

manufactured to conform to all applicable Federal motor vehicle safety standards shall be refused admission into the United States unless NHTSA has decided that the motor vehicle is substantially similar to a motor vehicle originally manufactured for importation into and sale in the United States, certified under 49 U.S.C. 30115, and of the same model year as the model of the motor vehicle to be compared, and is capable of being readily altered to conform to all applicable Federal motor vehicle safety standards.

Petitions for eligibility decisions may be submitted by either manufacturers or importers who have registered with NHTSA pursuant to 49 CFR Part 592. As specified in 49 CFR 593.7, NHTSA publishes notice in the **Federal Register** of each petition that it receives, and affords interested persons an opportunity to comment on the petition. At the close of the comment period, NHTSA decides, on the basis of the petition and any comments that it has received, whether the vehicle is eligible for importation. The agency then publishes this decision in the **Federal Register**.

Milwaukee Motorcycle Imports, Inc. of Milwaukee, Wisconsin ("MMI") (Registered Importer 99-192) has petitioned NHTSA to decide whether non-U.S. certified 2002 Harley Davidson FX, FL, and XL motorcycles are eligible for importation into the United States. The vehicles which MMI believes are substantially similar are 2002 Harley Davidson FX, FL, and XL motorcycles that were manufactured for sale in the United States and certified by their manufacturer as conforming to all applicable Federal motor vehicle safety standards.

The petitioner claims that it carefully compared non-U.S. certified 2002 Harley Davidson FX, FL, and XL motorcycles to their U.S. certified counterparts, and found the vehicles to be substantially similar with respect to compliance with most Federal motor vehicle safety standards.

MMI submitted information with its petition intended to demonstrate that non-U.S. certified 2002 Harley Davidson FX, FL, and XL motorcycles, as originally manufactured, conform to many Federal motor vehicle safety standards in the same manner as their U.S. certified counterparts, or are capable of being readily altered to conform to those standards.

Specifically, the petitioner claims that non-U.S. certified 2002 Harley Davidson FX, FL, and XL motorcycles are identical to their U.S. certified counterparts with respect to compliance with Standard Nos. 106 *Brake Hoses*,

111 *Rearview Mirrors*, 116 *Brake Fluid*, 119 *New Pneumatic Tires for Vehicles other than Passenger Cars*, 122 *Motorcycle Brake Systems*, and 205 *Glazing Materials*.

The petitioner also states that vehicle identification number plates that meet the requirements of 49 CFR Part 565 are already affixed to non-U.S. certified 2002 Harley Davidson FX, FL, and XL motorcycles.

Petitioner additionally contends that the vehicles are capable of being readily altered to meet the following standards, in the manner indicated below:

Standard No. 108 *Lamps, Reflective Devices and Associated Equipment*: (a) Installation of U.S. model headlamp assemblies which incorporate headlamps that are certified to meet the standard; (b) replacement of all stop lamp and directional signal bulbs with bulbs that are certified to meet the standard; (c) replacement of all lenses with lenses that are certified to meet the standard.

Standard No. 120 *Tire Selection and Rims for Vehicles other than Passenger Cars*: installation of a tire information label.

Standard No. 123 *Motorcycle Controls and Displays*: installation of a U.S. model speedometer calibrated in miles per hour and a U.S. model odometer that measures distance traveled in miles.

The petitioner states that when the vehicle has been brought into conformity with all applicable Federal motor vehicle safety standards, a certification label that meets the requirements of 49 CFR Part 567 will be affixed to the front of the motorcycle frame.

Comments should refer to the docket number and be submitted to: Docket Management, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. It is requested but not required that 10 copies be submitted.

All comments received before the close of business on the closing date indicated above will be considered, and will be available for examination in the docket at the above address both before and after that date. To the extent possible, comments filed after the closing date will also be considered. Notice of final action on the petition will be published in the **Federal Register** pursuant to the authority indicated below.

Authority: 49 U.S.C. 30141(a)(1)(A) and (b)(1); 49 CFR 593.8; delegations of authority at 49 CFR 1.50 and 501.8.

Issued on: August 30, 2001.

Marilynne Jacobs,

Director, Office of Vehicle Safety Compliance.

BILLING CODE 4910-59-P

DEPARTMENT OF TRANSPORTATION

Research and Special Programs Administration

[Docket No. RSPA-01-8587, Notice No. 01-09]

Safety Advisory: Unauthorized Marking of Compressed Gas Cylinders

AGENCY: Research and Special Programs Administration (RSPA), DOT.

ACTION: Safety advisory notice.

SUMMARY: This is to notify the public that RSPA is investigating the unauthorized marking of high-pressure compressed gas cylinders by Underwater Adventures, 400 West Magnolia, Leesburg, Florida, 32757. RSPA has determined that Underwater Adventures marked and certified an undetermined number of cylinders as being properly tested in accordance with the Hazardous Materials Regulations (HMR), when the cylinders were improperly tested.

A hydrostatic retest and visual inspection, conducted as prescribed in the HMR, are used to verify the structural integrity of a cylinder. If the hydrostatic retest and visual inspection are not performed in accordance with the HMR, a cylinder with compromised structural integrity may be returned to service when it should be condemned. Extensive property damage, serious personal injury, or death could result from rupture of a cylinder. Cylinders that have not been retested in accordance with the HMR may not be charged or filled with compressed gas or other hazardous material.

