DEPARTMENT OF DEFENSE

Delay in the Implementation of 10 U.S.C. 2227; Electronic Submission and Processing of Claims for Contract Payments

AGENCY: Department of Defense (DoD).

ACTION: Notice of delay in the implementation of 10 U.S.C. 2277.

SUMMARY: This notice announces a delay in implementing 10 U.S.C. 2227, from June 30, 2001, until October 1, 2002. 10 U.S.C. 2227 requires contractors to submit, and DoD to process, electronically all claims for payment under DoD contracts.

FOR FURTHER INFORMATION CONTACT: Mr. Robert Bembien, OUSD(AT&L)DP(EBI), Room 3C128, 3060 Defense Pentagon, Washington, DC 20301-3060. Telephone (703) 695-1097; facsimile (703) 695-7596.

SUPPLEMENTARY INFORMATION: The Floyd D. Spence National Defense Authorization Act for Fiscal Year 2001 (Public Law 106-398) was enacted on October 30, 2000. Section 1008(a) of Public Law 106-398 added 10 U.S.C. 2227 which provides that the Secretary of Defense must require a contractor to

submit, and DoD to process, electronically any claim for payment under a DoD contract. DoD must also transmit any supporting documentation electronically within DoD.

Section 1008(c) of Public Law 106-398 stipulates that—

1. The requirement to submit and process claims for payment electronically shall apply to contracts for which solicitations are issued after June 30, 2001;

2. The Secretary of Defense may delay the implementation date to a date after June 30, 2001, but no later than October 1, 2002, upon a finding that it is impracticable to implement 10 U.S.C. 2227 until that later date; and

3. If the Secretary of Defense makes a determination to delay implementation of 10 U.S.C. 2227 beyond June 30, 2001, a notice of the delay shall be published in the **Federal Register**.

The purpose of this notice is to comply with Section 1008(c)(2)(B) of Public Law 106-398 by announcing a delay in the implementation of 10 U.S.C. 2227, until October 1, 2002, because DoD has made a finding that it is impracticable to implement 10 U.S.C. 2227 prior to that date. Currently, DoD does not have the capability to receive all contractor claims for payment electronically, nor the capability to process all claims and supporting documentation electronically. In addition, DoD must publish changes to the Defense Federal Acquisition Regulation Supplement in order to implement the requirement for contractors to submit all claims for payment electronically. For these reasons, DoD has determined that it is impracticable to implement 10 U.S.C. 2227 prior to October 1, 2002.

Michele P. Peterson,

Executive Editor, Defense Acquisition Regulations Council.

SUPPLEMENTARY INFORMATION:

A. Purpose

United States laws impose duties on foreign supplies imported into the customs territory of the United States. Certain exemptions from these duties are available to Government agencies. These exemptions are used whenever the anticipated savings outweigh the administrative costs associated with processing required documentation. When a Government contractor purchases foreign supplies, it must notify the contracting officer to determine whether the supplies should be duty-free. In addition, all shipping documents and containers must specify

certain information to assure the duty-free entry of the supplies.

The contracting officer analyzes the information submitted by the contractor to determine whether or not supplies should enter the country duty-free. The information, the contracting officer's determination, and the U.S. Customs forms are placed in the contract file.

B. Annual Reporting Burden

The annual reporting burden is estimated as follows: Respondents: 1,330.

Responses Per Respondent: 10.

Total Responses: 13,300.

Hours Per Response: .5.

Total Burden Hours: 6,650.

Obtaining Copies of Proposals:
