

Takings (Executive Order 12630)

The Department has determined that this rate adjustment does not have significant "takings" implications. The rate adjustment does not deprive the public, state, or local governments of rights or property.

Federalism (Executive Order 13132)

The Department has determined that this rate adjustment does not have significant Federalism effects because it pertains solely to Federal-tribal relations and will not interfere with the roles, rights, and responsibilities of states.

Civil Justice Reform (Executive Order 12988)

In accordance with Executive Order 12988, the Office of the Solicitor has determined that this rule does not unduly burden the judicial system and meets the requirements of sections 3(a) and 3(b)(2) of the Order.

Paperwork Reduction Act of 1995

This rate adjustment does not affect the collections of information which have been approved by the Office of Information and Regulatory Affairs, Office of Management and Budget, under the Paperwork Reduction Act of 1995. The OMB Control Number is 1076-0141 and expires November 30, 2002.

National Environmental Policy Act

The Department has determined that this rate adjustment does not constitute a major Federal action significantly affecting the quality of the human environment and that no detailed statement is required under the National Environmental Policy Act of 1969.

Dated: September 4, 2001.

Neal A. McCaleb,

Assistant Secretary—Indian Affairs.

BILLING CODE 4310-02-P

DEPARTMENT OF THE INTERIOR**Bureau of Indian Affairs****Indian Gaming**

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice of approved tribal-State compact.

SUMMARY: Pursuant to Section 11 of the Indian Gaming Regulatory Act of 1988 (IGRA), Pub. L. 100-497, 25 U.S.C. 2710, the Secretary of the Interior shall publish, in the **Federal Register**, notice of approved Tribal-State Compacts for the purpose of engaging in Class III

gaming activities on Indian lands. The Assistant Secretary—Indian Affairs, Department of the Interior, through his delegated authority, has approved the Tribal-State Compact for the Coushatta Tribe of Louisiana and the State of Louisiana, which was executed on July 20, 2001.

DATES: This action is effective September 25, 2001.

FOR FURTHER INFORMATION CONTACT: George T. Skibine, Director, Office of Indian Gaming Management, Bureau of Indian Affairs, Washington, D.C. 20240, (202) 219-4066.

Dated: September 4, 2001.

Neal McCaleb,

Assistant Secretary—Indian Affairs.

BILLING CODE 4162-20-M

DEPARTMENT OF THE INTERIOR**Bureau of Land Management**

[NM-090-01-9922-EK]

Supplemental Rule Restricting Recreational and Sport Shooting To Protect Human Health and Safety in the Vicinity of the BLM Lands in Potter County, TX

AGENCY: Bureau of Land Management, Department of the Interior, Amarillo Field Office, Amarillo, Texas.

ACTION: Public Lands Restrictions.

SUMMARY: In accordance with Title 43, Code of Federal Regulations Section 8365.1-6, the State Director may establish supplementary rules in order to provide for the protection of persons, property and public lands and resources. Failure to comply with this supplementary rule will be punishable by a fine not to exceed \$100,000 and/or imprisonment not to exceed 12 months. The environmental effects of the proposed rule have been analyzed separately by Environmental Assessment 090-2001-002.

DATES: The supplemental rule will take effect with the publication of this Notice.

SUPPLEMENTARY INFORMATION: This supplemental rule was proposed to create a safer environment for the public utilizing the area in and around the public lands in Potter County, Texas. Uncontrolled shooting on the subject public lands in Potter County, Texas, creates a public health and safety hazard by firing solid projectile firearms, that have a long range, into and about a populated rural area. Portions of the area of concern receive heavy use by

ranchers, oil and gas development personnel and BLM employees. This supplemental rule will prohibit the firing of any firearm. On those public lands administered by the BLM in Potter County, Texas, (Sections 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 45, and 48 in Block 5 of G. M. Survey; Sections 1, 3 and 4 in Block 4 of G.M. Survey; Sections 19, 21, 27, 29 and 35 of Block 21-W of G.C.&S.F.R.R. Survey) it is prohibited to fire any handgun, shotgun or rifle. Archery hunting (bow and arrow) will be allowed pursuant to State of Texas, Parks and Wildlife regulations. By prohibiting all gunfire a safer environment on both public and private lands will be created. During a thirty-day comment period on the proposal of this rule, no suggestions or comments were received. This rule only affects public lands administered by BLM. This special rule is in addition to existing rules and regulations previously established under Title 43 Code of Federal Regulations as well as other Federal laws applicable to the use of public lands.

FOR FURTHER INFORMATION CONTACT: Paul Tanner, Natural Resource Specialist, BLM Amarillo Field Office, 801 S. Fillmore Street, Suite 500, Amarillo, Texas 79101-3545, telephone (806) 324-2641.

Dated: August 13, 2001.

M. J. Chavez,

State Director.

BILLING CODE 4310-84-P

DEPARTMENT OF THE INTERIOR**Bureau of Reclamation**

[INT-FES-01-29]

Keechelus Dam Safety of Dams Modification, Yakima Project, Washington

AGENCY: Bureau of Reclamation, Interior.

ACTION: Notice of Availability for the Keechelus Dam Safety of Dams Modification, Yakima Project, Washington, Final Environmental Impact Statement.

SUMMARY: Pursuant to section 102(2)(C) of the National Environmental Policy Act of 1969, as amended, the Department of the Interior, Bureau of Reclamation (Reclamation), has prepared a final environmental impact statement (FEIS) examining the impacts of structural and nonstructural alternatives to correct safety deficiencies identified at Keechelus Dam.

