

Extraordinary Circumstances, as follows:)

Extraordinary Circumstances.

Instances where a proposed action normally excluded from documentation in an EIS or EA is identified as potentially having a significant effect on resource conditions as set out in section 30.3, paragraphs 2a through 2g.

31—Categories of Actions Excluded From Documentation.

(No change to the following sections 31 through 31.1b, paragraph 9c:)

31.1—Categories for Which a Project or Case File and Decision Memo Are Not Required. At the discretion of the responsible official, a project or case file and a decision memo are not required but may be prepared for the categories of actions set forth in sections 31.1a and 31.1b.

31.1a—Categories Established by the Secretary. The rules at 7 CFR 1b.3 exclude from documentation in an EIS or an EA the following categories:

(a) * * *

(1) Policy development, planning and implementation which relate to routine activities, such as personnel, organizational changes, or similar administrative functions;

(2) Activities which deal solely with the funding of programs, such as program budget proposals, disbursements, and transfer or reprogramming of funds;

(3) Inventories, research activities, and studies, such as resource inventories and routine data collection when such actions are clearly limited in context and intensity;

(4) Educational and informational programs and activities;

(5) Civil and criminal law enforcement and investigative activities;

(6) Activities which are advisory and consultative to other agencies and public and private entities, such as legal counseling and representation;

(7) Activities related to trade representation and market development activities abroad. (7 CFR 1b.3)

31.1b—Categories Established by the Chief. The following categories of routine administrative, maintenance, and other actions normally do not individually or cumulatively have a significant effect on the quality of the human environment (sec. 05) and, therefore, may be categorically excluded from documentation in an EIS or an EA unless scoping indicates extraordinary circumstances (sec. 30.5) exist:

(The unchanged text of paragraphs 1 through 9 is not set out.)

* * * * *

(Proposed new paragraphs 10 and 11, section 31.1b, as follows:)

10. Amendment to an existing special use authorization during its term, involving no change in the authorized use and occupancy other than administrative changes. Examples include but are not limited to:

a. Amending a special use authorization to reflect administrative changes, such as changes to the land use rental fee or conversion to a new type of special use authorization for a particular occupancy or use (for example, converting a permit to a lease or easement).

b. Amending a special use authorization to include nondiscretionary environmental standards or updating a special use authorization to bring it into conformance with current laws or regulations (for example, new water quality standards that require monitoring).

11. Change in ownership of authorized improvements during the term of an existing special use authorization, involving no change in the authorized use and occupancy of National Forest System lands other than administrative changes. Examples include but are not limited to issuance of a new special use authorization to a new owner of the authorized improvements, when there is no change to the authorized use and occupancy.

(No change to the following section 31.2 through (1):)

31.2—Categories of Actions for Which a Project or Case File and Decision Memo Are Required. Routine, proposed actions within any of the following categories may be excluded from documentation in an EIS or an EA; however, a project or case file is required and the decision to proceed must be documented in a decision memo (sec. 32). As a minimum, the project or case file should include any records prepared, such as:

(1) the names of interested and affected people, groups, and agencies contacted;

(Proposed revision to section 31.2 (2) and (3) as follows:)

(2) the determination that no instance of extraordinary circumstances related to the proposed action exists that may have a significant environmental effect on resource conditions; (3) a copy of the decision memo (sec. 30.5, para. 2);

(No change to the following section 31.2 (4) and (5):)

(4) a list of the people notified of the decision; (5) a copy of the notice required by 36 CFR Part 217, or any other notice used to inform interested and affected persons of the decision to proceed with or to implement an action that has been categorically excluded.

Maintain a project or case file and prepare a decision memo for routine, proposed actions within any of the following categories.

(The unchanged text of paragraphs 1 through 9, section 31.2, is not set out.)

