

DEPARTMENT OF TRANSPORTATION**Federal Aviation Administration****14 CFR Part 71**

[Airspace Docket No. 01-ANM-12]

Establishment of Class D Airspace; Kalispell, MT**AGENCY:** Federal Aviation Administration (FAA), DOT.**ACTION:** Final rule.

SUMMARY: This action establishes a Class D surface area at Glacier Park International Airport, Kalispell, MT. The effect of this action is to provide controlled airspace to accommodate the procedures associated with the operation of a new Airport Traffic Control Tower (ATCT).

EFFECTIVE DATE: 0901 UTC, November 1, 2001.

FOR FURTHER INFORMATION CONTACT: Brian Durham, ANM-520.7, Federal Aviation Administration, Docket No. 01-ANM-12, 1601 Lind Avenue SW., Renton, Washington, 98055-4056; telephone number: (425) 227-2527.

SUPPLEMENTARY INFORMATION:**History**

On July 10, 2001, the FAA proposed to amend Title 14, Code of Federal Regulations, part 71 (14 CFR part 71) by establishing the Kalispell, MT, Class D surface area (66 FR 35914). This establishment of the Class D area is in support of a new ATCT under construction at the Glacier Park International Airport, Kalispell, MT. The FAA establishes Class D airspace where necessary to protect aircraft transitioning between the terminal and en route environments, and to provide local Visual Flight Rules (VFR) sequencing by ATCT personnel. Interested parties were invited to participate in the rulemaking proceeding by submitting written comments on the proposal. No comments were received.

The coordinates for this airspace docket are based on North American Datum 83. Class D surface airspace areas are published in Paragraph 5000 of FAA Order 7400.91, dated September 1, 2000, and effective September 16, 2000, which is incorporated by reference in 14 CFR 71.1. The Class D airspace designation listed in this document will be published subsequently in the Order.

The Rule

This amendment to 14 CFR part 71 establishes a Class D surface area in the vicinity of Kalispell, MT. The intended

effect of this rule is to provide safe and efficient use of the navigable airspace and to promote safe flight operations under Instrument Flight Rules (IFR) and VFR at Glacier Park International Airport and between the terminal and en route transition states.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, CLASS B, CLASS C, CLASS D, AND CLASS E AIRSPACE AREAS; AIRWAYS; ROUTES; AND REPORTING POINTS

1. The authority citation for 14 CFR part 71 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CCFR, 1959-1963 Comp., p. 389.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.91, Airspace Designations and Reporting Points, dated September 1, 2000, and effective September 16, 2000, is amended as follows:

Paragraph 5000 General.

* * * * *

ANM MT D Kalispell, MT [New]

Glacier Park International Airport, Kalispell, MT

(Lat. 48°18'41" N, long. 114°15'17" W)

That airspace extending upwards from the surface to and including 5,500 feet MSL within a 4.3-mile radius of the Glacier Park International Airport. The Class D airspace area is effective during the specific dates and times established in advance by a Notice to Airmen. The effective date and time will

thereafter be continuously published in the Airport/Facility Directory.

DEPARTMENT OF TRANSPORTATION**Coast Guard****33 CFR Part 117**

[CGD01-01-146]

Drawbridge Operation Regulations: Long Island, New York Inland Waterway From East Rockaway Inlet to Shinnecock Canal, NY**AGENCY:** Coast Guard, DOT.**ACTION:** Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation for the Atlantic Beach Bridge, at mile 0.4, across the Reynolds Channel in New York. This deviation from the regulations allows the bridge to remain closed at various times between September 11, 2001 and October 30, 2001, to facilitate maintenance at the bridge.

DATES: This deviation is effective from September 11, 2001 through October 30, 2001.

FOR FURTHER INFORMATION CONTACT: Joe Schmied, Project Officer, First Coast Guard District, at (212) 668-7165.

SUPPLEMENTARY INFORMATION: The Atlantic Beach Bridge, mile 0.4, across the Reynolds Channel has a vertical clearance of 25 feet at mean high water, and 30 feet at mean low water in the closed position. The existing operating regulations are listed at 33 CFR 117.799(e).

The bridge owner, the Nassau County Bridge Authority, requested a temporary deviation from the operating regulations to facilitate necessary submarine power cable replacement, install new span lock machinery, and replace the bridge deck surface at the bridge.

This deviation to the operating regulations, in effect from September 11, 2001 through October 30, 2001, allows the Atlantic Beach Bridge to operate as follows:

(a) Remain closed from 8 a.m. on September 11, 2001 through 8 a.m. on September 15, 2001.

(b) Remain closed from 11 p.m. to 5 a.m., Monday through Friday, October 9, 2001 through October 24, 2001.

(c) Open only on the hour after at least a one-hour advance notice is given from 8 a.m. to 4:30 p.m., Monday through Friday, from September 24, 2001 through October 30, 2001.

