

Passenger Information System (APIS) program; set forth the eligibility requirements for participation in the test, the information transmission and baggage processing procedures required under the test, and the test application process; and requested comments on all aspects of the test.

On April 3, 2000, Customs published a general notice in the **Federal Register** (65 FR 17550) to announce an extension of the time period for applying to participate in the test. The application period was extended to May 26, 2000. On June 16, 2000, Customs published a notice in the **Federal Register** (65 FR 37828) to announce a modification of the test program based on a review of the comments received and a reevaluation of the test. That June 16, 2000, notice also provided for a new application period, to July 31, 2000, and stated that the modified program test would commence no earlier than August 15, 2000, and would run for approximately one year.

Customs has determined that the test as it is currently being conducted should be extended for an additional year and that the time for applying to participate in the test should be reopened for a new six-month period. Extending the test period and reopening the application process will enable Customs to more fully evaluate the results of the test and formulate proposals to amend the Customs Regulations, as may be appropriate, to adopt the procedures under the test on a more permanent basis.

Accordingly, the testing period is extended to August 16, 2002, and applications to participate in the test will be accepted by Customs through February 15, 2002. Customs notes that both the notice published on February 23, 2000, and the notice published on June 16, 2000, should be consulted for a fuller understanding of the various aspects of the program test, as the latter notice did not modify all aspects of the test. In addition, as the application process was modified in the notice of June 16, 2000, that notice should be consulted on how to apply for participation in the test.

Dated: August 21, 2001.

Bonni G. Tischler,

Assistant Commissioner, Office of Field Operations.
