SUPPLEMENTARY INFORMATION:

Background

On September 4, 1996, the Department of Commerce issued antidumping duty orders on imports of large newspaper printing presses from Germany and Japan (61 F.R. 46621). The Commission is conducting reviews to determine whether revocation of the orders would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. It will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct full reviews or expedited reviews. The Commission's determinations in any expedited reviews will be based on the facts available, which may include information provided in response to this notice.

and Budget (OMB) number is not displayed; the OMB number is 3117-0016/USITC No. 01-5-064, expiration date July 31, 2002. Public reporting burden for the request is estimated to average 7 hours per response. Please send comments regarding the accuracy of this burden estimate to the Office for Investigations, U.S. International Trade Commission, 500 E Street, SE., Washington, DC 20436.

Definitions

The following definitions apply to these reviews:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year reviews, as defined by the Department of Commerce.

(2) The *Subject Countries* in these reviews are Germany and Japan.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the Subject Merchandise. In its original determinations, the Commission defined the Domestic Like Product as all large newspaper printing presses, press additions, components, and elements.

(4) The *Domestic Industry* is the U.S. producers as a whole of the Domestic Like Product, or those producers whose collective output of the Domestic Like Product constitutes a major proportion of the total domestic production of the product. In its original determinations, the Commission defined the Domestic Industry as producers of large newspaper printing presses, press additions, components, and elements. The Commission found that appropriate circumstances exist to exclude TK5 (USA) from the domestic industry as a related party.

(5) The *Order Date* is the date that the antidumping duty orders under review became effective. In these reviews, the Order Date is September 4, 1996.

(6) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the Subject Merchandise into the United States from a foreign manufacturer or through its selling agent.

Participation in the Reviews and Public Service List

Persons, including industrial users of the Subject Merchandise and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the reviews as parties must file an entry of appearance with the Secretary to the Commission, as provided in section 201.11(b)(4) of the Commission's rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the reviews.

Former Commission employees who are seeking to appear in Commission five-year reviews are reminded that they are required, pursuant to 19 CFR 201.15,

to seek Commission approval if the matter in which they are seeking to appear was pending in any manner or form during their Commission employment. The Commission's designated agency ethics official has advised that a five-year review is the "same particular matter" as the underlying original investigation for purposes of 19 CFR 201.15 and 18 U.S.C. 207, the post employment statute for Federal employees. Former employees may seek informal advice from Commission ethics officials with respect to this and the related issue of whether the employee's participation was "personal and substantial." However, any informal consultation will not relieve former employees of the obligation to seek approval to appear from the Commission under its rule 201.15. For ethics advice, contact Carol McCue Verratti, Deputy Agency Ethics Official, at 202-205-3088.

Limited Disclosure of Business Proprietary Information (BPI) Under an Administrative Protective Order (APO) and APO Service List

Pursuant to section 207.7(a) of the Commission's rules, the Secretary will make BPI submitted in these reviews available to authorized applicants under the APO issued in the reviews, provided that the application is made no later than 21 days after publication of this notice in the **Federal Register**. Authorized applicants must represent interested parties, as defined in 19 U.S.C. § 1677(9), who are parties to the reviews. A separate service list will be maintained by the Secretary for those parties authorized to receive BPI under the APO.

Certification

Pursuant to section 207.3 of the Commission's rules, any person submitting information to the Commission in connection with these reviews must certify that the information is accurate and complete to the best of the submitter's knowledge. In making the certification, the submitter will be deemed to consent, unless otherwise specified, for the Commission, its employees, and contract personnel to use the information provided in any other reviews or investigations of the same or comparable products which the Commission conducts under Title VII of the Act, or in internal audits and investigations relating to the programs and operations of the Commission pursuant to 5 U.S.C. Appendix 3.