FOR FURTHER INFORMATION CONTACT:

Cheryl K. Johnson, Senior Inspector, Southern Region, Office of Hazardous Materials Enforcement, Research and Special Programs Administration, U.S. Department of Transportation, 1701 Columbia Avenue, Suite 520, College Park, GA 30337. Telephone: (404) 305-6120, Fax: (404) 305-6125.

SUPPLEMENTARY INFORMATION: Through its inspection of Underwater Adventures, RSPA has determined that Underwater Adventures marked and certified an undetermined number of cylinders as having been properly tested in accordance with the HMR, without properly retesting the cylinders. In addition, Underwater Adventures marked an undetermined number of

cylinders with a Retester Identification Number (RIN) that belongs to another company. In 1981, Underwater Adventures was issued RIN B095. That RIN authorization expired on June 24, 1986. Underwater Adventures has never renewed its RIN authorization and has been servicing cylinders without holding a RIN since 1986. During the inspection, Underwater Adventures was unable to calibrate its test equipment. In addition, Underwater Adventures failed to keep any records of its retest and reinspections; thus, it is impossible to determine the number of cylinders that Underwater Adventures improperly tested. These cylinders may pose a safety risk to the public.

The cylinders in question are stamped with one of the following two RINs: B095 or B059. The markings appear in the following pattern:

- (1)
- | | | |
|---|----|---|
| | B0 | |
| M | | Y |
| | 59 | |
- (2)
- | | | |
|---|----|---|
| | B0 | |
| M | | Y |
| | 95 | |

M is the month of retest (e.g. 10), and Y is the year of the retest (e.g. 01).

On May 19, 1981, RSPA issued RIN B059 to Safety Systems of Biloxi, Inc., P.O. Drawer 6039, 10970 Old Highway 67, Biloxi, Mississippi 39532-6039. Safety Systems renewed this RIN on March 12, 2001, and is the only authorized user of that RIN. Any cylinder marked and serviced by Safety Systems of Biloxi, Inc. is not covered by this safety advisory.

Anyone who has a cylinder that has been serviced by Underwater Adventures and that is marked with RIN numbers B095 or B059 and stamped with a retest date after 1986 should consider the cylinder unsafe and not fill it with a hazardous material unless the cylinder is first properly retested by a DOT-authorized retest facility. Filled cylinders (if filled with an atmospheric gas) described in this safety advisory should be vented or otherwise safely discharged, and then taken to a DOT-authorized cylinder retest facility for proper retest to determine compliance with the HMR and their suitability for continuing service. Under no circumstance should a cylinder described in this safety advisory be filled, refilled or used for its intended purpose until it is reinspected and retested by a DOT-authorized retest facility.

It is further recommended that persons finding or possessing a cylinder

described in this safety advisory contact Ms. Johnson for additional information.

Issued in Washington, DC on August 30, 2001.

Frits Wybenga,

Deputy Associate Administrator for Hazardous Materials Safety.

BILLING CODE 4910-60-P

DEPARTMENT OF THE TREASURY

Office of Thrift Supervision

Submission for OMB Review; Comment Request

AGENCY: Office of Thrift Supervision (OTS), Treasury.

ACTION: Notice and request for comment.

SUMMARY: The proposed information collection requirement described below has been submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act of 1995. OTS is soliciting public comments on the proposal.

DATES: Submit written comments on or before October 9, 2001.

ADDRESSES: Send comments, referring to the collection by title of the proposal or by OMB approval number, to OMB and OTS at these addresses: Alexander Hunt, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 10202, New Executive Office Building, Washington, DC 20503, or email to ahunt@omb.eop.gov; and Information Collection Comments, Chief Counsel's Office, Office of Thrift Supervision, 1700 G Street, NW., Washington, DC 20552, FAX Number (202) 906-6518, or e-mail to infocollection.comments@ots.treas.gov. Comments and the related index will be posted on the OTS Internet Site at www.ots.treas.gov.

FOR FURTHER INFORMATION CONTACT: To obtain a copy of the submission to OMB, contact Sally W. Watts at sally.watts@ots.treas.gov, (202) 906-7380, or facsimile number (202)-906-6518, Regulations and Legislation Division, Chief Counsel's Office, Office of Thrift Supervision, 1700 G Street, NW., Washington, DC 20552.

SUPPLEMENTARY INFORMATION: OTS may not conduct or sponsor an information collection, and respondents are not required to respond to an information collection, unless the information collection displays a currently valid OMB control number. As part of the approval process, we invite comments on the following information collection.

Title of Proposal: Amendment of a Savings Association Charter.

OMB Number: 1550-0018.

Form Number: N/A.

Regulation requirement: N/A.

Description: All federally chartered savings associations are required to obtain approval of any changes in its charter that are not preapproved by regulation.

Type of Review: Renewal.

Affected Public: Savings and Loan Associations and Savings Banks.

Estimated Number of Respondents: 3.

Estimated Frequency of Response: 3.

Estimated Burden Hours per

Response: 20.

Estimated Total Burden: 60 hours.

Clearance Officer: Sally W. Watts, (202) 906-7380, Office of Thrift Supervision, 1700 G Street, NW., Washington, DC 20552.

OMB Reviewer: Alexander Hunt, (202) 395-7860, Office of Management and Budget, Room 10202, New Executive Office Building, Washington, DC 20503.

Dated: August 27, 2001.

Deborah Dakin,

Deputy Chief Counsel, Regulations & Legislation.
