BILLING CODE 4910-15-U

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[W142-7306b; FRL-7029-4]

Approval and Promulgation of State Implementation Plans; Wisconsin

AGENCY: Environmental Protection Agency.

ACTION: Notice of proposed rulemaking.

SUMMARY: The Environmental Protection Agency (EPA) is proposing to approve a State Implementation Plan (SIP) revision submitted by the State of Wisconsin. This revision requires the implementation of an enhanced motor vehicle inspection and maintenance (I/M) program in seven counties in southeast Wisconsin. The program reduces air pollution from motor vehicles by identifying and requiring repair of high emitting vehicles. This action is being taken under the Clean Air Act.

In the final rules section of this **Federal Register**, EPA is approving the State's request as a direct final rule without prior proposal because EPA views this action as noncontroversial and anticipates no adverse comments. A detailed rationale for approving and disapproving portions of the State's request is set forth in the direct final rule. The direct final rule will become effective without further notice unless the Agency receives relevant adverse written comment on this proposed rule within 30 days of this publication. Should EPA receive adverse comment, it will publish a document informing the public that the direct final rule will not take effect and that EPA will address adverse comments in a subsequent final rule based on this proposed rule. If EPA does not receive adverse comments, the direct final rule will take effect on the date stated in that document and EPA will not take further action on this proposed rule. EPA does not plan to institute a second comment period on this action. Any parties interested in commenting on this document should do so at this time.

DATES: EPA must receive written comments by September 17, 2001.

ADDRESSES: Send written comments to: Carlton T. Nash, Chief, Regulation

Development Section, Air Programs Branch (AR-18J), United States Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: John Mooney at (312) 886-6043.

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule published in the rules section of this **Federal Register**. Copies of the documents relevant to this action are available for public inspection during normal business hours at the above address. (Please telephone John Mooney at (312) 886-6043 before visiting the Region 5 Office.)

Authority: 42 U.S.C. 7401-7671 et seq.

Dated: July 31, 2001.

David A. Ullrich,

Acting Regional Administrator, Region 5.

RIN 2040-AB75

National Primary Drinking Water Regulations; Arsenic and Clarifications to Compliance and New Source Contaminants Monitoring

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule; correction.

SUMMARY: Today's document announces a separate electronic mail (e-mail) address, ow-arsenic-docket@epa.gov, for arsenic comments on the proposal published on July 19, 2001, in the **Federal Register**. EPA expects a large number of comments on the July 19 arsenic proposal, based on public interest, so e-mail submissions to the new arsenic docket address will help the Agency process comments. In addition, today's document provides the new phone number for the Safe Drinking Water Hotline: (703) 412-3330. The Hotline's toll free number remains unchanged: (800) 426-4791.

The July 19 proposal requested comment on key science, cost analyses, and benefits issues, as well as small systems compliance issues for the arsenic regulation. However the July proposal does not affect the clarifications to compliance and new source contaminants monitoring regulations also issued on January 22, 2001, for inorganic, volatile organic, and synthetic organic contaminants.

DATES: Your comments on the July 19 arsenic proposal must be in writing and either postmarked or received by EPA's Water Docket by October 31, 2001.

ADDRESSES: EPA accepts comments by three delivery methods:

(1) Mail sent to the W-99-16-VI Arsenic Comments Clerk, Water Docket (MC-4101); U.S. EPA; 1200 Pennsylvania Avenue, NW; Washington, DC 20460.

(2) Hand delivery (e.g., courier or overnight delivery service) to EPA's Water Docket, located at 401 M Street, SW; East Tower Basement Room 57; in Washington, DC; between 9:00 a.m. and 3:30 p.m. Eastern Time, Monday through Friday.

(3) Electronically sent to ow-arsenic-docket@epa.gov. See **SUPPLEMENTARY INFORMATION** for file formats and other information about electronic filing and docket review.

FOR FURTHER INFORMATION CONTACT: The Safe Drinking Water Hotline, phone: (800) 426-4791 or its new local number (703) 412-3330, e-mail: hotline-sdwa@epa.gov for general information, meeting information, and copies of arsenic regulations and some of the support documents. For questions about the arsenic regulation, contact Irene Dooley, (202) 260-9531, e-mail: dooley.irene@epa.gov. EPA's web page contains links to arsenic **Federal Register** notices and arsenic technical support documents at www.epa.gov/safewater/arsenic.html.

SUPPLEMENTARY INFORMATION:

Additional Information for Commenters

No facsimiles (faxes), compressed or zipped files will be accepted, and comments must be submitted in writing. Please submit an original and three copies of your comments and enclosures (including references) and identify your submission by the docket number W-99-16-VI. To ensure that EPA can read, understand, and therefore properly respond to comments, the Agency would prefer that comments cite, where possible, the question(s) or sections and page numbers in the document or supporting documents to which each comment refers. Commenters should use a separate paragraph for each issue discussed. Commenters who want EPA to acknowledge receipt of their comments should include a self-addressed, stamped envelope.

EPA uses WordPerfect as its standard software, so e-mail file attachments must be submitted in WordPerfect 8 (or older version) or ASCII file format (unless four hard copies are also submitted). Comments submitted in other electronic formats (e.g., Word, pdf,

Excel, and compressed or zipped files) must also be submitted as hard copies. For purposes of dating dual hard copy/electronic copy submissions, the date of the electronic copy will be recorded as the date submitted. At the beginning of your e-mail, please indicate if you are sending hard copies so the Docket can link your two submissions rather than log in two sets of your comments. Electronic comments on this document may be filed online at many Federal Depository Libraries.

