

DEPARTMENT OF TRANSPORTATION**Coast Guard****33 CFR Part 165****[CGD09-01-114]****RIN 2115-AA97****Safety Zone; Bay City Relay for Life Fireworks, Saginaw River, MI****AGENCY:** Coast Guard, DOT.**ACTION:** Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for the Bay City Relay for Life fireworks display on August 11, 2001. This safety zone is necessary to control vessel traffic within the immediate location of the fireworks launch site and to ensure the safety of life and property during the event. This safety zone is intended to restrict vessel traffic from a portion of the Saginaw River.

DATES: This temporary final rule is effective on August 11, 2001, from 9 p.m. until 12 midnight.

ADDRESSES: Comments and material received from the public, as well as documents indicated in this preamble as being available in the docket, are part of docket [CGD09-01-114] and are available for inspection or copying at: U.S. Coast Guard Marine Safety Office Detroit, 110 Mt. Elliott St., Detroit, MI 48207, between 8 a.m. and 4 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: ENS Brandon Sullivan, U.S. Coast Guard Marine Safety Office Detroit, 110 Mt. Elliott St., Detroit, MI 48207. The telephone number is (313) 568-9558.

SUPPLEMENTARY INFORMATION:**Regulatory Information**

We did not publish a notice of proposed rulemaking (NPRM) for this regulation. Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing an NPRM. Under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this rule effective less than 30 days after publication in the **Federal Register**. The permit application was not received in time to publish an NPRM followed by a final rule before the effective date. Delaying this rule would be contrary to the public interest of ensuring the safety of spectators and vessels during this event and immediate action is necessary to prevent possible loss of life or property. The Coast Guard has not received any complaints or negative comments previously with regard to this event.

Background and Purpose

Temporary safety zones are necessary to ensure the safety of vessels and spectators from the hazards associated with fireworks displays. Based on recent accidents that have occurred in other Captain of the Port zones, and the explosive hazard of fireworks, the Captain of the Port Detroit has determined fireworks launches in close proximity to watercraft pose significant risks to public safety and property. The likely combination of large numbers of recreational vessels, congested waterways, darkness punctuated by bright flashes of light, alcohol use, and debris falling into the water could easily result in serious injuries or fatalities. Establishing safety zones to control vessel movement around the locations of the launch platforms will help ensure the safety of persons and property at these events and help minimize the associated risk.

The safety zone will encompass all waters surrounding the fireworks launch platform bounded by the arc of a circle with a 300-yard radius with its center in approximate position 43°35'03" N, 083°53'06" W (off of Bay City Aggregate). The geographic coordinates are based upon North American Datum 1983 (NAD 83). The size of this zone was determined using the National Fire Prevention Association guidelines and local knowledge concerning wind, waves, and currents.

All persons and vessels shall comply with the instructions of the Coast Guard Captain of the Port or the designated on-scene patrol representative. Entry into, transiting, or anchoring within these safety zones is prohibited unless authorized by the Captain of the Port Detroit or his designated on-scene representative. The Captain of the Port or his designated on-scene representative may be contacted via VHF Channel 16.

Regulatory Evaluation

This rule is not a "significant regulatory action" under section 3(f) of Executive Order 12866 and does not require an assessment of potential costs and benefits under section 6(a)(3) of that order. The Office of Management and Budget has not reviewed this rule under that order. It is not "significant" under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040, February 26, 1979). We expect the economic impact of this rule to be so minimal that a full Regulatory Evaluation under paragraph 10(e) of the regulatory policies and procedures of DOT is unnecessary.

This determination is based on the minimal time that vessels will be restricted from the zone, and therefore minor, if any, impacts to mariners will result.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601-612), we considered whether this rule would have a significant impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule would not have a significant economic impact on a substantial number of small entities.

This rule would affect the following entities, some of which might be small entities: the owners or operators of commercial vessels intending to transit or anchor in a portion of one of the activated safety zones.