* * * * *

(Proposed new paragraph 10, section 31.2, as follows:)

10. Issuance of a new special use authorization to the holder of an existing special use authorization when:

a. The existing special use authorization terminates at the end of its term;

b. The holder is in full compliance with the terms and conditions of the terminating special use authorization; and

c. There would be no change in the physical environment or facilities or the scope or intensity of the operations.

(No change to the rest of chapter 30, sections 32–33.)

BILLING CODE 3410–11–P

DEPARTMENT OF AGRICULTURE

Rural Telephone Bank

Amendment to Bylaws

AGENCY: Rural Telephone Bank, USDA.

ACTION: Notice of revised bylaws.

SUMMARY: The Board of Directors of the Rural Telephone Bank (Bank) adopted an amendment to the bylaws of the Bank on August 17, 2001. The bylaw amendment defines the terms “eligible” and “controlled” with respect to the purchase of Class C stock.

EFFECTIVE DATE: This action was effective August 17, 2001.

FOR FURTHER INFORMATION CONTACT:

Roberta D. Purcell, Assistant Governor, Rural Telephone Bank, (202) 720–9554.

SUPPLEMENTARY INFORMATION: Bylaw section 2.2, paragraph (c) is revised and redesignated as paragraphs (c) and (d), and existing paragraph (d) is redesignated as (e) as follows:

Article II—Capital Stock and Special Fund Equivalents

Sec. 2.2 Rights, Powers, Privileges and Preferences of Each Class of Stock

(c) Class C stock shall have a par value of one thousand dollars (\$1,000) per share, shall be issued only at par, shall be held only by borrowers or by corporations and public bodies eligible to borrow under section 408 of the Act, or by organizations controlled by such borrowers, corporations and public

bodies, and shall be voting stock. A corporation or public body is considered eligible to borrow if it is engaged in activities that the Bank determines could be financed under section 408 of the Act. An organization is considered controlled if (1) a majority of the voting stock or other controlling authority in the organization is held by borrowers or by corporations and public bodies eligible to borrow under section 408 of the Act and (2) such borrowers, corporations, and public bodies are not prevented by any agreement or other restriction from exercising such controlling authority as they may desire.

(d) At such times and in such amounts as the Board may designate, dividends may be declared and paid to holders of Class C stock, but only from income of the Bank. Until all Class A stock is retired, the annual rate of any such dividend shall not exceed the current average rate payable on the bonds, debentures, notes and other evidences of indebtedness issued by the Bank (hereinafter collectively called "telephone debentures"). No dividend on Class C stock shall be paid at any time when any portion of the cumulative 2 percent return on Class A stock required by section 406(c) of the Act remains unpaid. Prior to dissolution or liquidation of the Bank, Class C stock may be redeemed and retired only after all shares of Class A stock shall have been redeemed and retired. Upon dissolution or liquidation of the Bank, holders of Class C stock shall be entitled to retirement of their stock at par after payment of all liabilities of the Bank and after retirement of all Class A and Class B stock at par, but shall not be entitled to share in any remaining surpluses or contingency reserves, as provided in section 411 of the Act. Class C stock shall not be transferable, absolutely or by way of collateral, except to a borrower, or a corporation or public body eligible to borrow under section 408 of the Act, or an organization controlled by such borrowers, corporations, or public bodies.

(e) No holder of Class B or Class C stock shall be entitled to more than one vote, regardless of the number and class or classes of shares held, nor shall Class B and Class C stockholders, regardless of their number, which are owned or controlled by the same person, group of persons, firm, association, or corporation be entitled to more than one vote.

Dated: August 13, 2001.

Gary J. Morgan,

Acting Governor, Rural Telephone Bank.

BILLING CODE 3410-15-P

DEPARTMENT OF AGRICULTURE

Rural Utilities Service

Jackson County Lake Project, KY

AGENCY: Rural Utilities Service, USDA.

ACTION: Notice of availability of record of decision.