Written Submissions

Pursuant to section 207.61 of the Commission's rules, each interested party response to this notice must provide the information specified below. The deadline for filing such responses is September 20, 2001. Pursuant to section 207.62(b) of the Commission's rules, eligible parties (as specified in Commission rule 207.62(b)(1)) may also file comments concerning the adequacy of responses to the notice of institution and whether the Commission should conduct expedited or full reviews. The deadline for filing such comments is October 15, 2001. All written submissions must conform with the provisions of sections 201.8 and 207.3 of the Commission's rules and any submissions that contain BPI must also conform with the requirements of sections 201.6 and 207.7 of the Commission's rules. The Commission's rules do not authorize filing of submissions with the Secretary by facsimile or electronic means. Also, in accordance with sections 201.16(c) and 207.3 of the Commission's rules, each document filed by a party to the reviews must be served on all other parties to the reviews (as identified by either the public or APO service list as appropriate), and a certificate of service must accompany the document (if you are not a party to the reviews you do not need to serve your response).

Inability To Provide Requested Information

Pursuant to section 207.61(c) of the Commission's rules, any interested party that cannot furnish the information requested by this notice in the requested form and manner shall notify the Commission at the earliest possible time, provide a full explanation of why it cannot provide the requested information, and indicate alternative forms in which it can provide equivalent information. If an interested party does not provide this notification (or the Commission finds the explanation provided in the notification inadequate) and fails to provide a complete response to this notice, the Commission may take an adverse inference against the party pursuant to section 776(b) of the Act in making its determinations in the reviews.

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 332-350 and 332-351]

Monitoring of U.S. Imports of Tomatoes; Monitoring of U.S. Imports of Peppers

AGENCY: United States International Trade Commission.

ACTION: Publication of monitoring reports in 2001.

SUMMARY: The Commission hereby gives notice of its intention to publish the results of its monitoring of U.S. imports of tomatoes and U.S. imports of peppers, other than chili peppers, in November 2001. Although section 316 of the North American Free-Trade Agreement Implementation Act (NAFTA Implementation Act), 19 U.S.C. 3381, does not require that the Commission publish reports on the results of its monitoring activities, the initial notices of investigation for these studies indicated that the Commission planned to publish reports on the monitoring annually. Subsequently, the Commission has published statistical reports in those years in which it was not conducting an investigation under other statutory authority with respect to such products. The most recent monitoring reports were published in November 2000.

For further information concerning the conduct of these investigations and rules of general application, consult the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201).

EFFECTIVE DATE: July 19, 2001.

FOR FURTHER INFORMATION CONTACT: Tim McCarty (202-205-3324) or Cathy Jabara (202-205-3309), Agriculture and Forest Products Division, Office of Industries, U.S. International Trade Commission, 500 E Street, SW, Washington DC, 20436, for general information, or William Gearhart (202-205-3091), Office of the General Counsel, U.S. International Trade Commission, for information on legal aspects. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on (202) 205-1810. The public record for these investigations may be viewed on the Commission's electronic docket (EDIS-ON LINE) at <http://dockets.usitc.gov/eol/public>.

SUPPLEMENTARY INFORMATION:

Background

Section 316 of the North American Free-Trade Agreement Implementation Act (NAFTA Implementation Act) directs the Commission to monitor imports of fresh or chilled tomatoes (HTS heading 0702.00) and fresh or chilled peppers, other than chili peppers (HTS subheading 0709.60.00), until January 1, 2009. As a result of such monitoring, the domestic industry producing a like or directly competitive

perishable agricultural product may request, in a global safeguard petition filed under section 202 of the Trade Act of 1974 or a bilateral safeguard petition filed under section 302 of the NAFTA Implementation Act, that provisional relief be provided pending completion of a full section 202 or 302 investigation. If provisional relief is requested, the Commission has 21 days in which to make its determination and to transmit any provisional relief recommendation to the President. In response to the monitoring directive, the Commission instituted investigation No. 332-350, Monitoring of U.S. Imports of Tomatoes (59 FR 1763) and investigation No. 332-351, Monitoring of U.S. Imports of Peppers (59 FR 1762).

To be assured of consideration by the Commission, written statements relating to the Commission's report should be submitted to the Commission in accordance with section 201.8 of the Commission's rules at the earliest practical date and should be received no later than the close of business on August 30, 2001. All submissions should be addressed to the Secretary, United States International Trade Commission, 500 E Street SW, Washington, DC 20436.

By order of the Commission.
