

a significant economic impact on a substantial number of small entities. The term "small entities" comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under section 5 U.S.C. 605(b), that this proposed rule would not have a significant economic impact on a substantial number of small entities. This conclusion is based upon the fact that the bridge will open on signal after the advance notice is given.

If you think that your business, organization, or governmental jurisdiction qualifies as a small entity and that this rule would have a significant economic impact on it, please submit a comment (see **ADDRESSES**) explaining why you think it qualifies and how and to what degree this rule would economically affect it.

Collection of Information

This proposed rule would call for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520.).

Federalism

We have analyzed this proposed rule under Executive Order 13132 and have determined that this rule does not have implications for federalism under that Order.

Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) governs the issuance of Federal regulations that require unfunded mandates. An unfunded mandate is a regulation that requires a State, local, or tribal government or the private sector to incur direct costs without the Federal Government's having first provided the funds to pay those costs. This proposed rule would not impose an unfunded mandate.

Taking of Private Property

This proposed rule would not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Civil Justice Reform

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation,

eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not concern an environmental risk to health or risk to safety that may disproportionately affect children.

Environment

We considered the environmental impact of this proposed rule and concluded that, under figure 2–1, paragraph (32)(e), of Commandant Instruction M16475.1C, this proposed rule is categorically excluded from further environmental documentation because promulgation of drawbridge regulations have been found not to have a significant effect on the environment. A written "Categorical Exclusion Determination" is not required for this rule.

Indian Tribal Governments

This final rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a "significant energy action" under that order because it is not a "significant regulatory action" under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. It has not been designated by the Administrator of the Office of Information and Regulatory Affairs as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

List of Subjects in 33 CFR Part 117

Bridges.

Regulations

For the reasons set out in the preamble, the Coast Guard proposes to amend 33 CFR part 117 as follows:

PART 117—DRAWBRIDGE OPERATION REGULATIONS

1. The authority citation for part 117 continues to read as follows:

Authority: 33 U.S.C. 499; 49 CFR 1.46; 33 CFR 1.05–1(g); section 117.255 also issued under the authority of Pub. L. 102–587, 106 Stat. 5039.

2. Section 117.789 is amended by revising paragraph (e) to read as follows:

§ 117.789 Harlem River

* * * * *

(e) The draw of the Metro North (Park Avenue) Bridge, mile 2.1, shall open on signal, except as provided in paragraph (b) of this section, from 10 a.m. to 5 p.m., if at least a four-hour advance notice is given by calling the number posted at the bridge.

* * * * *

Dated: August 30, 2001.

G.N. Naccara,

Rear Admiral, U.S. Coast Guard, Commander, First Coast Guard District.

[FR Doc. 01–22988 Filed 9–12–01; 8:45 am]

BILLING CODE 4910–15–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[CA 036–REC; FRL–7056–5]

Corrections to the California State Implementation Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to delete various local rules from the California State Implementation Plan (SIP) that were incorporated into the SIP in error. These primarily include rules concerning local fees, enforcement authorities, New Source Performance Standards (NSPS) and National Emission Standards for Hazardous Air Pollutants (NESHAP). EPA has determined that the continued presence of these rules in the SIP is potentially confusing and thus harmful to affected sources, local agencies and to EPA. The intended effect of this proposal is to delete these rules and make the SIP consistent with the Clean Air Act as amended in 1990 (CAA or the Act).

DATES: Any comments must arrive by October 15, 2001.

ADDRESSES: Mail comments to Andy Steckel, Rulemaking Office Chief (AIR–4), Air Division, U.S. Environmental Protection Agency, Region IX, 75

Hawthorne Street, San Francisco, CA 94105.

You may inspect copies of the rules to be deleted at our Region IX office during normal business hours. You may also see copies at the locations listed in **SUPPLEMENTARY INFORMATION** under "Public Inspection."

FOR FURTHER INFORMATION CONTACT: Julie A. Rose, Rulemaking Office (AIR-4), Air Division, U.S. Environmental Protection Agency, Region IX, 75 Hawthorne Street, San Francisco, CA 94105; (415) 744-1184. Email: rose.julie@EPA.gov

Throughout this document wherever "we," "us," or "our" are used, we mean EPA.

Table of Contents

- I. Why is EPA proposing to correct the SIP?
- II. What rules are proposed for deletion?
- III. Proposed action, public comment and final action
- IV. Administrative Requirements

I. Why Is EPA Proposing To Correct the SIP?

The Clean Air Act was first enacted in 1970. In the 1970s and early 1980s, thousands of state and local agency regulations were submitted to EPA for incorporation into the SIP in order to fulfill the new federal requirements. In many cases, states submitted entire regulatory air pollution programs, including many elements not required by the Act. Due to time and resource constraints, EPA's review of these submittals focussed primarily on the new substantive requirements and we approved many other elements into the SIP with minimal review.

We now recognize that many of these elements were not appropriate for approval into the SIP. In general, these elements are appropriate for state and local agencies to adopt and implement, but it is not necessary or appropriate to make them federally enforceable by incorporating them into the applicable SIP. These include:

A. Various local fee provisions that are not economic incentive programs and are not designed to replace or relax a SIP emission limit. While it is appropriate for local agencies to implement fee provisions, for example, to recover costs for issuing permits, it is generally not appropriate to make local fee collection federally enforceable.