This safety zone will not have a significant economic impact on a substantial number of small entities for the following reasons: This safety zone is only in effect from 9 p.m. until 12 midnight the day of the event; and vessel traffic may be allowed to pass through the safety zone under Coast Guard escort with the permission of the Captain of the Port Detroit or his designated on-scene representative. Before the effective period, we will issue maritime advisories widely available to users of the Saginaw River by the Ninth Coast Guard District Local Notice to Mariners, and Marine Information Broadcasts. Facsimile broadcasts may also be made.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Public Law 104-121), we want to assist small entities in understanding this rule so that they can better evaluate its effects and participate in the rulemaking process. If the rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact Marine

Safety Office Detroit (see **ADDRESSES**). Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1-888-REG-FAIR (1-888-734-3247).

Collection of Information

This rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3520).

Federalism

We have analyzed this rule under Executive Order 13132 and have determined that this rule does not have implications for federalism under that Order.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531-1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of \$100,000,000 or more in any one year. Though this rule would not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

Taking of Private Property

This rule would not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

The Coast Guard has analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Environment

We have considered the environmental impact of this rule and concluded that, under figure 2-1, paragraph 34(g) of Commandant Instruction M16475.1C, this rule is categorically excluded from further environmental documentation. A written categorical exclusion determination is available in the docket for inspection or copying where indicated under **ADDRESSES**.

Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

List of Subjects in 33 CFR Part 165

Harbors, Marine Safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C. 1231; 50 U.S.C. 191, 33 CFR 1.05-1(g), 6.04-1, 6.04-6, 160.5; 49 CFR 1.46.

2. A new temporary § 165.T09-989 is added to read as follows:

§ 165.T09-989 Safety Zone; Bay City, MI, Saginaw River.

(a) *Location.* The safety zone encompasses all waters of the Saginaw River surrounding the fireworks launch platform bounded by the arc of a circle with a 300-yard radius with its center in approximate position 43°35'03" N, 083°53'06" W (off of Bay City Aggregate). The geographic coordinates are based upon North American Datum 1983 (NAD 83).

(b) *Effective time and date.* This section is effective on August 11, 2001, from 9 p.m. until 12 midnight (local time). The designated on-scene Patrol Commander may be contacted via VHF Channel 16.

(c) *Regulations.* In accordance with the general regulations in § 165.23 of this part, entry into these safety zones is prohibited unless authorized by the

Coast Guard Captain of the Port Detroit, or his designated on-scene representative.

Dated: August 2, 2001.

B.P. Hall,

Lieutenant Commander, U.S. Coast Guard, Acting Captain of the Port Detroit.

33 CFR Part 165

[COTP Honolulu 01-054]

RIN 2115-AA97

Safety Zone: Japanese Fisheries High School Training Vessel EHIME MARU Relocation and Crew Member Recovery, Pacific Ocean, South Shores of the Island of Oahu, HI

AGENCY: Coast Guard, DOT.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard has established four temporary safety zones south of Oahu, Hawaii, to protect vessels and mariners from the hazards associated with vessel relocation and crewmember recovery operations of the Japanese Fisheries High School Training Vessel EHIME MARU, which sank after being struck by the submarine USS GREENEVILLE (SSN 772). Entry into these zones is prohibited unless authorized by the Captain of the Port Honolulu, HI.

DATES: This rule is effective from 4 p.m. HST August 1, 2001 until 4 p.m. November 15, 2001.

ADDRESSES: Public comments and supporting material is available for inspection or copying at U.S. Coast Guard Marine Safety Office Honolulu, 433 Ala Moana Boulevard, Honolulu, HI, 96813, between 7 a.m. and 3:30 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: LT Mark Willis, U.S. Coast Guard Marine Safety Office Honolulu, Hawaii at (808) 522-8260.

SUPPLEMENTARY INFORMATION:

Regulatory History

On June 28, 2001, the Coast Guard published a notice of proposed rulemaking in the **Federal Register** (66 FR 34380), proposing to establish temporary safety zones for the recovery and relocation operation for the Japanese Fisheries High School Training Vessel EHIME MARU. We received no