In providing comment on the issues listed in the July 19 proposal (66 FR 37617), commenters should focus on the preamble, technical support documents, and record associated with the January 22, 2001, arsenic in drinking water regulation (66 FR 6976), not the June 2000 proposal (65 FR 38888). EPA made many changes to the analyses supporting the January decisions in response to public comment on the June 2000 proposal. The Agency addressed comments on the June 2000 proposed rule in the response-to-comments document in the docket for W-99-16-III and summarized responses to the major comments in the preamble of the January 2001 regulation.

In developing comments, commenters may also wish to consider information from the reviews described in the July proposal. EPA plans to announce when the new reviews are available. EPA will consider the new information and provide an additional opportunity for public comment this fall on the new analyses along with EPA's preliminary conclusion about whether the January 2001 arsenic rule should be revised, and if so, what the revised standard should be.

EPA's Review of Comments

E-mail submissions to the new arsenic docket address, *ow-arsenic-docket@epa.gov*, will help the Agency process comments. Over 20,000 people submitted 1,112 on-time comments during the 14-day comment period for the April 23 proposal to extend the effective date to February 22, 2002. However, electronic arsenic comments sent to *ow-docket@epa.gov* will also become part of the arsenic record.

In the July 19 proposal, EPA requested comment on whether the data and technical analyses associated with the arsenic rule published in the January 22, 2001, **Federal Register** (66 FR 6976), as well as any new information that may be available, would support setting the enforceable arsenic drinking water standard, or Maximum Contaminant Level (MCL), at 3 micrograms per liter ($\mu\text{g/L}$) (the feasible level), 5 $\mu\text{g/L}$ (the level

proposed in June 2000), 10 $\mu\text{g/L}$ (the level published in the January 2001 rule), 20 $\mu\text{g/L}$, or an alternative level. The Agency's response-to-comments document for the final decision on the arsenic standard will address the comments received for the July 19 proposal, and this document will be made available in the docket. The response-to-comment document will also address comments on EPA's perspective of the new analyses, and EPA expects that notice will be published in the fall of 2001. To facilitate development of the response-to-comments document, EPA appreciates receiving an electronic version in addition to the original and three copies for large submissions (e.g., over 10 pages). The Agency does not send out individual replies to respond to those who submit comments.

Availability of Docket

For an appointment to review the docket for this rulemaking, call (202) 260-3027 between 9:00 a.m. and 3:30 p.m. Eastern Daylight Time, Monday through Friday and refer to Docket W-99-16-VI. Every user is entitled to 100 free pages, and after that the Docket charges 15 cents a page. Users are invoiced after they copy \$25, which is 267 photocopied pages.

Dated: August 13, 2001.

Ephraim King,

Acting Director, Office of Ground Water and Drinking Water.

[FRL -7029-2]

Vermont: Final Authorization of State Hazardous Waste Management Program Revision

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: Vermont has adopted the rule for the Project XL Site-Specific Rulemaking for the IBM Semiconductor Manufacturing Facility in Essex Junction, Vermont. This rule was published by the EPA on September 12, 2000 (65 FR 59955). The State applied to EPA for Final authorization of the revision to its hazardous waste program under the Resource Conservation and Recovery Act (RCRA). EPA proposes to grant final authorization to Vermont. In the "Rules and Regulations" section of

this **Federal Register**, EPA is authorizing the change by an immediate final rule. EPA did not make a proposal prior to the immediate final rule because we believe this action is not controversial and do not expect comments that oppose it. We have explained the reasons for this authorization in the preamble to the immediate final rule. Unless we receive written comments which oppose this authorization during the comment period, the immediate final rule will become effective on the date it establishes, and we will not take further action on this proposal. If we receive comments that oppose this action, we will withdraw the immediate final rule and it will not take effect. We will then respond to public comments in a later final rule based on this proposal. You may not have another opportunity for comment. If you want to comment on this action, you must do so at this time.

DATES: Send your written comments by September 17, 2001.

ADDRESSES: Send written comments to Robin Biscaia, Hazardous Waste Unit, EPA New England, One Congress Street, Suite 1100 (CHW), Boston, MA 02114-2023; Phone number: (617) 918-1642. You can examine copies of the materials submitted by Vermont during normal business hours at the following locations: EPA New England Library, One Congress Street, Suite 1100 (LIB), Boston, MA 02114-2023; Phone number: (617) 918-1990; Business hours: 9:00 AM to 4:00 PM; or the Vermont Agency of Natural Resources, 103 South Main Street—West Office Building, Waterbury, VT 05671-0404; Phone number: (802) 241-3888; Business hours: 7:45 A.M. to 4:30 P.M.

FOR FURTHER INFORMATION CONTACT: Robin Biscaia 617-918-1642 and at the above address.

SUPPLEMENTARY INFORMATION: For additional information, please see the immediate final rule published in the "Rules and Regulations" section of this **Federal Register**.

Dated: July 17, 2001.

Carl Dierker,

Acting Regional Administrator, EPA New England.
