[NAFTA-03607]

The Chinet Company, Now Known as Huhtamaki Food Service, Inc., Waterville, ME; Amended Certification Regarding Eligibility To Apply for NAFTA-Transitional Adjustment Assistance

In accordance with section 250(A), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974 (19 U.S.C. 2273), the Department of Labor issued a Certification for NAFTA Transitional Adjustment Assistance on January 28, 2000, applicable to workers of The Chinet Company, Waterville, Maine. The notice was published in the **Federal Register** on February 15, 2000 (65 FR 7565).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The workers are engaged in the production of laminated molded fiber frozen food trays. The company reports that in June, 2001, The Chinet Company became known as Huhtamaki Food Service, Inc. as a result of a 1999 merger.

Information also shows that workers separated from employment at the subject firm, had their wages reported under a separate unemployment insurance (UI) tax account for Huhtamaki Food Service, Inc.

Accordingly, the Department is amending the certification determination to properly reflect this matter.

The intent of the Department's certification is to include all workers of The Chinet Company, now known as Huhtamaki Food Service, Inc., who were adversely affected by an increase of imports from Canada.

The amended notice applicable to NAFTA-03607 is hereby issued as follows:

All workers of The Chinet Company, now known as Huhtamaki Food Service, Inc., Waterville, Maine who became totally or partially separated from employment on or after December 1, 1998, through January 28, 2002, are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed at Washington, DC, this 10th day of September, 2001.

Edward A. Tomchick,*Director, Division of Trade Adjustment Assistance.*

[NAFTA-4418 and TA-W-38,516]

Owens Brockway, Glass Container Division, Fulton, NY; Notice of Revised Determination on Reconsideration

By letter of May 1, 2001, the Glass, Molders, Pottery, Plastics & Allied Workers International Union requested administrative reconsideration of the Department's denial of North American Free Trade Agreement-Transitional Adjustment Assistance (NAFTA-TAA) and Trade Adjustment Assistance (TAA), applicable to workers of Owens Brockway, Glass Container Division, Fulton, New York. The notices were published in the **Federal Register** on May 2, 2001, NAFTA-4418 (66 FR 22007), and TA-W-38,516 (66 FR 22006).

The workers were primarily engaged in the production of glass bottles.

The workers were denied NAFTA-TAA on the basis that there was no shift in production to Mexico or Canada, nor were there company or customer imports of glass bottles from Mexico or Canada. The workers were denied TAA because the "contributed importantly" test of the Group Eligibility Requirements of the Trade Act was not met.

The union request for reconsideration indicated that the subject plants' major customer imported glass bottles from South America and Mexico. Upon examination of 1999 and 2000 glass bottle import statistics, aggregate U.S. imports of glass bottles from Canada and Mexico increased significantly. The review further depicts a meaningful increase in aggregate U.S. imports of glass bottles during the relevant period.

Conclusion

After careful consideration of the new facts obtained on reconsideration, it is concluded that the workers of Owens Brockway, Glass Container Division, Fulton, New York, were adversely affected by increased imports (including those from Canada and Mexico) of articles like or directly competitive with glass bottles produced at the subject firm.

All workers of Owens Brockway, Glass Container Division, Fulton, New York, who became totally or partially separated from employment on or after December 1, 1999, through two years from the date of certification, are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974; and

All workers of Owens Brockway, Glass Container Division, Fulton, New York, who became totally or partially separated from employment on or after December 1, 1999, through two years from the date of certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC this 18th day of September 2001.

The U.S. Nuclear Regulatory Commission (the Commission) has granted the request of AmerGen Energy Company, LLC (the licensee), to withdraw its August 9, 2000, application for proposed amendment to Facility Operating License No. DPR-50 for the Three Mile Island Nuclear Station, Unit 1, located in Dauphin County, Pennsylvania.

However, by letter dated August 14, 2001, the licensee superceded its previous submittal in its entirety and withdrew the proposed change.

For further details with respect to this action, see the application for amendment dated August 9, 2000, and the licensee's letter dated August 14, 2001, which superceded in its entirety and withdrew the previous application
