

administration of the Federal Milk Marketing Orders authorized by the Agricultural Marketing Agreement Act of 1937, as amended. This Act provides the framework for long-run process and marketing stability. The Federal Milk Marketing Order regulations require that milk handlers report in detail the receipt and utilization of milk and milk products handled at each of their plants that are regulated by a Federal Order. The report of receipts and utilization and the Producer Payroll report are completed by regulated milk handlers and milk marketing cooperative and are the principal reporting forms needed to administer the 11 Federal Milk Marketing Orders.

Need and Use of the Information: The information collected is needed to administer the classified pricing system and related requirements of each Federal Order. Forms are used for reporting purposes and to establish the quantity of milk received by handlers, the pooling status of the handler, and the class-use of the milk used by the handler and the butterfat content and amounts of other components of the milk. Without the monthly information, the market administrator would not have the information to compute each monthly price nor know if handlers were paying producers on dates prescribed in the order. Penalties are imposed for order violation, such as the failure to pay producers by the prescribed dates.

Description of Respondents: Business or other for-profit; not-for-profit institutions; individuals or households; farms.

Number of Respondents: 692.

Frequency of Responses:

Recordkeeping; reporting: On occasion; quarterly; monthly; annually.

Total Burden Hours: 23,858.

Title: WIC Local Agency Directory Report.

OMB Number: 0584-0431.

Expiration Date: 11-30-2001.

Type of Request: Extension of a currently approved collection form.

Abstract: FNS administers the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) by awarding cash grants to State agencies (generally State health departments). The State agencies award subgrants to local agencies (generally local health departments and nonprofit organizations) to deliver program benefits and services to eligible participants. FNS maintains a WIC Local Agency Directory which lists the names and addresses of all WIC local agencies. WIC State and local agencies and FNS use the directory to refer individuals to the nearest source of WIC Program services and to maintain continuity of program services to migrant and other transient participants. It is also used as a mailing list to

provide local agencies with technical assistance manuals and other information. State agencies complete the WIC Local Agency Directory Report Form to inform FNS when a local agency is newly established, closed or changes its address. This data is needed to keep the directory current.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 0.17 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Respondents: Directors or Administrators of WIC State agencies.

Estimated Number of Responses per Respondent: One.

Agency Information Collection Activities: Proposed Collection; Comment Request; Uniform Grant Application Package for Discretionary Grant Programs

AGENCY: Food and Nutrition Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, the Food and Nutrition Service (FNS) is publishing for public comment a summary of a proposed information collection. The proposed collection is for a uniform grant application package for FNS discretionary grant programs. All FNS discretionary grant programs will be eligible, but not required, to use this uniform grant application package.

DATES: Comments on this notice must be received by October 1, 2001.

ADDRESSES: Send comments and requests for copies of this proposed information collection to Cato L. Watson, Jr., Food and Nutrition Service, USDA, 3101 Park Center Drive, Room 322, Alexandria, VA 22302.

Comments are invited on: (a) Whether the proposed collection of information

is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

All comments will be summarized and included in the request for Office of Management and Budget (OMB) approval of the information collection. All comments will become matter of public record.

FOR FURTHER INFORMATION CONTACT: Cato Watson, (703) 305-2242.

SUPPLEMENTARY INFORMATION: *Title:* Uniform Grant Application Package for FNS Discretionary Grant Programs.

Type of request: New collection of information.

Abstract: FNS has a number of discretionary grant programs. (Consistent with the definition in 7 CFR part 3016, the term "grant" as used in this notice includes cooperative agreements.) The authorities for these

grants vary and will be cited as part of each grant application solicitation.

The proposed information collection is for a uniform grant application package usable for all of these grant programs to collect the information from grant applicants needed to evaluate and rank applicants and protect the integrity of the grantee selection process. All FNS discretionary grant programs will be eligible, but not required, to use the uniform grant application package. Before soliciting applications for a discretionary grant program, FNS will decide whether the uniform grant application package will meet the needs for that grant program. If FNS decides to use the uniform grant application package, FNS will note in the grant solicitation that applicants must use the uniform grant application package and that the information collection has already been approved by OMB. If FNS decides not to use the uniform grant application package or determines that it needs grant applicants to provide additional information not contained in the uniform package, then FNS will publish a notice soliciting comments on its proposal to collect different/additional information before making the grant solicitation.

The uniform grant application package will include general information and instructions; a checklist; requirement for the program narrative statement describing how the grant objectives will be reached; the

Standard Form (SF) 424 series that requests basic information, budget information and assurances; and certifications. The proposed information collection covered by this notice is that related to the requirements for the program narrative statement. The requirements for the program narrative statement are based on the requirements for program narrative statements described in section 1.c(5) of OMB Circular A-102, and will apply to all types of grantees—State and local governments, non-profit organizations, and for-profit organizations. The information collection burdens related to the SF 424 series and the certifications have been separately approved by OMB.

Respondents: Applicants for FNS discretionary grant programs.

Estimated Number of Respondents: 455.

Estimated Annual Number of Responses per Respondent: 1.

Estimate of Burden: Public reporting burden for this collection of information is estimated to range from 4 hours to 80 hours.

Estimated Total Annual Burden: 23000 hours.

Dated: July 23, 2001.

George A. Bradley,

Acting Administrator, Food and Nutrition Service.

DEPARTMENT OF COMMERCE**Submission for OMB Review; Comment Request**

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the

provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: U.S. Census Bureau.*Title:* School Enrollment Report.*Form Number(s):* P-4.*Agency Approval Number:* 0607-0459.*Type of Request:* Extension of a currently approved collection.*Burden:* 15 hours.*Number of Respondents:* 30.*Avg Hours Per Response:* 30 minutes.*Needs and Uses:* The Census Bureau requests an extension of the current Office of Management and Budget clearance of the School Enrollment Report. Collection of school enrollment data is necessary to produce annual estimates of the population of states for application to current Federal programs. Each year, in the spring, the Census Bureau sends the School Enrollment Report to 30 state departments of education. The remaining states publish reports early in the year and we obtain those in our Census Bureau library. We request fall public and nonpublic school enrollment by grade for the state and selected counties in 24 of the states. In six states we request year end enrollment. Most of the respondents send back a printout or prepublication copy of their annual report instead of filling out the survey form. Many of the 30 departments of education will eventually publish reports containing enrollment figures, but not in time to use in our estimates.

School enrollment data are used by the Census Bureau to estimate both total state population and state population by age and sex. The Census Bureau's population estimates are regularly used by dozens of Federal agencies for allocating Federal program funds, as bases for rates of occurrence, and as input for Federal surveys. The estimates are also used by state and local governments, businesses, and the public for planning and other informational uses.

Affected Public: State, local, or Tribal government.*Frequency:* Annually.*Respondent's Obligation:* Voluntary.*Legal Authority:* Title 13 U.S.C., Sections 181 and 182.*OMB Desk Officer:* Susan Schechter, (202) 395-5103.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, room 6086, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at mclayton@doc.gov).

Written comments and recommendations for the proposed

information collection should be sent within 30 days of publication of this notice to Susan Schechter, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: July 25, 2001.
