*Title:* Native American Tribal Insignia Database.

*Form Number(s):* None.

*Agency Approval Number:* 0651-00XX.

*Type of Request:* New Collection.

*Burden:* 74 hours annually.

*Number of Respondents:* 400 responses per year.

*Avg. Hours Per Response:* The USPTO estimates that it will take the public approximately 10 minutes to gather information, prepare, and submit a request to record an official insignia for a federally-recognized Native American tribe and 12 minutes to gather information, prepare, and submit a request to record an official insignia for a state-recognized Native American tribe.

*Needs and Uses:* This collection of information supports the establishment of a comprehensive database containing the official insignia of federally- and state-recognized Native American tribes. The database is being created following the USPTO's completion of a study and report to the Judiciary Committees of the United States Senate and House of Representatives concerning the protection of the official insignia of recognized tribes. The report recommended the creation of a database containing the official insignia of all federally- and state-recognized Native American tribes, and the Senate Appropriations Committee directed the USPTO to comply with this recommendation. The public uses this collection to request entry of the official insignia of their recognized Native American tribe into the USPTO database of official tribal insignia. The USPTO uses the information collected from the public to determine whether a trademark for which registration is sought may be similar to an official insignia of a Native American tribe, as evidence of what a Native American tribe considers to be its official insignia and address for correspondence, and to maintain a public search library.

*Affected Public:* Tribal governments.

*Frequency:* On occasion.

*Respondent's Obligation:* Required to obtain or retain benefits.
