BILLING CODE 4410-18-M

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Advisory Committee on Preservation; Meeting

AGENCY: National Archives and Records Administration.

ACTION: Notice of meeting.

SUMMARY: In accordance with the Federal Advisory Committee Act (5 U.S.C. App. 2) and implementing regulation 41 CFR 101-6, the National Archives and Records Administration (NARA) announces a meeting of the Advisory Committee on Preservation. NARA uses the Committee's recommendations on NARA's implementation of strategies for preserving the permanently valuable records of the Federal Government.

DATES: November 8, 2001, from 10 a.m. to 5 p.m. and November 9, 2001, from 9 a.m. to noon.

ADDRESSES: National Archives and Records Administration, 8601 Adelphi Road, lecture rooms B & C, College Park, MD 20740-6001.

FOR FURTHER INFORMATION CONTACT: Alan Calmes, Preservation Archivist, 301-713-7403.

SUPPLEMENTARY INFORMATION:

1. The agenda for this meeting is a review of the NARA preservation program.

2. Discussion of the application of state-of-the-art technology for the preservation of paper, film, audio, and video Federal records.

This meeting will be open to the public, but seating may be limited.

Dated: September 17, 2001.

Mary Ann Hadyka,

Committee Management Officer.

BILLING CODE 7515-01-P

NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-277 and 50-278]

Exelon Generation Company, LLC, PSEG Nuclear, LLC, Atlantic City Electric Company; Peach Bottom Atomic Power Station, Units 2 and 3; Notice of Intent To Prepare an Environmental Impact Statement and Conduct Scoping Process

Exelon Generation Company, LLC (Exelon) has submitted an application for renewal of Operating Licenses Nos. DRP-44 and DRP-56 for an additional 20 years of operation at the Peach Bottom Atomic Power Station (PBAPS), Units 2 and 3. PBAPS is located partly in York County and partly in Lancaster County, Pennsylvania. The application for renewal was submitted by letter dated July 2, 2001, pursuant to 10 CFR part 54. A notice of receipt of application, including the environmental report (ER), was published in the **Federal Register** on July 25, 2001 (66 FR 38753). A notice of acceptance for docketing of the application for renewal of the facility operating license was published in the **Federal Register** on August 31, 2001 (66 FR 46036). The purpose of this notice is to inform the public that the U.S. Nuclear Regulatory Commission (NRC) will be preparing an environmental impact statement in support of the review of the license renewal application and to provide the public an opportunity to participate in the environmental scoping process as defined in 10 CFR 51.29.

In accordance with 10 CFR 54.23 and 10 CFR 51.53(c), Exelon submitted the ER as part of the application. The ER was prepared pursuant to 10 CFR part 51 and is available for public inspection at the NRC Public Document Room, located at One White Flint North, 11555 Rockville Pike (first floor), Rockville, Maryland, or from the Publicly Available Records component of NRC's document system (ADAMS). ADAMS is accessible at <http://www.nrc.gov/NRC/ADAMS/index.html>, (the NRC Public Electronic Reading Room (PERR)). If you do not have access to ADAMS or if there are problems in accessing the documents located in ADAMS, contact the NRC Public Document Room Reference staff at 1-800-397-4209, or 301-415-4737, or by e-mail to pdrc@nrc.gov. In addition, the Whiteford Branch Library, located at 2407 Whiteford Road, Whiteford, MD and the Collinsville Community Library, located at 2632 Delta Road, Brogue, PA, have each been provided a reference copy of

the ER and have agreed to make it available for public inspection.

This notice advises the public that the NRC intends to gather the information necessary to prepare a plant-specific supplement to the Commission's "Generic Environmental Impact Statement (GEIS) for License Renewal of Nuclear Plants," (NUREG-1437) in support of the review of the application for renewal of the PBAPS operating licenses for an additional 20 years. Possible alternatives to the proposed action (license renewal) include no action and reasonable alternative energy sources. 10 CFR 51.95 requires that the NRC prepare a supplement to the GEIS in connection with the renewal of an operating license. This notice is being published in accordance with the National Environmental Policy Act (NEPA) and the NRC's regulations found in 10 CFR part 51.

The NRC will first conduct a scoping process for the supplement to the GEIS and, as soon as practicable thereafter, will prepare a draft supplement to the GEIS for public comment. Participation in this scoping process by members of the public and local, State, and Federal government agencies is encouraged. The scoping process for the supplement to the GEIS will be used to accomplish the following:

a. Define the proposed action which is to be the subject of the supplement to the GEIS.

b. Determine the scope of the supplement to the GEIS and identify the significant issues to be analyzed in depth.

c. Identify and eliminate from detailed study those issues that are peripheral or that are not significant.

d. Identify any environmental assessments and other environmental impact statements (EISs) that are being or will be prepared that are related to but are not part of the scope of the supplement to the GEIS being considered.

e. Identify other environmental review and consultation requirements related to the proposed action.

f. Indicate the relationship between the timing of the preparation of environmental analyses and the Commission's tentative planning and decision-making schedule.

g. Identify any cooperating agencies and, as appropriate, allocate assignments for preparation and schedules for completing the supplement to the GEIS, to the NRC, and any cooperating agencies.

h. Describe how the supplement to the GEIS will be prepared, including any contractor assistance to be used.

