

v. Hodel, 803 F.2d 1016, 1022 (9th Cir. 1986) and *Wisconsin Heritages, Inc. v. Harris*, 490 F. Supp. 1334, 1338 (E.D.Wis. 1980). Because of these court rulings, it is very important that those interested in this proposed action participate by the close of the 45-day comment period so that substantive comments and objections are made available to the Forest Service at a time when it can meaningfully consider them and respond to them in the final environmental impact statement.

To assist the Forest Service in identifying and considering issues and concerns on the proposed action, comments on the supplemental draft environmental impact statement should be as specific as possible. It is also helpful if comments refer to specific pages or chapters of the supplemental draft environmental impact statement. Comments may also address the adequacy of the supplemental draft environmental impact statement or the merits of the alternatives formulated and discussed in the statement. (Reviewers may wish to refer to the Council on Environmental Quality Regulations for implementing the procedural provisions of the National Environmental Policy Act at 40 CFR 1503.3 in addressing these points.)

After the comment period ends on the supplemental draft environmental impact statement, the comments will be analyzed, considered, and responded to by the three federal agencies in preparing the final environmental impact statement.

The responsible officials will consider the comments, responses, environmental consequences discussed in the final environmental impact statement, and applicable laws, regulations, and policies in making a decision regarding the proposal to cross federal lands with a 765,000-bolt transmission line. The responsible officials will document their decisions and reasons for their decisions in a Record of Decision.

The responsible official for the Forest service is William E. Damon, Jr., Forest Supervisor, George Washington and Jefferson National Forests, 5162 Valleypointe Parkway, Roanoke, Virginia, 24019. The responsible official for the National Park Service is Pamela Underhill, Park Manager, Appalachian National Scenic Trail, National Park Service, Harpers Ferry Center, Harpers Ferry, West Virginia 25425. The responsible official for the US Army Corps of Engineers in West Virginia is Colonel John D. Rivenburgh, US Army Corps of Engineers, Huntington District, 508 8th Street, Huntington, West Virginia 25701-2070. The responsible

official for the US Army Corps of Engineers in Virginia is Colonel David L. Hansen, US Army Corps of Engineers, Norfolk District, 803 Front Street, Norfolk, Virginia 23510.

Dated: July 31, 2001.

William E. Damon, Jr.,

Forest Supervisor, George Washington and Jefferson National Forests.

BILLING CODE 3410-11-M

DEPARTMENT OF COMMERCE

[I.D. 073101A]

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Gear-Marking Requirements for the Harbor Porpoise Take Reduction Plan.

Form Number(s): None.

OMB Approval Number: 0648-0357.

Type of Request: Regular submission.

Burden Hours: 21.

Number of Respondents: 25.

Average Hours Per Response: 1 minute per net tagged.

Needs and Uses: Federal regulations at 50 CFR 229.34 limit the number of nets that can be used in certain mid-Atlantic fisheries that appear to be most closely linked with the accidental catch of harbor porpoises. Fishermen in these fisheries must obtain and attach numbered tags for their nets. Because the number of tags per vessel is capped, the tagging program helps to limit the number of nets in use and helps NOAA to identify the number in use.

Affected Public: Business or other for-profit organizations, individuals or households.

Frequency: Third-party disclosure.

Respondent's Obligation: Mandatory.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, Room 6086, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at MClayton@doc.gov).

Written comments and recommendations for the proposed

information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503.

Dated: July 27, 2001.

Madeleine Clayton,

Departmental Paperwork Clearance Officer, Office of the Chief Information Officer.

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

[I.D. 073101B]

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Reporting Requirements for the Ocean Salmon Fishery off the Coasts of Washington, Oregon, and California.

Form Number(s): None.

OMB Approval Number: 0648-0433.

Type of Request: Regular submission.

Burden Hours: 10.

Number of Respondents: 40.

Average Hours Per Response: 15 minutes.

Needs and Uses: Based on the management regime specified each year, designated regulatory areas in the commercial ocean salmon fishery off the coasts of Washington, Oregon, and California may be managed by numerical quotas. To accurately assess catches relative to quota attainment during the fishing season, catch data by regulatory area must be collected in a timely manner. Requirements to land salmon within specific time frames and in specific areas may be implemented in the preseason regulations to aid in timely and accurate catch accounting for a regulatory area. State landing systems normally gather the data at the time of landing. If unsafe weather conditions or mechanical problems prevent compliance with landing requirements, fishermen need an alternative to allow for a safe response. Fishermen would be exempt from landing requirements so long as the appropriate notifications are made providing the name of the vessel, the port where delivery will be made, the approximate amount of salmon (by species) on board, and the estimated time of arrival.

Affected Public: Business and other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Required to obtain or retain a benefit.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Madeleine Clayton, Departmental Paperwork Clearance Officer, (202) 482-3129, Department of Commerce, Room 6086, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at MClayton@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to David Rostker, OMB Desk Officer, Room 10202, New Executive Office Building, Washington, DC 20503.

