Please include the project number (2232-428) on any comments or motions filed.

k. *Description of Proposal:* Pursuant Commission Order issued February 2, 1996, entitled Order Approving and Modifying Shoreline Management Plan for the Catawba-Wateree Hydroelectric Project, the licensee filed a revised Shoreline Management Plan (SMP). Since the 1996 order, the licensee requested and was granted additional time to complete the plan. The plan addresses relevant aspects of the land and water resources for each of the 11 project reservoirs consisting of 1,653.6 shoreline miles. The plan includes, in part, for each reservoir Shoreline Use Classification Mapping, Shallow Water Fish Habitat Survey Results, a Cultural Resources Assessment, a Recreational Use and Boating Capacity Assessment,

Proposed Recreational Enhancements, and information concerning woody debris management, riparian management, terrestrial species assessment, and cumulative impacts of shoreline development, and shoreline stabilization technique selection. A notable portion of the revised plan has been approved by the Commission by order issued December 1, 2000, entitled Order Modifying and Approving Revised Shoreline Management Classification Maps. This order was issued after notice and opportunity for hearing and after an Environmental Assessment (EA) was completed. The portions of the plan that were considered in that order and EA were the classification maps, shoreline stabilization technique selection, Shallow Water Fish Habitat Survey Results, and woody debris management.
