

the Freedom of Information Act, you must state this promptly at the beginning of your written comment. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety. Interested persons not already on the mailing list may review the PSEORMP/FEIS via the internet at <http://www.or.blm.gov/Vale>. A hard copy or a CD ROM of the document may be requested from the Vale District Office by calling (541) 473-3144.

**SUPPLEMENTARY INFORMATION:** The Malheur and Jordan Resource Areas include 4,600,648 acres of BLM administered public lands in Malheur, Harney, and Grant Counties, Oregon, and encompass approximately 1,851,708 acres of other Federal, State and private lands. The land use planning effort addresses a broad spectrum of land uses and allocations. The Proposed RMP Alternative also provides for the following: the use of wild and prescribed fire to meet resource objectives; provisions for possible disposal of several parcels of potentially suitable public land totaling approximately 62,100 acres; livestock grazing on public lands except for approximately 58,900 acres not allocated; varied recreation uses and establishment of five special recreation management areas; management of special status plant and animal species and habitat; improvement of water quality and riparian habitats; management of wild horses in seven herd management areas; and mineral exploration and development, with retention of currently withdrawn public lands from locatable minerals and recommendation for withdrawal of several parcels from locatable minerals totaling approximately 116,351 acres for provisions such as ACEC's and administrative and recreation facilities. Other management actions under the Proposed RMP Alternative are as described in the PSEORMP/FEIS. The PSEORMP/FEIS is based on adaptive management, which is a continuing process of planning, implementation, monitoring, and evaluation to adjust management strategies to meet goals and objectives of ecosystem management. The concept of adaptive management uses the latest scientific information, site-specific information/data, and professional judgement to select the

management strategy most likely to meet goals and objectives of the plan.

### National Park Service

#### 60 Day Notice of Intention To Request Clearance of Collection of Information; Opportunity for Public Comment

**AGENCY:** Department of the Interior, National Park Service, Yukon-Charley Rivers National Preserve.

**ACTION:** Notice and request for comments.

**SUMMARY:** The National Park Service (NPS) in conjunction with a natural resource protection council including members from the Air Force and a number of state and federal land management agencies is proposing in 2002 to conduct surveys of persons using selected Alaskan Military Operations Areas where Air Force training occurs. One of these surveys focuses on hunters who pursue big game animals. Hunters will be asked about their expectations concerning Air Force training and the impacts of reported overflights on their activities and experiences.

	Estimated numbers of	
	Responses	Burden hours
Alaskan Military Operations Areas: Big Game Hunter Survey .....	2604	1085

Under provisions of the Paperwork Reduction Act of 1995 and 5 CFR Part 1320, Reporting and Record Keeping Requirements, the National Park Service is soliciting comments on the need for gathering the information in the proposed surveys. The NPS also is asking for comments on the practical utility of the information being gathered; the accuracy of the burden hour estimate; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology.

The NPS goal in conducting these surveys is to assess the effectiveness of

current mitigation efforts in limiting impacts of Air Force training activity on human users of Alaskan Military Operations Areas.

**DATES:** Public comments will be accepted on or before January 4, 2001.

**SEND COMMENTS TO:** Darryll R. Johnson, USGS/BRD/FRESC/Cascadia Field Station, College of Forest Resources, Box 352100, University of Washington, Seattle, WA 98195-2100; or Mark E. Vande Kamp, USGS/BRD/FRESC/Cascadia Field Station, College of Forest Resources, Box 352100, University of Washington, Seattle, WA 98195-2100.

**FOR FURTHER INFORMATION CONTACT:** Darryll R. Johnson. Voice: 206-685-7404, Email: <darryllj@u.washington.edu>; Mark E. Vande Kamp. Voice: 206-543-0378, Email: <mevk@u.washington.edu>.

#### SUPPLEMENTARY INFORMATION:

*Titles:* Alaskan Military Operations Areas Big Game Hunter Survey.

*Bureau Form Number:* None.

*OMB Number:* To be requested.

*Expiration Date:* To be requested.

*Type of request:* Request for new clearance.

*Description of need:* The National Park Service (in conjunction with a natural resource protection council including members from the Air Force and a number of state and federal land management agencies) needs information to assess the effectiveness of current mitigation efforts in limiting impacts of Air Force training activity on human users of Alaskan Military Operations Areas.

*Automated data collection:* At the present time, there is no automated way to gather this information because it includes expectations and evaluations visitors associate with their experiences while hunting in Alaskan Military Operations Areas.

*Description of respondents:* A sample of individuals who hunted big game in Military Operations Areas.

*Estimated average number of respondents:* 2604.

*Estimated average number of responses:* Each respondent will respond only once to a mail questionnaire.

*Estimated average burden hours per response:* 25 minutes.

*Frequency of Response:* 1 mail survey per respondent.