SUMMARY: Notice is hereby given that the Rural Utilities Service (RUS) is issuing a Record of Decision (ROD) on the Environmental Impact Statement (EIS) prepared for the Jackson County Lake Project. The EIS was prepared pursuant to the National Environmental Policy Act of 1969 (NEPA) (U.S.C. 4231 *et seq.*) in accordance with the Council on Environmental Quality regulations for implementing the procedural provisions of NEPA (40 CFR 1500-1508) and RUS regulations (7 CFR 1794). The ROD concludes the EIS process for this proposal.

After reviewing comments from interested citizens, local businesses, environmental advocacy organizations, and other State and Federal agencies, RUS, with conditions, agrees to participate in the co-funding of its previously identified preferred alternative—the War Fork and Steer Fork (WSF), a 3.5 million gallons per day (MGD) reservoir and the construction of a raw water transmission main from the proposed reservoir to the existing JCWA Treatment Plant. This decision was made after comparing overall estimated project costs, user rate impacts, future growth prospects of Jackson County, Kentucky and adjacent areas, and evaluating other relevant information with regard to the reasonable alternatives considered in the EIS. The dam would be situated on War Fork, 0.75 miles north of the confluence with Steer Fork and located about 0.5 miles southwest of Turkey Foot campground in eastern Jackson County. The roller compacted concrete dam would be about 87 to 107 feet tall, 760 to 790 feet long, and 102 to 122 feet wide, creating a reservoir with an average yield of 3.5 MGD of raw water. At a normal pool elevation of 980 feet above mean sea level (MSL), the surface area of this reservoir would be about 116 acres. At a potential maximum flood elevation of 1,000 feet above MSL, the surface area of the reservoir would be approximately

162 acres. The total acreage for a reservoir at maximum flood level at this site, with a 300-foot buffer extending from normal pool level, would be about 337 acres of land. As much of this land is currently part of the Daniel Boone National Forest, land acquisition at this site would require a land exchange with the U.S. Forest Service. In addition, impounding "waters of the United States" will require a Clean Water Act, Section 404 permit from the U.S. Army Corps of Engineers. Other permits will be required; the applicants will be responsible for obtaining all applicable permits prior to construction.

FOR FURTHER INFORMATION CONTACT: For more information, contact: Mark S. Plank, Senior Environmental Scientist, USDA, Rural Utilities Service, Engineering and Environmental Staff, 1400 Independence Avenue, Mail Stop 1571, Washington, DC 20250, telephone (202) 720-1649, fax (202) 720-0820, or email: mplank@rus.usda.gov. Further information can also be obtained from: Kenneth Slone, State Director, USDA, Rural Development State Office, 771 Corporate Drive, Suite 200, Lexington, KY 40503, telephone (606) 224-7300, or fax (606) 224-7340.

A copy of the ROD can be obtained or viewed online at <http://www.usda.gov/rus/water/ees/eis.htm>. The document is in a portable document format (pdf); in order to review or print the document, users need to obtain a free copy of Acrobat Reader. The Acrobat Reader can be obtained from <http://www.adobe.com/prodindex/acrobat/readstep.html>.

SUPPLEMENTARY INFORMATION: On July 10, 1997, the Jackson County Water Association (JCWA) and the Jackson County Empowerment Zone Community, Inc. (JCEZ) submitted an application to the U.S. Department of Agriculture, Rural Utilities Service (RUS) requesting financial assistance to co-fund a proposed reservoir whose purpose was two-fold: to provide water supply for the citizens of Jackson County, Kentucky and adjacent areas and for recreation. The proposal was to construct a 115-foot roller-concrete compacted dam on the Laurel Fork of the Rockcastle River creating a 640-acre reservoir and the construction of a raw water transmission main from the proposed reservoir to the JCWA Treatment Plant located at Tyner Lake in eastern Jackson County. In response to the application and in accordance with the National Environmental Policy Act of 1969 (42 U.S.C. 4231 *et seq.*) and Agency regulations (7 CFR 1794, Environmental Policies and Procedures), RUS initiated the