The NRC invites the following entities to participate in the scoping process:

a. The applicant, Exelon Generation Company, LLC.

b. Any Federal agency that has jurisdiction by law or special expertise with respect to any environmental impact involved, or that is authorized to develop and enforce relevant environmental standards.

c. Affected State and local government agencies, including those authorized to develop and enforce relevant environmental standards.

d. Any affected Indian tribe.

e. Any person who requests or has requested an opportunity to participate in the scoping process.

a. Any person who intends to petition for leave to intervene.

In accordance with 10 CFR 51.26, the scoping process for an EIS may include a public scoping meeting to help identify significant issues related to a proposed activity and to determine the scope of issues to be addressed in an EIS. The NRC has decided to hold public meetings for the PBAPS license renewal supplement to the GEIS. The scoping meetings will be held at the Peach Bottom Inn, 6085 Delta Road, Delta, PA on Wednesday, November 7, 2001. There will be two sessions to accommodate interested parties. The first session will convene at 1:30 p.m. and will continue until 4:30 p.m. The second session will convene at 7 p.m. with a repeat of the overview portions of the meeting and will continue until 10 p.m. Both sessions will be transcribed and will include (1) an overview by the NRC staff of the National Environmental Policy Act (NEPA) environmental review process, the proposed scope of the supplement to the GEIS, and the proposed review schedule; (2) an overview by Exelon of the proposed action, PBAPS license renewal, and the environmental impacts as outlined in the ER; and (3) the opportunity for interested Government agencies, organizations, and individuals to submit comments or suggestions on the environmental issues or the proposed scope of the supplement to the GEIS. Additionally, the NRC staff will host informal discussions one hour prior to the start of each session at the Peach Bottom Inn. No comments on the proposed scope of the supplement to the GEIS will be accepted during the informal discussions. To be considered, comments must be provided either at the transcribed public meetings or in writing, as discussed below. Persons may register to attend or present oral comments at the meetings on the NEPA scoping process by contacting Mr. Duke Wheeler by telephone at (800) 368-

5642, extension 1444, or by Internet to the NRC at dxw@nrc.gov no later than November 1, 2001. Members of the public may also register to speak at the meeting within 15 minutes of the start of each session. Individual oral comments may be limited by the time available, depending on the number of persons who register. Members of the public who have not registered may also have an opportunity to speak, if time permits. Public comments will be considered in the scoping process for the supplement to the GEIS. If special equipment or accommodations are needed to attend or present information at the public meeting, the need should be brought to Mr. Wheeler's attention no later than November 1, 2001, so that the NRC staff can determine whether the request can be accommodated.

Members of the public may send written comments on the environmental scoping process for the supplement to the GEIS to:

Chief, Rules and Directives Branch,
Division of Administrative Services,
Office of Administration, Mailstop T-6
D 59, U.S. Nuclear Regulatory
Commission, Washington, DC 20555-0001.

Comments may be hand-delivered to the NRC at 11545 Rockville Pike, Rockville, Maryland, between 7:45 a.m. and 4:15 p.m. on Federal workdays. To be considered in the scoping process, written comments should be postmarked by November 26, 2001. Electronic comments may be sent by the Internet to the NRC at Peach_Bottom_EIS@nrc.gov. Electronic submissions should be sent no later than November 26, 2001, to be considered in the scoping process. Comments will be available electronically and accessible through the NRC's Public Electronic Reading Room link <http://www.nrc.gov/NRC/ADAMS/index.html> at the NRC Homepage.

Participation in the scoping process for the supplement to the GEIS does not entitle participants to become parties to the proceeding to which the supplement to the GEIS relates. Notice of opportunity for a hearing regarding the renewal application was the subject of the aforementioned **Federal Register** notice of acceptance for docketing. Matters related to participation in any hearing are outside the scope of matters to be discussed at this public meeting.

At the conclusion of the scoping process, the NRC will prepare a concise summary of the determinations and conclusions reached, including the significant issues identified, and will send a copy of the summary to each participant in the scoping process. The

summary will also be available for inspection through the PERR link. The staff will then prepare and issue for comment the draft supplement to the GEIS, which will be the subject of separate notices and a separate public meeting. Copies will be available for public inspection at the above-mentioned addresses, and one copy per request will be provided free of charge. After receipt and consideration of the comments, the NRC will prepare a final supplement to the GEIS, which will also be available for public inspection.

Information about the proposed action, the supplement to the GEIS, and the scoping process may be obtained from Mr. Wheeler at the aforementioned telephone number or e-mail address.

Dated at Rockville, Maryland, this 17th day of September 2001.

For the Nuclear Regulatory Commission.

Cynthia A. Carpenter,

*Chief, Risk Informed Initiatives,
Environmental, Decommissioning and
Rulemaking Branch, Division of Regulatory
Improvement Programs, Office of Nuclear
Reactor Regulation.*
