assistance).

Specifically, Clear Creek seeks to obtain authorization to convert Well Nos. 35-4B and 22-9B, located in its Clear Creek Field in Uinta County, Wyoming, from observation wells to withdrawal wells and construct and operate 336 feet of 4-inch diameter pipeline to connect Well No. 35-4B to the existing injection/withdrawal lateral and 1,000 feet of 4-inch diameter pipeline to connect Well No. 22-9B to the existing injection/withdrawal lateral.

Clear Creek states that the purpose of the proposed construction is to benefit existing customers by providing necessary redundancy in reservoir withdrawal facilities, thereby enhancing the reliability of Clear Creek's storage-transportation system during normal withdrawal activities and in the event of

pipeline failure or route system maintenance.

Any questions regarding the application should be directed to Michael B. McGinley, Vice President, Clear Creek Storage Company, L.L.C., 180 East 100 South Street, P.O. Box 45601, Salt Lake City, Utah 84111, at (801) 324-2527.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before July 23, 2001, file with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters

will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission may issue a preliminary determination on non-environmental issues prior to the completion of its review of the environmental aspects of the project. This preliminary determination typically considers such issues as the need for the project and its economic effect on existing customers of the applicant, on other pipelines in the area, and on landowners and communities. For example, the Commission considers the extent to which the applicant may need to exercise eminent domain to obtain rights-of-way for the proposed project and balances that against the non-environmental benefits to be provided by the project. Therefore, if a person has comments on community and landowner impacts from this proposal, it is important either to file comments or to intervene as early in the process as possible.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's web site at <http://www.ferc.gov> under the link to the User's Guide. If you have not yet established an account, you will need to create a new account by clicking on "Login to file" and then "New User Account."

If the Commission decides to set the application for a formal hearing before an Administrative Law Judge, the Commission will issue another notice describing that process. At the end of the Commission's review process, a final Commission order approving or denying a certificate will be issued.

Secretary.

Florida Gas Transmission Company; Notice of Compliance Filing

July 2, 2001.

Take notice that on June 27, 2001, Florida Gas Transmission Company (FGT) tendered for filing as part of its

FERC Gas Tariff, Third Revised Volume No. 1, the following tariff sheet to become effective June 25, 2001:

Substitute Second Revised Sheet No. 135A

FGT states that on May 25, 2001, FGT filed the referenced tariff sheet which would permit adjustments to the rate components of discount agreements to achieve the agreed upon overall rate as long as all rate components remain within the applicable minimum and maximum rates. Subsequently, on June 22, 2001, the Federal Energy Regulatory Commission issued an order requiring FGT to change the word may to must on the referenced tariff sheet. FGT states that it is making the tariff revision as required.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceedings.
