Drawbridge Operating Regulation; Bayou Lafourche, LA

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary deviation from regulations.

SUMMARY: The Commander, Eighth Coast Guard District has issued a temporary deviation from the regulation governing the operation of the SR 1 (Leeville) vertical lift bridge across Bayou Lafourche, mile 13.3, at Leeville, Lafourche Parish, Louisiana. This deviation allows the Louisiana Department of Transportation and Development (LDOTD) to close the bridge to navigation from 8 a.m. until noon and from 1 p.m. until 5:30 p.m. daily from Monday, September 24, 2001 through Saturday, November 3, 2001. This temporary deviation is issued to allow for the cleaning and painting of the vertical lift span of the bridge.

DATES: This deviation is effective from 8 a.m. on Monday, September 24, 2001 until 5:30 p.m. on Saturday, November 3, 2001.

ADDRESSES: Unless otherwise indicated, documents referred to in this notice are available for inspection or copying at the office of the Eighth Coast Guard District, Bridge Administration Branch, Commander (obc), 501 Magazine Street, New Orleans, Louisiana, 70130-3396.

The Bridge Administration Branch maintains the public docket for this temporary deviation.

FOR FURTHER INFORMATION CONTACT: David Frank, Bridge Administration Branch, telephone (504) 589-2965.

SUPPLEMENTARY INFORMATION: The SR 1 (Leeville) vertical lift span bridge across Bayou Lafourche, mile 13.3, at Leeville, Lafourche Parish, Louisiana, has a vertical clearance of 40 feet above mean high water in the closed-to-navigation position and 73 feet above mean high water in the open-to-navigation position. The containment equipment for the project will reduce the vertical clearance by two feet. Navigation on the waterway consists mainly of fishing vessels, recreation vessels and tugs with tows. LDOTD requested a temporary deviation from the normal operation of the drawbridge in order to accommodate the cleaning and painting of the vertical lift span on the bridge. This work is necessary for the continued safe operation of the bridge. A separate deviation will be required in the future to accommodate the cleaning and painting of the tower counterweight sections of the bridge.

This deviation allows the draw of the SR 1 (Leeville) vertical lift span drawbridge across Bayou Lafourche, 13.3, to remain closed to navigation from 8 a.m. until noon and from 1 p.m. until 5:30 p.m. from Monday, September 24, 2001 through Saturday, November 3, 2001.

Dated: September 6, 2001.

DEPARTMENT OF VETERANS AFFAIRS

38 CFR Parts 3 and 13

RIN 2900-AK68

Veterans Benefits and Health Care Improvement Act of 2000

AGENCY: Department of Veterans Affairs.

ACTION: Final rule.

SUMMARY: This document amends various Department of Veterans Affairs (VA) regulations concerning the definition of the term "active military, naval, or air service"; the payment limitation based on the value of certain incompetent veterans' estates; the plot allowance for certain individuals buried in State veterans' cemeteries; and the limitation on payment of pension for certain recipients of Medicaid-covered nursing home care. The amendments are necessary to reflect statutory changes contained in the Veterans Benefits and Health Care Improvement Act of 2000.

DATES: *Effective Date:* November 1, 2000.

FOR FURTHER INFORMATION CONTACT: Bob White, Team Leader, Plain Language Regulations Project, Veterans Benefits Administration, 810 Vermont Avenue, NW., Washington, DC 20420, telephone (202) 273-7228. This is not a toll-free number.

SUPPLEMENTARY INFORMATION: Section 301 of the Veterans Benefits and Health Care Improvement Act of 2000 (the Act), Pub. L. No. 106-419, amended 38 U.S.C. 101(24), which defines the term "active military, naval, or air service" to also include periods of inactive duty training during which individuals become disabled or die from an acute myocardial infarction, a cardiac arrest, or a cerebrovascular accident that occurred during such training. Section 301 also amended 38 U.S.C. 106(d) to provide that if a person was disabled or died as a result of any of these three diseases having occurred while the person was proceeding directly to or returning directly from a period of active duty for training or inactive duty training, such person would be deemed to have been on active duty for training or inactive duty training, as the case may be. We have amended paragraphs (a) and (e) of 38 CFR 3.6 to reflect the new statutory requirements.