*Estimated annual reporting burden:* 1085 hours.

Dated: August 12, 2001.

**Leonard E. Stowe,**

*Acting Information Collection Clearance Officer, WASO Administrative Program Center, National Park Service.*

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### Notice of Submission of Study Package to Office of Management and Budget; Opportunity for Public Comment

**AGENCY:** Department of the Interior, National Park Service, Urban and Adjacent Parks

**ACTION:** Notice and request for comments.

**ABSTRACT:** The National Park Service (NPS) is proposing in 2000 and 2001 to conduct surveys of persons living in the metropolitan areas of Boston, MA, Los Angeles, CA, Miami, FL, and New Orleans, LA where the following urban national parks are located: Boston African-American National Historic Site, Santa Monica Mountains National Recreation Area, Biscayne National Park, and Jean Lafitte National Historical Park and Preserve. In these surveys, persons will be asked about their knowledge of the urban national park located in their metropolitan area, and their familiarity with community outreach efforts that the urban national park has instituted.

**SUMMARY:** Under the provisions of the Paperwork Reduction Act of 1995 a 5 CFR part 1320, Reporting and Record Keeping Requirements, the NPS invites public comment on the proposed information request (ICR). Comments are invited on: (1) The need for the information, including whether the information has practical utility; (2) the accuracy of the reporting burden estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the information collection on respondents, including the use of automated collection techniques or other forms of information technology.

The NPS goal in conducting this survey is to assess the community outreach programs in selected urban national parks to determine the program's contributions toward improving rates of NPS urban parks visitation by selected user groups. The information gathered will be used to help the staff at NPS evaluate and

improve the outreach programs, including the educational programs they offer at the site and in the local community. The following study objectives have been identified:

- Determine the effectiveness of the parks' current outreach programs on the attitudes of people in the communities;
- Determine community awareness of visitor and ancillary services offered by the parks;
- Determine potential benefits of the park to the community;
- Determine the importance and value of the parks to community members.

There were no public comments received as a result of publishing in the **Federal Register** a 60-day notice of intention to request clearance of information collection for this survey.

**DATES:** Public comments will be accepted on or before December 5, 2001.

**SEND COMMENTS TO:** Office of Information and Regulatory Affairs of OMB, Attention Desk Officer for the Interior Department, Office of Management and Budget, Washington, DC 20503.

The OMB has up to 60 days to approve or disapprove the information collection, but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments within 30 days from the date listed at the top of this page of the **Federal Register**.

**FOR FURTHER INFORMATION OR A COPY OF THE STUDY PACKAGE SUBMITTED FOR OMB REVIEW, CONTACT:** Ronald Vogel: Voice: (225) 771-3103, e-mail: [ron@idsmail.com](mailto:ron@idsmail.com).

**SUPPLEMENTARY INFORMATION:** *Title:* NPS Urban and Adjacent Parks: Assessment and Development of Community Outreach.

*Bureau Form Number:* None.

*OMB Number:* To be requested.

*Expiration date:* To be requested.

*Type of Request:* Request for new clearance.

*Description of Need:* Description of need: The National Park Service needs information to assess the effectiveness of community outreach programs in reaching residents who live near urban national parks.

*Automated data collection:* At the present time, there is no automated way to gather this information because it includes asking residents for determinations on effectiveness and awareness of select programs developed by individual parks.

*Description of respondents:* Persons residing in the metropolitan areas of Boston, MA, Los Angeles, CA, Miami, FL and New Orleans.

*Estimated average number of respondents:* 400 (100 per above metropolitan area).

*Estimated average number of responses:* Each respondent will respond only one time, so the number of responses will be the same as the number of respondents.

*Estimated average burden hours per response:* 30 minutes.

*Frequency of response:* 1 time per respondent.

*Estimated annual reporting burden:* 125 hours.

Dated: August 27, 2001.

## DEPARTMENT OF THE INTERIOR

### National Park Service

#### Notice of Submission of Study Package to Office of Management and Budget; Opportunity for Public Comment

**AGENCY:** National Park Service, Department of the Interior, Golden Gate National Recreation Area.

**ACTION:** Notice and request for comments.

**ABSTRACT:** The National Park Service (NPS) is proposing to conduct survey interviews in year 2001 to identify the market viability and visitor trip planning interests in recreational ferry services accessing Golden Gate National Recreation Areas (GNRA) on San Francisco Bay. The results of these surveys will be used to develop alternative plans for a possible ferry service and forecast potential demand. Intercept and telephone interviews will be carried out at non-park sites (intercept interviews) and with those who possibly currently do not visit those destinations (telephone interviews).

	Estimated number of	
	Re-sponses	Burden hours
GGNRA Water shuttle Access Plan: Telephone Interviews (10 min. each) .....	1200	200