B. Various provisions describing local agency investigative or enforcement

authority such as some rules titled enforcement, authority to inspect, authority to arrest, violation notices, and orders for abatement. States may need to adopt such rules to demonstrate adequate enforcement authority under section 110(a)(2) of the Act, but they should not be approved into the applicable SIP to avoid potential conflict with EPA's independent authorities provided in sections 113, 114 and elsewhere.

C. Local adoption of federal NSPS requirements either by reference or by adopting text identical or modified from

the requirements found in 40 CFR part 60. Since EPA has independent authority to implement 40 CFR part 60, it is not appropriate to make parallel local authorities federally enforceable by approving them into the applicable SIP.

D. Local adoption of NESHAP requirements found in 40 CFR part 61 as similarly discussed regarding NSPS.

II. What Rules Are Proposed for Deletion?

EPA has determined that the California rules listed in the tables

below are inappropriate for inclusion in the SIP, but were previously approved into the SIP in error. Dates that these rules were submitted by the State and approved by EPA are provided. We are proposing deletion of these rules and any earlier versions of these rules from the individual air pollution control district portions of the California SIP under section 110(k)(6) as inconsistent with the requirements of CAA section 110 and part D.

III. Proposed action, public comment and final action

EPA has reviewed the rules listed in the tables above and determined that they were previously approved into the applicable California SIP in error. Deletion of these rules will not relax the applicable SIP and is consistent with the Act. Therefore, EPA is proposing to delete these rules under section 110(k)(6) of the Act, which provides EPA authority to remove these rules without additional State submission. We will accept comments from the public on this proposal for the next 30 days. Unless we receive convincing new information during the comment period, we intend to publish a final action that will delete these rules from the federally enforceable SIP.

IV. Administrative Requirements

Under Executive Order 12866 (58 FR 51735, October 4, 1993), this proposed action is not a "significant regulatory action" and therefore is not subject to review by the Office of Management and Budget. For this reason, this proposed action is also not subject to Executive Order 32111, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001). This proposed action imposes no additional requirements beyond those imposed by state law. Accordingly, the Administrator certifies that this proposed rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). Because this proposed rule does not impose any additional enforceable duty beyond that required by state law, it does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Public Law 104-4). This rule also does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes, as specified by Executive Order 13175 (65 FR 67249, November 9, 2000), nor will it have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government, as specified in Executive Order 13132 (64 FR 43255, August 10, 1999), because it does not alter the relationship or the distribution of power and responsibilities

established in the Clean Air Act. This proposed rule also is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997), because it is not economically significant.

In this proposed rule, EPA is not developing or adopting a technical standard. Thus, the requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) do not apply. As required by section 3 of Executive Order 12988 (61 FR 4729, February 7, 1996), in issuing this proposed rule, EPA has taken the necessary steps to eliminate drafting errors and ambiguity, minimize potential litigation, and provide a clear legal standard for affected conduct. EPA has complied with Executive Order 12630 (53 FR 8859, March 15, 1988) by examining the takings implications of the rule in accordance with the "Attorney General's Supplemental Guidelines for the Evaluation of Risk and Avoidance of Unanticipated Takings" issued under the executive order. This proposed rule does not impose an information collection burden under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Reporting and recordkeeping requirements.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: August 31, 2001.

Sally Seymour,

Acting Regional Administrator, Region IX.

BILLING CODE 6560-50-P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Parts 63

[PA001-1000; FRL-7056-1]

Approval of Section 112(l) Authority for Hazardous Air Pollutants; State of Pennsylvania; Department of Environmental Protection

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is proposing to approve Pennsylvania Department of Environmental Protection's (PADEP's) request for delegation of authority to implement and enforce its hazardous air pollutant regulations for perchloroethylene drycleaning facilities, hard and decorative chromium

electroplating and chromium anodizing tanks, ethylene oxide sterilization facilities, halogenated solvent cleaning and secondary lead smelting which have been adopted by reference from the Federal requirements set forth in the Code of Federal Regulations. This proposed approval will automatically delegate future amendments to these regulations. In addition, EPA is proposing to approve of PADEP's mechanism for receiving delegation of future hazardous air pollutant regulations which it adopts unchanged from the Federal requirements. This mechanism entails submission of a delegation request letter to EPA following EPA notification of a new Federal requirement. This action pertains only to sources which are not required to obtain a Clean Air Act operating permit. In the Final Rules section of this **Federal Register**, EPA is approving the State's request for delegation of authority as a direct final rule without prior proposal because the Agency views this as a noncontroversial submittal and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this action, no further activity is contemplated. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period. Any parties interested in commenting on this action should do so at this time.

DATES: Written comments must be received on or before October 15, 2001.

ADDRESSES: Written comments on this action should be sent concurrently to: Makeba A. Morris, Chief, Permits and Technical Assessment Branch, Mail Code 3AP11, Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, PA 19103-2029, and James M. Salvaggio, Director, Pennsylvania Department of Environmental Protection, Bureau of Air Quality, P.O. Box 8468, 400 Market Street, Harrisburg, Pennsylvania 17105. Copies of the documents relevant to this action are available for public inspection during normal business hours at the Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103 and the Pennsylvania Department of Environmental Protection, Bureau of Air Quality, P.O. Box 8468, 400 Market Street, Harrisburg, Pennsylvania 17105.