The impacts of four alternatives that would correct safety deficiencies at Keechelus Dam, as well as the No Action Alternative are evaluated in this FEIS. The alternatives include: Modify Existing Dam (Preferred Alternative); Replace Existing Dam on New Alignment; Dam Breach; and Permanent Reservoir Restriction. The No Action Alternative is considered to be continued operation at the interim restriction to 2510 feet (7 feet below full pool), implemented in November 1998 to protect public safety. The impacts of the other alternatives were compared to the No Action Alternative.

The preferred alternative of modifying the dam would provide for the safe operation of Keechelus Dam and also maintain benefits from Keechelus Lake that include meeting existing contractual commitments for storage space for irrigators within the Yakima Project and controlling seasonal downstream flooding.

The FEIS includes all comment letters received on the DEIS and Reclamation's responses to those comments, as well as a summary of the comments from the public hearings. It also includes minor revisions and additions to the analysis as a result of review comments.

A Record of Decision (ROD) will be completed no sooner than 30 days after the publication of the Environmental Protection Agency's Notice of Availability of the FEIS in the **Federal Register**. The ROD will state the alternative that will be implemented and will discuss all factors leading to the decision. It is scheduled for issuance in October 2001. However, consultations under section 7 of the Endangered Species Act with the United States Fish and Wildlife Service and National Marine Fisheries Service are continuing and the ROD will not be signed until they are completed.

ADDRESSES: Copies of the FEIS are available for public inspection and review at the following locations:

- Bureau of Reclamation, U.S. Department of the Interior, Room 7455, 18th and C Streets NW, Washington, DC 20240.
- Bureau of Reclamation, Denver Office Library, Denver Federal Center, Building 67, Room 167, Denver, Colorado 80225.
- Bureau of Reclamation, Pacific Northwest Regional Office, 1150 North Curtis Road, Suite 100, Boise, Idaho 83706-1234.
- Bureau of Reclamation, Upper Columbia Area Office, 1917 Marsh Road, Yakima, Washington 98901.

Internet

The FEIS is also available on the Internet at: <http://www.pn.usbr.gov/>.

FOR FURTHER INFORMATION CONTACT: Mr. Dave Kaumheimer at (509) 575-5848, extension 232. Those wishing to obtain a copy of the FEIS in the form of a printed document or on compact disk (CD-ROM with reader included) or a Summary of the FEIS may contact Mr. Kaumheimer.

SUPPLEMENTARY INFORMATION: Keechelus Dam was completed in 1917 as part of Reclamation's Yakima Project, storing Yakima River water in central Washington for irrigation of part of 443,400 acres of prime farmland and for flood control. Recent investigations have shown that the wooden railroad trestle, used to deliver earth material and rocks while constructing the dam, has deteriorated, forming vertical paths where earthen materials within the dam can move, leaving voids in the dam. Examination of the seepage problems indicates the material is internally unstable and is subject to failure, with an associated potential for loss of life and property downstream. Because of the deficiencies identified, Keechelus Lake has been operated at a restricted pool elevation 7 feet below the normal full pool elevation of 2517 feet since November 1998, with increased monitoring and surveillance at the dam. This was identified as the No Action Alternative in the FEIS, and elevation 2510 was used in comparing impacts of the other alternatives.

The Safety of Dams Act of 1978 (Public Law 95-578) and amendments of 1984 (Public Law 98-404) authorize the Secretary of the Interior to analyze existing Reclamation dams for changes in the state-of-the-art criteria and additional hydrologic and seismic data developed since the dams were constructed. For dams where a safety concern exists, the Secretary is authorized to modify the structure to

ensure its continued safety. Section 3 of the Safety of Dams Act states that construction authorized by the Act shall be for dam safety and not for specific purposes of providing additional conservation storage capacity or developing benefits over and above those provided by the original dams and reservoirs.

The major issue identified during the review of the DEIS was that fish passage is not provided as part of any of the alternatives. Reclamation indicated during scoping that this was outside the scope of the project which is to correct safety deficiencies in order to protect life and property. In addition, neither authority or funding for fish passage is provided under the Safety of Dams Act. None of the alternatives preclude addition of fish passage in the future and this will be pursued under a separate planning action. An appendix discussing fish passage concerns has been added to the FEIS.

Dated: August 30, 2001.

Kenneth R. Pedde,

Acting Regional Director, Pacific Northwest Region.

BILLING CODE 4310-MN-P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731-TA-739 (Review)]

Clad Steel Plate From Japan

AGENCY: United States International Trade Commission.

ACTION: Scheduling of an expedited five-year review concerning the antidumping duty order on clad steel plate from Japan.

SUMMARY: The Commission hereby gives notice of the scheduling of an expedited review pursuant to section 751(c)(3) of the Tariff Act of 1930 (19 U.S.C. 1675(c)(3)) (the Act) to determine whether revocation of the antidumping duty order on clad steel plate from Japan would be likely to lead to continuation or recurrence of material injury within a reasonably foreseeable time. For further information concerning the conduct of this review and rules of general application, consult the Commission's rules of practice and procedure, part 201, subpart A through E (19 CFR part 201), and part 207, subpart A, D, E, and F (19 CFR part 207).

EFFECTIVE DATES: September 4, 2001.

FOR FURTHER INFORMATION CONTACT: Debra Baker (202-205-3180), Office of
