

provided by the crowd in response to his initial request for a market—and the crowd then wants to take part or all of the order at the improved price—the floor broker is entitled to priority over the crowd to facilitate up to 40% of the contracts. If the floor brokers has proposed the cross at a price between the best bid and offer provided by the crowd in response to his initial request for a market, and the trading crowd subsequently improves the floor broker's price, and the facilitation cross is executed at that improved price, the floor broker would only be entitled to priority to facilitate up to 20% of the contracts.

The program also provides that if the facilitation transaction takes place at the specialist's quoted bid or offer, any participation allocated to the specialist pursuant to Amex trading floor practices would apply only to the number of contracts remaining after all public customer orders have been filled and the number firm's crossing rights have been exercised.<sup>5</sup> However, in no case could the total number of contracts guaranteed to the member firm and the specialist exceed 40% of the facilitation transactions.

In the year since the pilot program began, the Exchange has found it to be generally successful. The Exchange seeks to reinstate the pilot program for 90 days, pending consideration of a related proposed rule change it has filed with Commission<sup>6</sup> concerning revisions to the program that the Amex believes will provide further incentive for price improvement by using different procedures to determine specialist and registered option trader participation. The related proposal would also make the program permanent.

In order to allow the pilot program to be reinstated without significant interruption, the Amex has requested that the Commission expedite review of, and grant accelerated approval to, this proposal, pursuant to Section 19(b)(2) of the Act.<sup>7</sup>

## 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act<sup>8</sup> in general and

further the objectives of Section 6(b)(5) of the Act<sup>9</sup> in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and is not designed to permit unfair discrimination between customers, issuers, brokers.

### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange believes that the proposed rule change will impose no burden on competition.

### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were solicited or received with respect to the proposed rule change.

## III. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of the filing will also be available for inspection and copying at the principal offices of the Exchange. All submissions should refer to File No. SR-Amex-2001-37 and should be submitted by August 8, 2001.

## IV. Commission Findings and Order Granting Accelerated Approval of Proposed Rule Change

The Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.<sup>10</sup> In its original approval of

the pilot program,<sup>11</sup> the Commission detailed its reasons for finding its substantive features consistent with the Act, and, in particular, the requirements of Sections 6(b)(5) and 6(b)(8) of the Act.<sup>12</sup> The Commission has previously approved rules on other exchanges that establish substantially similar programs on a permanent basis,<sup>13</sup> and the reinstatement of the pilot program on the Amex—pending review of its related proposal to revise the program and make it permanent—raises no new regulatory issues for consideration by the Commission.

The Commission finds good cause, consistent with Sections 6(b) and 19(b)(2) of the Act, for approving the proposed rule change prior to the thirtieth day after the date of publication of the notice of filing thereof in the **Federal Register**. The proposal will allow the pilot program to be reinstated while revisions are being considered, and does not raise any new regulatory issues.

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act, that the proposed rule change be, and hereby is, approved on an accelerated basis as a pilot program through October 9, 2001.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>14</sup>

("NASDR") pursuant to which, among other things, NASDR provides services related to conducting regulatory investigations and disciplinary actions.

The proposed rule change was published for comment in the **Federal Register** on May 29, 2001.<sup>3</sup> The Commission received no comments on the proposal.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-44550; File No. SR-NSCC-2001-08]

### Self-Regulatory Organizations; National Securities Clearing Corporation; Order Granting Approval of a Proposed Rule Change Relating to Processing Commission Payments

July 12, 2001.

On April 27, 2001, the National Securities Clearing Corporation ("NSCC") filed with the Securities and Exchange Commission ("Commission") a proposed rule change (File No. SR-NSCC-2001-08) pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act").<sup>1</sup> Notice of the proposal was published in the **Federal Register** on May 29, 2001.<sup>2</sup> No comment letters were received. For the reasons discussed below, the Commission is granting approval of the proposed rule change.

#### I. Description

The purpose of the filing is to further standardize and automate NSCC's processing of commission payments to non-clearing members. In accordance with NSCC Rule 16, NSCC's Commission Bill Service currently permits non-clearing members entitled to a credit to receive their monthly commission bill payments either electronically by Automated Clearing House ("ACH") wire transfer or manually by check. At present, slightly less than 50% of NSCC's approximate 350 non-clearing members receive their commission bill payments by check. Such manual distributions are made on the floors of the New York Stock Exchange ("NYSE") and the American Stock Exchange ("AMEX"). The proposed rule change will require all non-clearing members to execute appropriate ACH documentation and to receive their credit payments by ACH wire transfer.

In the event a non-clearing member does not pay an amount it owes to NSCC, the rule is being changed to explicitly permit NSCC to set-off any future commission bill credits to which the non-clearing member is entitled.

Subject to Commission approval, NSCC will implement the proposed rule changes on July 13, 2001. Any non-clearing member that has not executed the appropriate ACH wire transfer documentation will not receive any credit payments until it does.

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> Securities Exchange Act Release No. 44330 (May 29, 2001), 66 FR 29192.

## II. Discussion

Section 17A(b)(3)(F)<sup>3</sup> of the Act requires that the rules of a clearing agency be designed to remove impediments to and perfect the mechanism of a national system. The proposed rule change allows NSCC to require non-clearing members to receive their monthly commission payments by wire transfer rather than by check. By electronically transferring such funds, NSCC can further standardize and automate its processing systems which is consistent with NSCC's obligation to remove impediments to and perfect the mechanism of the national system for clearance and settlement. Therefore, the Commission finds that NSCC's proposed rule change is consistent with its obligations under section 17A(b)(3)(F) of the Act.

## III. Conclusion

On the basis of the foregoing, the Commission finds that the proposed rule change is consistent with the requirements of the Act and in particular Section 17A of the Act and the rules and regulations thereunder.

*It is therefore ordered*, pursuant to Section 19(b)(2) of the Act, that the proposed rule change (File No. SR-NSCC-2001-08) be and hereby is approved.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.<sup>4</sup>
