

seq., or impose any enforceable duty or contain any unfunded mandate as described under Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) (Public Law 104-4). Nor does it require special considerations under Executive Order 12898, entitled *Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations* (59 FR 7629, February 16, 1994); or OMB review or any Agency action under Executive Order 13045, entitled *Protection of Children from Environmental Health Risks and Safety Risks* (62 FR 19885, April 23, 1997).

This action does not involve any technical standards that would require Agency consideration of voluntary consensus standards pursuant to section 12(d) of the National Technology Transfer and Advancement Act of 1995 (NTTAA), Public Law 104-113, section 12(d) (15 U.S.C. 272 note).

Under section 605(b) of the Regulatory Flexibility Act (RFA) (5 U.S.C. 601 *et seq.*), the Agency hereby certifies that these proposed actions to amend/revise § 180.1001(c), (d), and (e) will not have a significant negative economic impact on a substantial number of small entities. This direct final rule will have no negative impact because it merely removes duplicative entries from the EPA regulations listing substances exempted from tolerances.

In addition, the Agency has determined that this action will not have a substantial direct effect on States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132, entitled *Federalism* (64 FR 43255, August 10, 1999). Executive Order 13132 requires EPA to develop an accountable process to ensure “meaningful and timely input by State and local officials in the development of regulatory policies that have federalism implications.” “Policies that have federalism implications” is defined in the Executive Order to include regulations that have “substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.” This direct final rule does not affect States directly. This action does not alter the relationships or distribution of power and responsibilities established by Congress in the preemption provisions of FFDCA section 408(n)(4).

For these same reasons, the Agency has determined that this rule does not have any “tribal implications” as

described in Executive Order 13175, entitled *Consultation and Coordination with Indian Tribal Governments* (65 FR 67249, November 6, 2000). Executive Order 13175, requires EPA to develop an accountable process to ensure “meaningful and timely input by tribal officials in the development of regulatory policies that have tribal implications.” “Policies that have tribal implications” is defined in the Executive Order to include regulations that have “substantial direct effects on one or more Indian tribes, on the relationship between the Federal government and the Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes.” This rule will not have substantial direct effects on tribal governments, on the relationship between the Federal government and Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes, as specified in Executive Order 13175. Thus, Executive Order 13175 does not apply to this rule.

#### IV. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the Agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This rule is not a “major rule” as defined by 5 U.S.C. 804(2).

## FEDERAL COMMUNICATIONS COMMISSION

### 47 CFR Part 68

[CC Docket No. 99-216; FCC 00-400]

### 2000 Biennial Regulatory Review of Adopting Technical Criteria and Approving Terminal Equipment

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule; correction.

**SUMMARY:** The Commission published a document in the **Federal Register** of January 24, 2001, (66 FR 7579) which promulgates new rules to privatize the process by which technical criteria are established for customer premises equipment (CPE or terminal equipment) and for the approval of such equipment to demonstrate compliance with the relevant technical criteria. The document should have stated that certain rules contained information collection requirements that require approval by the Office of Management and Budget (“OMB”). This document corrects the effective date of the January 24, 2001 final rule.

**FOR FURTHER INFORMATION CONTACT:** Susan Magnotti, 202/418-0871, fax 202/418-2345, TTY 202/418-0484, smagnott@fcc.gov, Network Services Division, Common Carrier Bureau, or Dennis Johnson, 202/418-0809, fax 202/418-2345, TTY 202/418-0484,

dcjohnso@fcc.gov, Network Services Division, Common Carrier Bureau.

**SUPPLEMENTARY INFORMATION:** The Federal Communications Commission published a document adopting, *inter alia*, rule sections 68.106 through 68.610, which privatize and streamline part 68 terminal equipment procedures, in the **Federal Register** of January 24, 2001, (66 FR 7579). In FR Doc. 01-1034, published January 24, 2001 (66 FR 7579), make the following correction:

#### Correction

1. On page 7579, in the third column, correct the **DATES** caption to read as follows:

**DATES:** Sections 68.106 through 68.610 contain information collection requirements that have not been approved by the Office of Management and Budget (“OMB”). The FCC will publish a document in the **Federal Register** announcing the effective date of these sections.

[CC Docket No. 99-216, FCC 00-400]

#### 2000 Biennial Regulatory Review of Adopting Technical Criteria and Approving Terminal Equipment

**AGENCY:** Federal Communications Commission.

**ACTION:** Final rule; announcement of effective date.

**SUMMARY:** This document announces the effective date of certain rules privatizing and streamlining part 68 of the Federal Communications Commission (Commission)’s rules. The Commission amended its rules governing the connection of terminal equipment to the public switched telephone network to streamline the standards development and approval processes. These rules contained information collection requirements that became effective on May 9, 2001.

**DATE:** The amendments to 47 CFR 68.106 through 68.610 became effective May 9, 2001.

**FOR FURTHER INFORMATION CONTACT:** Susan Magnotti, (202) 418-2320 (voice), smagnotti@fcc.gov, or Dennis Johnson, (202) 418-2320 (voice), dcjohnso@fcc.gov, of the Network

Services Division, Common Carrier Bureau. The TTY number is (202) 418-0484.

**SUPPLEMENTARY INFORMATION:** On December 21, 2000, the Commission adopted the *Part 68 Streamlining Order* which amended the Commission’s rules governing the connection of terminal equipment to the public switched telephone network in an effort to privatize and streamline the standards development and approval processes; a summary of the order was published in the **Federal Register**, 66 FR 7579 (January 24, 2001). Some of the regulations adopted in that order included information collection that required approval from the Office of Management and Budget. The order explained that “[t]he collections of information contained within are contingent upon approval by the OMB. The Commission will publish a document at a later date establishing the effective date.” OMB approved the amendments to 47 CFR 68.106-68.610 that establish those reporting requirements. See OMB No. 3060-0056. Accordingly, these regulations became effective upon publication of a document in the **Federal Register**. This document constitutes publication of the effective date of the regulations.

#### List of Fisheries for 2001

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

**ACTION:** Final rule.

**SUMMARY:** The National Marine Fisheries Service (NMFS) is publishing its final List of Fisheries (LOF) for 2001 as required by the Marine Mammal Protection Act (MMPA). The final LOF

for 2001 reflects new information on interactions between commercial fisheries and marine mammals. Under the MMPA, NMFS must place a commercial fishery on the LOF under one of three categories, based upon the level of serious injury and mortality of marine mammals that occur incidental to that fishery. The categorization of a fishery in the LOF determines whether participants in that fishery are subject to certain provisions of the MMPA, such as registration, observer coverage, and take reduction plan requirements.

**DATES:** This final rule is effective September 14, 2001. However, compliance with the requirement to register with NMFS and to obtain an authorization certificate is delayed until January 1, 2002, for fisheries added or elevated to Category II in this final rule. For fisheries affected by the delay, see **SUPPLEMENTARY INFORMATION**.

**ADDRESSES:** Registration information, materials, and marine mammal reporting forms may be obtained from the following regional offices:
