Borg Warner Air/Fluid Systems Corporation, Water Valley, Mississippi; Notice of Affirmative Determination Regarding Application for Reconsideration

By letter of September 17, 2001, a petitioner requested administrative reconsideration of the Department of Labor's Notice of Negative Determination Regarding Eligibility to Apply for Worker Adjustment Assistance, applicable to workers of the subject firm. The denial notice was signed on June 8, 2001, and published in the **Federal Register** on June 27, 2001 (66 FR 34254).

The petitioner asserts that the layoffs pertaining to the original investigation are the direct result of cost cutting and

the anticipated reduced orders from the subject's major customer. The petitioner further asserts that the Department of Labor reviewed the wrong sales and production period.

Conclusion

After careful review of the application, I conclude that the claim is of sufficient weight to justify reconsideration of the Department of Labor's prior decision. The application is, therefore, granted.

Signed at Washington, DC, this 29th day of October, 2001.

Director, Division of Trade Adjustment Assistance.

Notice of Determinations Regarding Eligibility To Apply for Worker Adjustment Assistance and NAFTA Transitional Adjustment Assistance

In accordance with section 223 of the Trade Act of 1974, as amended, the Department of Labor herein presents summaries of determinations regarding eligibility to apply for trade adjustment assistance for workers (TA-W) issued during the period of October, 2001.

In order for an affirmative determination to be made and a certification of eligibility to apply for worker adjustment assistance to be issued, each of the group eligibility requirements of section 222 of the Act must be met.

(1) that a significant number of proportion of the workers in the workers' firm, or an

appropriate subdivision thereof, have become totally or partially separated,

(2) that sales or production, or both, of the firm or subdivision have decreased absolutely, and

(3) that increases of imports of articles like or directly competitive with articles produced by the firm or appropriate subdivision have contributed importantly to the separations, or threat thereof, and to the absolute decline in sales or production.

Negative Determinations for Worker Adjustment Assistance

In each of the following cases the investigation revealed that criterion (3) has not been met. A survey of customers indicated that increased imports did not contribute importantly to worker separations at the firm.

In the following cases, the investigation revealed that the criteria for eligibility have not been met for the reasons specified.

Increased imports did not contribute importantly to worker separation at the firm.

TA-W-40,196; *Motorola, Atlanta Order Fulfillment Center & Consumer Products Div., Suwanee, GA*

TA-W-39,784; *Elcom, Inc., El Paso, TX*