Dated: July 27, 2001.

Madeleine Clayton,

*Departmental Paperwork Clearance Officer,
Office of the Chief Information Officer.*

Submission for OMB Review; Comment Request

The Department of Commerce has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Northeast Region Raised Footrope Trawl Exempted Fishery.

Form Number(s): None.

OMB Approval Number: 0648-0422.

Type of Request: Emergency submission.

Burden Hours: 230.

Number of Respondents: 288.

Average Hours Per Response: 2 minutes.

Needs and Uses: Framework 35 to the Northeast Multispecies Fishery Management Plan modified existing multispecies regulations to allow for a seasonal whiting raised footrope trawl exempted fishery. Persons holding multispecies Federal Fisheries Permits and wanting to participate in the exempted fishery must: (1) request a certificate to fish in the fishery, and (2) provide notification when they withdraw from the fishery. Requests for certificates must include the vessel name, owner name, permit number, and

the desired period of time that the vessel will be enrolled. The information is needed for management of the fishery and enforcement.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

OMB Desk Officer: David Rostker, (202) 395-3897.

BILLING CODE 3510-22-S

DEPARTMENT OF COMMERCE

Bureau of Export Administration

[Docket No. 01-BXA-03]

Mark Jin, Also Known as Zhongda Jin Individually and FJ Technology, Respondent; Decision and Order

On June 25, 2001, the Administrative Law Judge (hereinafter "ALJ") issued a Recommended Decision and Order in the above-captioned matter. The Recommended Decision and Order, a copy of which is attached hereto and made a part hereof, has been referred to me for final action. The Recommended Decision and Order sets forth the procedural history of the case, the facts of the case, and the detailed findings of fact and conclusions of law. The findings of fact and conclusions of law concern whether Mark Jin, also known as Zhongda Jin, individually, and FJ Technology Service, Inc., also known as FJT Technology (hereinafter collectively referred to as "Jin"), committed 34 violations of the former and current Export Administration Regulations (hereinafter "Regulations")¹ issued

¹ The violations at issue occurred between 1996 and 2000. The Regulations governing the violations are found in the 1996, 1997, 1998, 1999, and 2000 versions of the Code of Federal Regulations (15 CFR

pursuant to the Export Administration Act of 1979, as amended (50 U.S.C.A. app. 2401-2420 (1991 & Supp. 2000)) (hereinafter the "Act"),² and a recommended penalty for those violations.

Based on the allegations in the charging letter, the Recommended Decision and Order found that Jin had committed one violation of section 787.4, one violation of section 787.6 four violations of section 787A.4, and four violations of section 787A.6 of the former Regulations; and twelve violations of section 764.2(a) and twelve violations of section 764.2(e) of the Regulations (for a total of 34 violations). These violations resulted from shipping arsine, phosphine, trimethylgallium, trimethylaluminum, and trimethylindium to China on seventeen occasions between March 1996 and January 2000 without obtaining the export licenses that Jin knew or had reason to know were required for such exports under both the former and current Regulations. Based on these violations, the ALJ recommended that Jin's export privileges be denied for a period of 25 years.

Based on my review of the record and pursuant to section 766.22(c) of the Regulations, I am affirming the June 25, 2001 Recommended Decision and Order finding that Jin committed 34 violations of the former and current Regulations. I also am imposing as a penalty for these knowing and continual violations the 25-year denial of Jin's export privileges that was recommended by the ALJ.

Accordingly, It Is Therefore Ordered,

First, that, for a period of 25 years from the date of this Order, Mark Jin, also known as Zhongda Jin, individually, and FJ Technology

parts 768-799 (1996), as amended (61 FR 12,714, March 25, 1996) (hereinafter the "former Regulations") and 15 CFR parts 730-774 (1997, 1998, 1999, and 2000)). The March 25, 1996 **Federal Register** publication redesignated, but did not republish, the then-existing regulations as 15 CFR parts 768A-799A. In addition, the March 25 **Federal Register** published the restructured and reorganized Regulations, designating them as an interim rule at 15 CFR parts 730-774, effective April 24, 1996. Compliance with either the former Regulations or the Regulations was permitted until November 1, 1996, at which time the removal of the former Regulations became effective. Both the former Regulations and the Regulations define the various violations that BXA alleges occurred in this matter. The Regulations establish the proceedings that apply to this matter.

² The Act expired on August 20, 1994. Executive Order 12924 (3 CFR 1994 Comp. 917 (1995)), which had been extended by successive presidential Notices, the most recent being that of August 3, 2000 (65 FR 48,347, August 8, 2000), continued the Regulations in effect under the International Emergency Economic Powers Act (50 U.S.C.A. 1701-1706 (1991 & Supp. 2000)) until November 13, 2000 when the Act was reauthorized. *See* Pub. L. 106-508