(d) Open only one of the two spans for the passage of vessel traffic from 8 a.m. to 4:30 p.m. from October 1, 2001 through October 8, 2001.

This deviation from the operating regulations is authorized under 33 CFR 117.35 and will be performed with all due speed in order to return the bridge to normal operation as soon as possible.

Dated: August 30, 2001.

G.N. Naccara,

Rear Admiral, U.S. Coast Guard, Commander, First Coast Guard District.

33 CFR Part 117

[CGD01-01-137]

Drawbridge Operation Regulations: Annisquam River, MA

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations for the Gloucester (AMTRAK) railroad bridge, mile 0.7, across the Annisquam River in Gloucester, Massachusetts. This deviation from the regulations will allow the bridge to remain in the closed position from 12:01 a.m. on November 17, 2001 through 5 a.m. on November 19, 2001 and from 12:01 a.m. on November 24, 2001 through 5 a.m. on November 26, 2001. This temporary deviation is necessary to facilitate necessary repairs at the bridge.

DATES: This deviation is effective from November 17, 2001 through November 26, 2001.

FOR FURTHER INFORMATION CONTACT: John McDonald, Project Officer, First Coast Guard District, at (617) 223-8364.

SUPPLEMENTARY INFORMATION: The Gloucester (AMTRAK) railroad bridge, mile 0.7, across the Annisquam River has a vertical clearance in the closed position of 16 feet at mean high water and 25 feet at mean low water. The existing drawbridge operating

regulations require the draw to open on signal at all times.

The bridge owner, National Railroad Passenger Corporation (AMTRAK), requested a temporary deviation from the drawbridge operating regulations to facilitate scheduled maintenance, replacement of the rails, ties, conley frogs, and timbers, at the bridge.

This deviation to the operating regulations will allow the bridge to remain in the closed position from 12:01 a.m. on November 17, 2001 through 5 a.m. on November 19, 2001 and from 12:01 a.m. on November 24, 2001 through 5 a.m. on November 26, 2001.

This deviation from the operating regulations is authorized under 33 CFR 117.35, and will be performed with all due speed in order to return the bridge to normal operation as soon as possible.

Dated: August 30, 2001.

G.N. Naccara,

Rear Admiral, U.S. Coast Guard, Commander, First Coast Guard District.

33 CFR Part 117

[CGD01-01-147]

Drawbridge Operation Regulations: Shaw Cove, CT

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, First Coast Guard District, has issued a temporary deviation from the drawbridge operation regulations governing the operation of the Amtrak Bridge, at mile 0.0, across the Shaw Cove at New London, Connecticut. This deviation allows bridge to remain closed from 10 p.m. on September 16, 2001 through 10 p.m. on September 19, 2001. This action is necessary to facilitate necessary maintenance at the bridge.

DATES: This deviation is effective September 16, 2001 through September 19, 2001.

FOR FURTHER INFORMATION CONTACT: Joseph Schmied, Project Officer, First Coast Guard District, at (212) 668-7165.

SUPPLEMENTARY INFORMATION: The Amtrak Bridge, at mile 0.0, across the Shaw Cove has a vertical clearance of 3 feet at mean high water, and 6 feet at mean low water in the closed position. The existing drawbridge operating regulations are listed at 33 CFR 117.223.

The bridge owner, the National Railroad Passenger Corporation (Amtrak), requested a temporary deviation from the drawbridge operating regulations to facilitate necessary maintenance, to replace the vertical couplers, at the bridge. This deviation from the operating regulations allows the bridge owner to keep the bridge in the closed position from 10 p.m. on September 16, 2001 through 10 p.m. on September 19, 2001. Vessels that can pass under the bridge without an opening may do so at all times during the closed period.

This deviation from the operating regulations is authorized under 33 CFR 117.35 and will be performed with all due speed in order to return the bridge to normal operation as soon as possible.

Dated: August 30, 2001.

Notice of Prevention of Significant Deterioration Final Determination for Metcalf Energy Center

AGENCY: Environmental Protection Agency.

ACTION: Notice of final action.

SUMMARY: The purpose of this document is to announce that, on August 10, 2001, the U.S. Environmental Protection Agency (EPA) Environmental Protection Agency (EPA) Environmental Appeals Board ("Board") dismissed the petition for review filed by the City of Morgan Hill, Santa Teresa Citizen Action Group, Demand Clean Air, and Californians for Renewable Energy, Inc. of a permit issued to Metcalf Energy Center (MEC) by the Bay Area Air Quality Management District (BAAQMD or "District") pursuant to the Prevention of Significant Deterioration of Air Quality (PSD) regulations under 40 CFR 52.21. This document also announces that a final PSD permit has been issued to MEC by the BAAQMD pursuant to the terms and conditions of the District's delegation of authority from the U.S. EPA under 40 CFR 52.21(u).

DATES: The effective date for the Board's decision is August 10, 2001.
