NUCLEAR REGULATORY COMMISSION

Consideration of approval of a Decommissioning Plan for the Kaiser Aluminum and Chemical Corporation Facility in Tulsa, Oklahoma, and an Opportunity for a Hearing

AGENCY: Nuclear Regulatory Commission (NRC).

ACTION: Consideration of Approval of a Decommissioning Plan for the Kaiser Aluminum and Chemical Corporation Facility in Tulsa, Oklahoma, and an opportunity for a hearing.

The U.S. Nuclear Regulatory Commission (NRC) is considering approval of the Phase 2 Decommissioning Plan (DP) for the Kaiser Aluminum and Chemical Corporation (Kaiser) Facility in Tulsa, Oklahoma. Decommissioning of the Kaiser facility is being conducted in two Phases. In Phase 1, Kaiser remediated the land adjacent to the Kaiser property. In Phase 2, Kaiser will remediate its facility. On May 25, 2001, Kaiser submitted the Phase 2 DP. NRC performed an acceptance review, and on August 7, 2001, notified Kaiser that the information provided in the DP was sufficient to begin a technical review.

Contamination at the Kaiser facility consists of metallic dross/soil containing Th-228, Th-230, and Th-232, generated from smelting and manufacturing processes conducted from 1958 through 1970. The Phase 2 DP identifies the decommissioning activities that will be undertaken to remediate the Kaiser facility and make the site suitable for unrestricted release.

The NRC will require Kaiser to remediate its facility to meet NRC's decommissioning criteria in 10 CFR part 20, subpart E, "Radiological Criteria for License Termination," and during the decommissioning activities, to maintain effluents and doses within NRC requirements, and as low as reasonably achievable.

Prior to approving the DP, NRC will make findings in accordance with the Atomic Energy Act of 1954, as amended, and NRC's regulations. These findings will be documented in a Safety

Evaluation Report and an Environmental Assessment. Approval of the DP will be documented in the public record.

Although Kaiser is no longer a licensee, as a matter of discretion, NRC has decided to treat approval of the DP as a proceeding under subpart L, "Informal Hearing Procedures for Adjudication in Material Licensing Proceedings," of NRC's rules and practice for domestic licensing proceedings in 10 CFR part 2. Discretion is being exercised in this case because of: (1) The unusually large volume of soil to be removed from the site; (2) the significant complexity of this project; and, (3) the close proximity of the site to a major population center. Pursuant to 10 CFR 2.1205(a), any person whose interest may be affected by this proceeding may file a request for a hearing in accordance with part 2.1205(d). A request for a hearing must be filed within thirty (30) days of the date of publication of this **Federal Register** notice.

Pursuant to 10 CFR 2.1203(b), the request for a hearing must be filed with the Office of the Secretary either:

1. By delivery to the Rulemaking and Adjudications Staff of the Secretary at One White Flint North, 11555 Rockville Pike, Rockville, MD 20852-2738; or
2. By mail or telegram addressed to the Secretary, U.S. Nuclear Regulatory Commission, Washington, DC 20555. Attention: Rulemaking and Adjudications Staff.

In addition to meeting other applicable requirements of 10 CFR part 2 of NRC's regulations, a request for a hearing filed by a person other than an applicant must describe in detail:

1. The interest of the requester in the proceeding;
2. How that interest may be affected by the results of the proceeding, including the reasons why the requestor should be permitted a hearing, with particular reference to the factors set out in part 2.1205(h);
3. The requestor's area of concern about the licensing activity that is the subject matter of the proceeding; and
4. The circumstances establishing that the request for a hearing is timely in accordance with part 2.1205(d).

In accordance with 10 CFR 2.1205(f), each request for a hearing must also be served, by delivering it personally or by mail, to:

1. The applicant, Kaiser Aluminum and Chemical Corporation, Attention: Mr. J. W. Vinzant
2. The NRC staff, by delivery to the General Counsel, One White Flint North, 11555 Rockville Pike, Rockville, MD 20852, or by mail, addressed to the

General Counsel, U.S. Nuclear Regulatory Commission, Washington, DC 20555.

For further details with respect to this action, the Phase 2 DP is available for inspection at the NRC's Public Document Room, One White Flint North, 11555 Rockville Pike, Rockville, MD 20852-2738.

Dated at Rockville, Maryland, this 23rd day of October 2001.

For the Nuclear Regulatory Commission.

Larry W. Camper,

Chief, Decommissioning Branch, Division of Waste Management, Office of Nuclear Material Safety and Safeguards.

[File No. 1-9401]

Issuer Delisting; Notice of Application To Withdraw From Listing and Registration on the Pacific Exchange, Inc. (Thermwood Corporation, Common Stock, No Par value)

October 24, 2001.

Thermwood Corporation, an Indiana corporation ("Issuer"), has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to section 12(d) of the Securities Exchange Act of 1934 ("Act")¹ and rule 12d2-2(d) thereunder² to withdraw its Common Stock, no par value ("Security") from listing and registration on the Pacific Exchange, Inc. ("PCX").

The Board of Directors ("Board") of the Issuer approved a resolution on October 12, 2001 to withdraw its Security from listing on the Exchange. The Board represents that the advantages of being a reporting company under the Act do not offset the cost associated with the SEC's reporting requirements. In addition, the Security is thinly traded and is held by less than 100 shareholders.

The Issuer states in its application that it has met the requirements of the PCX by complying with all applicable laws in effect in the state of Indiana, in which it is incorporated, and with the PCX's rules governing an issuer's voluntary withdrawal of a security from listing and registration. The Issuer's application relates solely to the withdrawal of the Security from the PCX and registration under section 12(b) of the Act³ and shall not affect its

obligation to be registered under section 12(g) of the Act.⁴

Any interested person may, on or before November 14, 2001, submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609, facts bearing upon whether the application has been made in accordance with the rules of the PCX and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information submitted to it, will issue an order granting the application after the date mentioned above, unless the Commission determines to order a hearing on the matter.⁵

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

Jonathan G. Katz,
Secretary.
