

Contact: Hany W. Demian, Center for Devices and Radiological Health (HFZ-410), Food and Drug Administration, 9200 Corporate Blvd., Rockville, MD 20850, 301-594-2036, or FDA Advisory Committee Information Line, 1-800-741-8138 (301-443-0572 in the Washington, DC area), code 12522. Please call the Information Line for up-to-date information on this meeting.

Agenda: On July 25, 2001, the subcommittee will hear public comments related to the Center's science review. Information is available on the Internet at <http://www.fda.gov/cdrh/strategic/>.

Procedure: On July 25, 2001, from 1 p.m. to 2 p.m., the meeting is open to the public. Interested persons may present data, information, or views, orally or in writing, regarding the Center's science review. Written submissions may be made to the contact person by July 20, 2001. Oral presentations from the public will be scheduled between approximately 1 p.m. and 2 p.m. Time allotted for each presentation may be limited. Those desiring to make formal oral presentations should notify the contact person by July 20, 2001, and submit a brief statement of the general nature of the evidence or arguments they wish to present, the names and addresses of proposed participants, and an indication of the approximate time requested to make their presentation.

Closed Subcommittee Deliberations: On July 24, 2001, from 8:30 a.m. to 5 p.m.; on July 25, 2001, from 8:30 a.m. to 1 p.m., and from 2 p.m. to 5 p.m.; and on July 26, 2001, from 8:30 a.m. to 3 p.m., the meeting will be closed to the public. The meeting will be closed to permit discussion and review of trade secret and/or confidential information.

FDA regrets that it was unable to publish this notice 15 days prior to the July 24, 25, and 26, 2001, Subcommittee for the Center for Devices and Radiological Health Science Review of the Science Board to the Food and Drug Administration meeting. Because the agency believes there is some urgency to bring this issue to public discussion and qualified members of the Subcommittee for the Center for Devices and Radiological Health Science Review of the Science Board to the Food and Drug Administration were available at this time, the Commissioner of Food and Drugs concluded that it was in the public interest to hold this meeting even if there was not sufficient time for the customary 15-day public notice.

Dated: July 12, 2001.

Bonnie H. Malkin,

Special Assistant to the Senior Associate Commissioner.

Notice of Intent To Prepare an Environmental Impact Statement for the National Coal Heritage Area, Management Action Plan

AGENCY: National Park Service, Department of the Interior.

ACTION: Notice of intent to prepare an Environmental Impact Statement for the

National Coal Heritage Area (NCHA) Management Action Plan.

SUMMARY: Under the provisions of the National Environmental Policy Act of 1969, the National Park Service is preparing an environmental impact statement (EIS) for the Management Action Plan for the National Coal Heritage Area. The National Coal Heritage Area Act of 1996 requires the NCHA, with guidance from the National Park Service, to prepare a management plan for the heritage area. The purpose of the Management Action Plan is to (1) set forth the integrated cultural, historical, and land resource management policies and programs in order to retain, enhance, and interpret the significant values of the lands, water, and structures of the Area; (2) describe the guidelines and standards for projects that involve preservation, restoration, maintenance, operations, interpretation, and promotion of buildings, structures, facilities, and sites; and (3) set forth the responsibilities of the State of West Virginia, units of local government, nonprofit entities, in order to further historic preservation and compatible economic revitalization.

The study area, designated as the National Coal Heritage Area, includes the following eleven counties in the southern region of West Virginia: Boone, Cabell, Fayette, Logan, McDowell, Mercer, Mingo, Raleigh, Summers, Wayne, and Wyoming.

The National Park Service (NPS) maintains three park sites within the region: New River Gorge National River, The Bluestone National Scenic River and the Gauley National Recreation Area. Otherwise the majority of land is non-federal and the NPS assumes a management role only within their park units. Instead, conservation, interpretation and other activities are managed by partnerships among federal, state, and local governments and private nonprofit organizations. The national heritage area is managed by the State of West Virginia Division of Culture and History and Division of Tourism. The National Park Service has been authorized by Congress to provide technical and financial assistance for a limited period to the state (up to 10 years from the time of the designation in 1996).

The EIS will address a range of alternatives—they include a no-action alternative and two action alternatives. The first action alternative involves a phased action plan that follows development of transportation access through the region. The basic premise involves: (1) Building interpretive