Section 304 of the Act amended 38 U.S.C. 5503(b)(1), which sets forth a limitation on the payment of benefits to certain incompetent veterans who are hospitalized or institutionalized at government expense, who have neither spouse nor child, and who have estates with values that equal or exceed a specified amount. Under prior law, benefits were discontinued when the value of such veterans' estates equaled or exceeded \$1,500; payments could not be resumed until the value of those estates had been reduced to \$500. Under section 304 of the Act, effective November 1, 2000, benefits may not be discontinued until the estate of an affected incompetent veteran equals or exceeds an amount equal to five times

the rate of compensation payable under 38 U.S.C. 1114(j) (the rate payable to a totally disabled veteran with no dependents). Under the new provision, benefit payments discontinued because of the estate limitation may not be resumed until the veteran's estate has been reduced to one-half the amount of the new estate limitation.

Because the rate of compensation payable under 38 U.S.C. 1114(j) is generally increased on an annual basis to keep pace with inflation, VA would have to make annual regulatory amendments to ten different regulations if we were to simply insert new dollar amounts where the regulations currently specify \$1,500 and \$500. This would be extremely burdensome on VA and would invariably result in regulations that specify incorrect dollar amounts until amendments to reflect increases in those amounts made their way through the regulatory process.

To prevent this result, VA has amended 38 CFR 3.557(b) to describe the method required by section 304 of the Act for calculating the dollar values for the estates of incompetent veterans which will trigger discontinuance or resumption of benefit payments. Each time there is an increase in the rate of compensation payable under 38 U.S.C. 1114(j), VA will calculate the new dollar values for discontinuance and resumption and will publish those dollar values in the Notices section of the **Federal Register**. The new values will be effective on the same day that the increase in the section 1114(j) rate becomes effective. In this way VA will be spared the burden of annually amending numerous regulations, and the public will have access to both the calculation method and the actual dollar value calculated using that method.

In § 3.557(b) we are also deleting the introductory phrase "Effective December 1, 1959,". That phrase has no relevance to current claims processing.

In addition to § 3.557 there are several other regulations referring to the estate values that trigger discontinuance or resumption of benefits for certain incompetent veterans, either in their titles, text or cross-references. We have amended these regulations to remove references to specific dollar amounts. Where amounts appeared in the regulatory text, we have replaced them with references to the amounts calculated under § 3.557(b). Where specific amounts appeared in titles or cross-references we have amended them to eliminate reference to a dollar amount. The affected regulations are §§ 3.353, 3.452, 3.501, 3.558, 3.559, 3.1007, 13.70, 13.71 and 13.108.

Section 333 of the Act amended 38 U.S.C. 2303(b)(1), which governs eligibility for the plot or interment allowance when a veteran is buried in a cemetery, or a section of a cemetery, that is owned by a State or by an agency or a political subdivision of a State. The allowance was previously payable only if the cemetery, or section of the cemetery, was used solely for the interment of persons who were eligible for burial in a national cemetery. Section 333 expanded eligibility to include cemeteries, or sections of cemeteries, that are also used for the interment of persons who were members of a reserve component of the Armed Forces not otherwise eligible for burial in a national cemetery or who were former members of such a reserve component not otherwise eligible for burial in a national cemetery who were discharged or released from service under conditions other than dishonorable. We have amended § 3.1604(d)(1)(ii) to reflect these expanded eligibility criteria. These criteria apply only to the burial of persons dying on or after November 1, 2000.

Section 402(e) of the Act extended, until September 30, 2008, the expiration date for 38 U.S.C. 5503(f), which governs the amount of pension payable to certain veterans and surviving spouses receiving Medicaid-covered nursing home care. That provision was due to expire on September 30, 2002. We have amended § 3.551(i) to reflect the statutory change.

This final rule reflects statutory requirements. Accordingly, there is a basis for dispensing with the prior notice and comment and delayed effective date provisions of 5 U.S.C. 552 and 553.
